OFFICER: W. Aukerman #72-Lake Stevens Police

I am a fully commissioned police officer, certified by the State of Washington to enforce the laws of Washington State and am currently commissioned by the Police Chief of the Lake Stevens Police Department. I have been a city of Lake Stevens Police Department Police Officer for 16 years. I have been trained to the level of being a technical collision investigator.

This incident occurred in the city of Lake Stevens, which is located in Snohomish County in the State of Washington.

NARRATIVE:

On 01/01/2016 at about 1210 hours (all times approximate) David Johnson called 911 from his residence at 3207 Lake Drive, in the city of Lake Stevens, to report a cold hit and run vehicle collision that had occurred sometime between 12/23 and 12/24 which had caused damage to two of his vehicles; a 2006 Lincoln Navigator and a 1996 Chevrolet Camaro.

I met with Johnson at his residence where he showed me the damage to both of his vehicles. Johnson stated both vehicles had been parked along the east shoulder of northbound Lake Drive in front of his residence at the time of the collision and at the time of the collision the vehicles were about 33 feet apart (the Navigator being behind the Camaro).

It is believed that a vehicle traveling northbound on Lake Drive had struck the driver's side mirror of Johnson's Navigator which then sent the mirror portion (not the mirror housing) forward about 33 feet where the mirror struck the back of his Camaro.

Johnson pointed out a paint chip around the driver's side rear tire; believing this also may be new damage. Looking at the area which Johnson was pointing out (wheel flare) I observed a chip of paint missing and bubbled paint. Looking at the vehicle closer it became apparent that this vehicle had been painted (painting over the original paint) and that the newer paint had not adhered to the older paint (causing bubbling).

Johnson pointed out the front bumper and how the spacing between the bumper, hood and quarter panel were different from the passenger side to the driver's side; believing this also may be new damage. Looking at the area which Johnson was pointing out, and believing that only the driver's door mirror had been struck by a passing vehicle, I concluded the spacing difference is as a result of the vehicle having been repaired before.

The only damage I could conclude was associated with the vehicle mirror strike was that of the Navigator's door mirror, small dent in the driver's door A-frame (where the mirror may have struck the driver's door forward of the mirror) and the damage to the Camaro by the mirror from the Navigator.

I provided Johnson with my business card, case number and informed him of my conclusion of vehicle damage as a result of the mirror strike.

At this time there are no leads to investigate to identify a possible suspect.

END OF REPORT.

I CERTIFY UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT I HAVE COMPLETED THIS NARRATIVE ON THE DATE AND AT THE LOCATION LISTED BELOW, AND I AM ENTERING MY AUTHORIZED USER ID AND PASSWORD TO AUTHENTICATE IT.

NARRATIVE

On 01/01/2016 at about 1210 hours (all times approximate) David Johnson called 911 from his residence at 3207 Lake Drive NE, in the city of Lake Stevens, to report a cold hit and run vehicle collision that had occurred on 12/23-24 which involved damage to two of his vehicles. I met with Johnson at his residence. Based on evidence at the scene it is believed a northbound vehicle on Lake Drive had struck the driver's side door mirror of Johnson's vehicle (06 Navigator-breaking the mirror) and then sending the mirror forward about 33 feet where the mirror struck the back of Johnson's other vehicle (96 Camaro). At this time there are no further leads to investigate in locating a possible suspect vehicle.
