REPORT NO.	E392299	CASE #	15-00135	DATE AND TIME OF COLLISION	01/14/15 15:50

NARRATIVE

On 01/14/2015 at about 1552 hours (all times approximate) I was patrolling by the intersection of Market Place NE and 91st Ave NE, in the city of Lake Stevens, when I came upon a two vehicle collision that had just occurred at the intersection.
I contacted both drivers and a witness.
Based on evidence and statements made at the scene it is found that U2 entered the intersection of Market Place and 91st Ave NE traveling southbound on 91st Ave while facing a solid green light. U1 entered the same intersection while traveling westbound on Market Place while facing a solid red light. U1 struck the forward driver's side of U2 with the front of U1. Both vehicles had moved out of the intersection to the southwest corner of the intersection.
The driver of U2 claimed she was facing a green light when she entered the intersection.
The witness claimed she was in the left turn lane next to U2 on southbound 91st Ave NE at Market Place and observed they (U2 and witness) had the green light to go and when U2 entered the intersection, on a green light, U1 struck U2. The witness claimed U2 ran the red light.
The driver of U1 claimed she was distracted by the sun being in her eyes and that she was also distracted by looking at a rear view mirror to see her daughter in the back of the vehicle who was asking her to look at her glasses. The driver of U1 did not recall the color of her traffic light and mentioned that she has heard collisions only take a second and now she agrees it only takes a second for a collision to happen.
The driver of U2 stated she entered the intersection while facing a red light and was struck by U1 in the intersection.
The driver of U2 declined an aid car but claimed she was sore (neck and back).
U2 was towed from the scene by Rescue Towing at the owner's request and choice (no LE impound or forms).
The driver of U1 was going to drive her vehicle from the scene once her husband came to the scene with a crowbar to pull the fender away from the front passenger side tire.
I obtained the witnesses statement and took digital images of the vehicles and intersection.
The driver of U1 was cited for entering the intersection while facing a solid red light resulting in a vehicle collision.
