at approx 4:35 PM I was Traveling EAST Bound on 20th st SE. I Had Just Began to cross the Intersection of 20th st SE + 79th Ave SE when I heard the sound of screeching Tires Behind me. I Looked IN the Rear View Mirror And saw a Late 90s early 2000s grey in color Honda accord coming at a High Rate of speed Behind me, on a Blind hill and the car Directly Behind me. It appeared that the Driver of the Honda was Distracted Not Looking up when I Looked in my Rear View Mirror (2015 Scion) his Head was Down And to the Right. I had a clear feild of vision from my Rear View Because the Driver Directly Behind me (2015 Scion) was slightly off center. upon impact of the Honda and the Scion I Atempted to move to the Right But was Rear ended By the Scion after He was Hit By the Honda. The Honda Driver was traveling incredably fast And Could Not Brake appropriately. My Rate of speed was approx 25-35 after the Stop Light.

I was on my way home from work heading east on 20th st when I came up to the intersection of 79th + 20th SE. I was looking to my left down 79th Ave because I was informed that it also leads to my house, since I am new to the area, when all of a sudden I looked forward and noticed a Scion suddenly stop in front of me. I slammed on my brakes and tried to avoid hitting him but my vehicle continued to slide and I rear ended him. Thus causing his car to bump the car ahead of him. We all pulled over to the side after the accident and I got off and asked if everybody was ok.
