I was pulling into turn by round about and rearended a vehicle. I was not distracted but just somehow hit the back of his car. He was kinda quiet and I offered insurance but he said he didn't want to deal with police or insurance. He only said that one thing after I offered insurance several times. He tested his trunk and paint and told me to just take care of myself. Like I mentioned he didn't reply to my apologies or offers to get my insurance information.
