I was travelling south on highway 9 coming up on the intersection with 20th street when I needed to change lanes. I turned on my turn signal and checked to see if there was anyone in my blind spot, also checking my side mirror. I head a honk from behind me, but I was already completely in the lane, Then i heard another honk and ~~and~~ I felt a car nudge the rear passenger side of my car approximately 3 car lengths from the red light in front of us while I was already in my lane and the car behind me was half way between my lane and the turn lane, like he was in the turn lane trying to get into my lane. We both stopped in that position at the light until the police arrived.

About 3:30 1-14-15 I was driving So. on 9 & prior to light at SR 9 & 20th I put blinker on & went into the right (middle not turn) lane. About 60' before the red light the corolla driver in the lane to my left changed lanes in to my car. I had honked but the driver said he didn't see me.
