2010 Budget**

**Budget Message**

November 21, 2009

Honorable Council President Neal Dooley and City Council members, City of Lake Stevens, Lake Stevens, Washington

Dear Council President Dooley and City Council members

I am pleased to present you with the City's recommended budget for 2010.

### General Fund

The General Fund is balanced. We have been challenged financially due to the current economic conditions. In the current economic environment, we are anticipating reductions in sales tax and building permit revenues.

We are also faced with governmental mandates and obligatory expenses such as planning mandates passed by the Legislature and capital and maintenance expenses for emergency communications. Our duty is to manage these expenses wisely, within the resources made available under our state's municipal financing system.

In this fiscal environment, department requests were limited and based on the principle that if it was not a necessity, it was not to be included in the request. New expense requests totaled \$1,096,858 in the general fund. Regardless, and in order to deliver a balanced budget to you, I am including just \$856,735 of these requests. This includes a transfer to the street fund of \$500,000 for the roundabout project.

Our priorities this year are to continue to maintain the high quality of services provided by city staff, streamline processes, update high priority city codes, focus on economic development for the future, and to continue construction of the new roundabout and sidewalks to improve the quality of life for the residents of Lake Stevens.

Quality development will provide a path to greater financial stability. The solution to our current financial dilemma is to continue to identify and promote economic development opportunities to broaden our tax base.

### Street Fund

The purpose of the street fund is to maintain existing streets, build new streets, and if necessary, rebuild existing ones.

Historically, the Street Fund has received 50% of the B&O Electric tax revenues. The share of the B&O Electric tax revenues will remain at 50% in this year's budget for the Street Fund. The Street Fund's share of Property tax collections will be increased from 24% to 28% for 2010 as was prior to 2009.

Capital Projects include the finishing the installation of new sidewalks, construction of a new roundabout, and a feasibility study for the State Route 9 and the entrance to Frontier Village shopping center.

There are other vital projects, which are in the planning stages and thus, have not been included in the budget. We will discuss the various projects and related costs to identify those that are of highest priority to ensure there are adequate funds available.

## **Enterprise Funds**

### Surface Water Fund

The purpose of the Storm Water Fund is to provide for maintenance and operation of our storm water drainage system. This includes a share of the Lake Stevens Aerator in partnership with Snohomish County.

Projects include the repair of a storm line in old Downtown and \$20,000 to be paid toward a facility for storing public works heavy equipment. In addition, NPDES requirements to meet specific benchmarks for water quality must be met. These requirements include meeting outreach, education, and testing of water quality.

### Sewer Fund

The Sewer Fund was transferred to the Lake Stevens Sewer district in June of 2005. The City maintains an ongoing relationship with the sewer district and consults with the District on a wide array of issues. The City also makes debt service payments on sewer bonds and Public Works Trust Fund Loans, which are reimbursed by the Sewer District.

## **Conclusion**

We are challenged with increasing demands on our tax base but we are rising to the challenge. We are accomplishing a great deal. In December 2009, the City will annex an area with a population of over 10,000. The final budget will include revenues and expenditures related to the Southwest Annexation. This City is well managed and our staff is highly motivated. We will continue to use our best talents to put our scarce resources to their best use.

Respectfully submitted,

Vern Little, Mayor

CITY OF LAKE STEVENS  
LAKE STEVENS, WASHINGTON

ORDINANCE NO. 818

AN ORDINANCE ADOPTING THE BUDGET FOR THE CITY OF LAKE STEVENS,  
WASHINGTON, FOR THE CALENDAR YEAR ENDING DECEMBER 31, 2010

WHEREAS, the Mayor of the City of Lake Stevens, Washington completed and placed on file with the City Clerk a proposed budget and estimate of the amount of the moneys required to meet the public expenses including salaries and benefits of City employees, bond retirement and interest, reserve funds and expenses of government of said City for the fiscal year ending December 31, 2010, and a notice was published that the Council of said City would meet for the purpose of making a budget for said fiscal year and giving taxpayers within the limits of said City an opportunity to be heard upon said budget, and

WHEREAS, the said City Council did meet at said time and place and did then consider the matter of said proposed budget; and

WHEREAS, notices were published in the official newspaper of the City, that the Council of said City would meet on the 9th day of November, the 23rd day of November and 30th day of November, 2009, at the hour of 7:00 P.M., at the City Council Chambers in the Lake Stevens School District Educational Service Center of said City for the purpose of receiving public testimony in a public hearing as to the matter of said proposed budget; and

WHEREAS, the said City Council did meet at said dates, times, and place and did receive public testimony during a public hearing as to the matter of said proposed budget; and

WHEREAS, the said proposed budget does not exceed the lawful limit of taxation allowed by law to be levied on the property within the City of Lake Stevens for the purposes set forth in said budget, and the estimated expenditures set forth in said budget being all necessary to carry on the government of said City for said year and being sufficient to meet the various needs of said City during said period.

NOW, THEREFORE, the City Council of the City of Lake Stevens do ordain as follows:

Section 1. The budget for the City of Lake Stevens, Washington, for the year 2010 is hereby adopted in its final form and content as set forth in the document entitled City of Lake Stevens 2010 Annual Budget, 1 copy of which are on file in the Office of the Clerk.

Section 2. Totals for all such funds combined, for the year 2010 are set forth in summary form below, and are hereby appropriated for expenditure during the year 2010 as set forth below:

Fund #	Fund Name	Estimated			
		Beg. Bal.	Resources	Expenditures	End. Bal.
001	General	\$1,355,953	\$8,756,005	\$9,235,893	\$876,065

# City of Lake Stevens 2010 Budget

## About the Budget and the Budget Process

# About the Budget and the Budget Process

## What?

The budget includes the financial planning and legal authority to obligate public funds. Additionally, the budget provides significant policy direction from the City Council to the Mayor, City staff and the community. As a result, the City Council, Mayor, staff, and public are involved in establishing the budget for the City of Lake Stevens.

The budget provides four functions:

### 1. A Policy Document

The budget functions as a policy document in that the decisions made within the budget are designed to "reflect the Major Themes & Policies that guide the actions taken for the future." As a policy document, the budget makes specific attempts to link desired themes and policy direction to the actual day-to-day activities of the City staff.

### 2. An Operational Tool

The budget details all of the operations of the City. Activities of each City function and organization have been planned, debated, formalized, and described in the following sections. This process will help to maintain an understanding of the various operations of the City and how they relate to each other and to the attainment of the Major Themes & Policy issues of the City Council.

### 3. A Link With the General Public

The budget provides a unique opportunity to allow and encourage public review of City operations. The budget describes the activities of the City, the reason or cause for those activities, future implications, and the direct relationship to the citizenry.

### 4. A Legally Required Financial Planning Tool

The budget is a financial planning tool, which has been its most traditional use. In this light, the budget is a State law requirement of all cities, as stated in Title 35A RCW. The budget must be adopted as a balanced budget and must be in place prior to the expenditure of any City funds. The budget is the legal authority to expend public monies and controls those expenditures by limiting the amount of the appropriation at the fund level. The revenues of the City are estimated, along with available cash carry-forward, to indicate funds available. The staff's requests for appropriations comprise the disbursement side of the preliminary budget.

## Why?

The budget is a requirement of State law. The budget, as adopted, constitutes the legal authority for expenditures. The City's budget is adopted at the fund level so expenditures may not legally exceed appropriations at that level of detail.

But more than that, the budget process affords both an interesting and challenging opportunity to reassess plans or legislative policies and the means for accomplishing them. It's through this effort that the budget becomes the single most important policy document produced each year. Much effort is expended to ensure the budget plan will achieve the Major Themes & Policies of the City Council.

## **How?**

### **The Budget Process**

Determining Budget Themes and Policies - The Budget process for the City of Lake Stevens is, in some respects, an on-going, year-round activity. This is especially true with the ECB process. The formal budget planning begins in the summer, with discussions between the Mayor, City Administrator, departments, and the City Council about status of on-going programs, and new policies and objectives for the future which result from the legislative retreat and priority setting process.

### **Reporting and Monitoring**

The budget and its policies are implemented through the individual departments and the accounting controls of the Finance Department. The budget is monitored by a reporting system consisting of monthly reports to the department heads. Financial reports are issued by the Finance Department which compare actual expenditures and revenues with the budget. In these reports, financial data is presented at the same level of detail as the final budget. Financial reports are submitted to the City Council monthly and reported in summary on a quarterly basis.

### **Staff Planning and Preparation**

Budget preparation actually begins in late spring and early summer with the completion and Council's subsequent adoption of the six-year financial forecast. Then typically in July, the budget process kicks off with the budget call letter which requests all department heads to complete their departmental expenditure requests.

### **Major Funds of the Budget**

The City's budget and accounting structure uses funds as a means to collect and record all the revenues and expenditures associated with different departments, areas of service, grants, and other projects. There are three primary funds utilized to track a majority of the City's activities. The first is the General Fund which is responsible for a majority of all departments and general operations of the City. The second fund is the Street Fund which supports a variety of activities associated with building, maintaining, and planning for the City's transportation network. The third fund is the Storm and Surface Water Fund which provides maintenance and operations of the City's storm drainage system and aerator.

### **Preliminary Budget**

In September the budget is ready for the Mayor and City Administrator's review. The preliminary budget is prepared and available for City Council and citizen review. The Council holds formal hearings on the preliminary budget and conducts a series of workshops to examine the budget in detail during October and November. Final action on the budget usually occurs in early December.

## **Final Budget**

The final budget is issued as a formal published document in the same format as the preliminary budget, but as modified by the City Council. The actual appropriations implementing and amending the budget are contained in the budget ordinance adopted by the City Council.

## **Amending the Budget**

The budget can be amended at anytime during the budget year. If the amendment consists of just the movement or adjustment of budget within a single fund without increasing or decreasing the budget grand total for that fund, it may be adjusted with just administrative approval. However if the amendment changes the grand total for that fund or creates or deletes a fund, the amendment must be approved by the city council in the form a budget amendment ordinance.

**City of Lake Stevens  
2010 Budget**

**Budget Themes  
and  
Policies**

## **MAJOR BUDGET THEMES & POLICIES OF LAKE STEVENS** **CITY GOVERNMENT**

The City of Lake Stevens' elected officials and staff have together articulated a set of values and expectations of City government: the Major Themes & Policies. It is these themes and their supporting policies which set the course for Lake Stevens well into the future. The City's Budget Process utilizes the Themes & Policies to ensure that the community's service goals are supported by the budget process.

Readers are invited to review the departments' 2010 major objectives which are located within the "Adopted Budget" Section of this document. The major objectives of each department are described there and coded to identify the Major Themes and Policies to which they relate.

### **THEME: A. CERTAINTY OF BASIC MUNICIPAL SERVICES**

***Basic municipal services are characterized by consistent high quality, dependability, responsiveness, and customer satisfaction.***

#### **POLICIES:**

Leadership -- Continue to provide effective and efficient leadership for all municipal services to deliver the best service possible.

Personnel Resources -- Ensure that sufficient and qualified staff resources are available to maintain current levels of service.

Legislative Retreat -- Continue to conduct an annual legislative retreat to develop and prioritize City goals, policies, and directives for the ensuing year.

Police Service -- Provide for 24 hour police protection for basic law enforcement functions and provide police services that meet professional standards resulting in the citizen's perception that the City is safe and Police are responsive.

Public Safety -- Provide crime prevention and life safety/ inspection services.

Comprehensive Plan Update Processing -- Annually review Comprehensive Plan policies and plans for effectiveness; revise as needed. Process privately requested Comprehensive Plan amendments.

Operational Standards -- Continue to update and improve City codes, policies, and practices necessary to provide basic municipal services which are high quality, dependable, consistent, and responsive to community needs and in compliance with state and federal law.

Customer Satisfaction -- Continue the City's customer focus orientation in all services provided that results in citizen feedback of responsiveness to their concerns.

Sewer Capacity -- Continue to work with the Lake Stevens Sewer District to provide for the acquisition of sufficient sewer hook-ups to support build-out within the City.

Capital Improvements -- Acknowledge, schedule and budget for the Six-Year Schedule of Improvement of the Capital Facilities element of the Comprehensive Plan and other capital improvements as required.

Review and Amend Land Use Code (as needed) -- The Growth Management Act requires that the City's Land Use Code be consistent with its Comprehensive Plan.

Parks – Continued updating City and UGA needs study.

Street Addresses -- Coordinate needed changes with local emergency service providers and the U.S. Post Office. All changes should include an evaluation of the economic impacts to the City and the individual citizens involved.

Code Enforcement -- Provide education and enforcement of to enhance the quality of life in the city.

## THEME: SENSE OF COMMUNITY

*The places where people live, do business, and play should be safe, friendly, and supportive. The City will attend to the well-being of its citizens and families. All citizens should feel "connected" to the community, its government and its lasting institutions.*

### POLICIES:

Aquafest -- Be a full partner in the celebration and contribute to its success.

Gang Prevention - Support the Interlocal Youth Gangs Taskforce through funding and participation in community sponsored alternatives to youth violence. Be vigilant to problems and pro-active in enforcement.

Urban Design -- Update the Urban Design Guidelines to more precisely fit the City and the UGA.

Phased Annexation Plan -- Continue with the implementation of the phased annexation plan prioritizing lands for annexation that require urban services in accordance with the Growth Management Act, City's Capital Facilities Plan and fiscal impact analysis.

Annexation Fiscal/Service Impact Study -- Supplement/update the City's analysis with an annexation impact study.

Implement GMA -- Manage the City Comprehensive Plan and adopt Urban Growth Area Comprehensive Plan, provide staff to Growth Management Coordinating Committee and develop population/employment monitoring plan.

Park/Trail Safety -- Provide for police patrol of City Parks and Trails.

Senior Citizens -- Continue to support and promote the City's senior citizens and their activities through the provision of facilities (Senior Center) and other associated costs (maintenance and utilities).

Historic Preservation -- Prepare a strategy to identify and manage historic and prehistoric sites, and facilitate the preservation and interpretation of historic buildings.

Downtown Development -- Assist in in-filling downtown with viable businesses applying a historic flavor.

Special Districts -- Develop clear policies and positive partnerships with special districts serving the Lake Stevens community to improve the overall public service system.

City Entrances -- Sign and beautify the City's major entrances.

## THEME: RESPECTED AND PROTECTED NATURAL ENVIRONMENT

***Lake Stevens wetlands, trees, open spaces, and other important features of its natural environment are to be protected.***

### POLICIES:

Lake Restoration --The City will continue with its efforts to manage and implement the Lake Restoration Program and to continue to work with Snohomish County to improve water quality in the lake and its tributary drainages.

Alternative Energy Sources -- The City will facilitate the conversion to cost-effective and environmentally sensitive alternative technologies and energy sources.

Recycling -- Maintain and expand reduction, re-use, and recycling programs in the City; and support local, regional, state, federal, and private programs aimed at reduction, re-use, and recycling of natural resources.

Drainage Regulations -- Meet NPDES requirements and benchmarks for water quality. Keep current the adopted storm water control ordinance requiring best management practices for storm water control, addressing such issues as detention, release, erosion and siltation, etc.

## THEME: LIMITED FINANCIAL RISK

***Lake Stevens city government will maintain conservative fiscal policies which guide decisions on revenue, investment and expenditures of city funds, and maintain adequate reserves to support consistent city services regardless of economic fluctuations.***

### POLICIES:

Financial Reporting -- Provide reliable financial information through financial reporting and fiscal controls.

Financial Plan -- Maintain a policy-based six year financial plan of projected revenues and expenditures for major operating and capital funds.

Grants Management -- Maintain sound fiscal management of grants to ensure compliance with all federal and state grant requirements and to ensure that grant reimbursement funds are obtained promptly to maximum investment potential.

20-Year CIP and 6-Year TIP -- The City shall continue to adopt an annual budget and a six-year capital improvement program as part of its budgeting process.

Debt Management -- Debt shall be managed so that City general obligation debt will not exceed debt limitations set by law and the City's ability to pay. There are no limits placed on revenue bonds other than the ability to pay.

## THEME: MAXIMIZE EFFICIENCY OF CITY OPERATIONS

***City resources are to be used wisely and carefully. City government shall continuously seek opportunities to improve service and maintain high quality and efficiency.***

### **POLICIES:**

Budget System -- Implement, manage, improve, and continually evaluate the City's budget performance to maintain expenditures within the City's revenue base.

Actively Pursue Grants -- Efforts shall be made to secure grants or private funds, whenever available, to finance the provision of capital improvements.

Continuing Efficiency -- Strive to maintain efficiency in the provision of City government services through continual evaluation and improvement of administrative, technical, and personnel procedures and practices, as well as the Lake Stevens Municipal Code.

Salary -- Devote adequate funds to ensure competitive salaries and benefits so trained and competent employees will remain with the City, ensuring expertise and continuity in service delivery.

Continuing Education -- Ensure that elected officials, appointed commissioners, and staff maintain and/or improve their levels of expertise through continued education, development, and peer consultation.

Staff and Equipment Management -- Ensure that City Hall remains technologically advanced in order to provide the best service possible and minimize the need for additional staff.

Computer Networks -- Maintain the City Hall computer network to continue to allow for more efficient exchange of information between departments and between the City and its customers.

Civic Center Improvements -- Continue efforts to complete the planning process and implement a new Civic Center vision including an expanded library facility, park improvements and the future City Hall.

Update CIP -- Plan and budget capital improvements to correct existing deficiencies, to replace worn out or obsolete facilities and to accommodate desired future growth, as identified within the Comprehensive Plan.

Review of Developer Submittals -- Appropriate funding mechanisms for development's contribution of a fair share of public facility improvements (such as recreation, drainage and solid waste) will be considered for implementation as they are developed by the City.

Streamline Permit Process -- Monitor our permit approval procedures to ensure we have the most streamlined and efficient process possible.

## THEME: REGIONAL COOPERATION

***Lake Stevens shall seek to coordinate and cooperate with other jurisdictions to address shared concerns, meet mutual needs, and to deliver services and manage operations with maximum efficiency.***

### **POLICIES:**

Interagency and Utility Coordination -- In order to expand services to the citizens of Lake Stevens in a fiscally responsible manner, coordinate the construction of new utilities with existing facilities and land use designations, and provide for appropriate mitigation charges and assessments, the City shall continue with interagency cooperation, including the sharing of personnel, facilities and resources whenever possible. The Comprehensive Plan lists policies regarding coordination, cooperation, joint review of projects, and mitigation with regional agencies, utilities and with the Lake Stevens School District, Lake Stevens Sewer District, and Lake Stevens Fire.

Transportation Coordination -- The City will continue to coordinate with Puget Sound Regional Council and all other agencies and neighboring jurisdictions involved with public transportation, whether they be bus, HOV lanes, light rail, heavy rail, ride sharing, van pooling, or other forms, to identify what is of best use to the citizens of the City and participate in those ventures and proposals which are of general, and/or specific, benefit to the citizens of the City.

## THEME: MAINTAIN/IMPROVE CITY FACILITIES & INFRASTRUCTURE

*The City will seek to maintain and improve its facilities and infrastructure to support the existing population as well as to provide for managed growth.*

### POLICIES:

Prioritizing Capital Improvements -- Proposed capital improvement projects shall be evaluated and prioritized using all the following criteria:

- a. elimination of public hazards;
- b. whether the project is needed to correct existing deficiencies, replace needed facilities, or to provide facilities needed for future growth;
- c. elimination of capacity deficits;
- d. financial feasibility;
- e. site needs based on projected growth patterns;
- f. environmental impacts;
- g. new development and redevelopment;
- h. plans of state agencies;
- i. local budget impact including costs for operation and maintenance.

Pursue Capital Construction -- Continue to prioritize and construct those projects listed within the Capital Facilities Plan.

Transportation Plan -- Provide safe, convenient and efficient transportation for all residents and visitors to the City. This will include improvements to existing facilities as well as extensions of transportation to new developments. The Comprehensive Plan lists policies requiring studies and reports of transportation details, specifically for:

- a. annually updating the transportation element of the Comprehensive Plan;
- b. a transportation plan for the central business district, including access to and movement within the district for both motorized and non-motorized traffic;
- c. improve and encourage the use of the truck route through the industrial area;

Transit Coordination -- Continue to work with Community Transit to identify the best routes, stops and scheduling to best serve the community, encourage use and maximize the efficiency of public transportation and identify and develop car pool, van pool, and park and ride facilities to best accommodate City residents and encourage ride sharing and use of public transportation.

Municipal Code Revisions -- The City will continue to review the Municipal Code and propose revisions to the language and references therein to be consistent with the language and references in the Transportation Element of the Comprehensive Plan.

Impact Fee Management -- Keep transportation improvement cost estimates current to collect appropriate shares from developers and users as established.

Infrastructure Maintenance Regulations -- The City shall review and amend existing regulations as necessary, including the critical areas ordinance, to allow maintenance, repair, installation and replacement of utilities.

Financing Options -- The City will investigate alternative methods of obtaining financing for transportation improvements, including: creating a street utility district, local option taxes, bonding, Local Improvement Districts, combining efforts with other agencies, investigate all

possible grant and loan opportunities such as the Public Works Trust Fund, Intermodal Surface Transportation Efficiency Act funding, and interlocal agreements for mitigation costs with Snohomish County.

Sidewalks -- Where appropriate, the City will install or cause to be installed, budget permitting, new sidewalks on existing City streets considered by the City to be high priority areas and adopt sidewalk regulations consistent with state guidelines for the maintenance and responsibility of sidewalks and planting strips by adjacent property owners.

Streets/Pavement Management Program -- Monitor, maintain and repair all City streets in conformance with a pavement management program set up to establish priorities, scopes and estimate improvement costs.

### **THEME: ECONOMIC VITALITY**

***The City will work in partnership with citizens, business leaders and community agencies to create and maintain steady, sustainable economic growth which enhances and supports the community.***

#### **POLICIES:**

Main Street Program -- Continue to encourage the Lake Stevens businesses, in partnership with the City, to sponsor, support, and implement a Main Street Program.

Economic Development Program -- The City should develop an economic development program in coordination with the Snohomish Economic Development Council, and Lake Stevens businesses to retain existing business as well as attract new businesses.

Informed Business Community -- Improve communications with commercial/industrial businesses by holding periodic round-table discussions and involvement for regulatory code changes affecting business community.

**REVENUE SUMMARY  
ADOPTED 2010 BUDGET**

GENERAL FUND REVENUES

The General Fund provides general purpose governmental services to the citizens. The fund is used to account for all financial resources except those that must be accounted for in special revenue funds.

Major Revenue Sources:

The 2009 General Fund revenues of \$7,351,450 are \$462,909 more than received in 2008.

Anticipated major revenue sources are: Taxes (69%), Licenses and Permits (7%), Intergovernmental Revenue (8%), Charges for Services (4%), Fines and Forfeitures (5%), miscellaneous revenues (1%), and Non-revenues (6%).

GENERAL FUND REVENUE BY SOURCE

	<u>2009 Actual</u>	<u>%</u>	<u>2010 Budget</u>	<u>%</u>
Taxes	\$5,472,944	74%	\$6,061,501	69%
Licenses & Permits	\$811,097	11%	\$588,477	7%

**GENERAL FUND REVENUE ANALYSIS**

The City's General Fund receives a wide variety of revenue. This section of the budget will discuss the key factors affecting the revenue for the next year.

TAX REVENUES

The bulk of the tax revenue is in three categories; property taxes, sales taxes, and utility taxes.

Property Tax - Regular Levy

The City's property tax is levied based on the full cash value of property from the previous January 1, as determined by the Snohomish County Assessor's Office. The office of the Snohomish County Treasurer is responsible for both billing and collecting all property taxes. All real and personal property is subject to such taxation, except that which is specifically exempted, such as property owned by federal, state, and local governments.

Assessed values are established by the County Auditor at 100% of the fair market value and adjusted each year, based on market value changes. A physical verification of each property is made at least once every four years and the estimated assessed value is then changed to reflect the physical verification.

The Snohomish County Assessor conducts annual reassessments of the property located within the City. The reassessment decreased the City's 2010 property value by approximately 9% percent from the previous year's assessment. This, however, does not mean that property taxes changed by the same percentage. There are two considerations in estimating property taxes, after adjustments for new construction.

- The "101% limitation" came from Initiative 747 approved by the voters in 2001. I-747 limits the City's ability to increase its previous levy amount each year by 1% or CPI whichever is lower until it reaches the statutory tax rate limit of \$3.60 per \$1,000 of assessed value. The legislative body may declare a substantial need, in which case the City may levy more than CPI, up to 101% of the previous year's levy amount.
- The Washington State Constitution limits the total regular property taxes to one percent assessed valuation, or \$10 per \$1,000 of assessed value, of which the City may levy up to \$3.60 per \$1,000 of assessed value. If a city belongs to a library, fire or other junior taxing district, the City's \$3.60 tax levy is reduced by the amount of the junior taxing districts' levy rates.

The following table shows the regular property tax levy and its distribution.

**Property Tax Distribution - Regular Levy**

	<u>2007</u>	<u>2008</u>	<u>2009</u>	<u>2010</u>	<u>2010 % of Allocation</u>
General Fund	\$1,078,618	\$1,727,706	\$1,835,839	\$1,874,774	72.00%
<u>Street Fund</u>	<u>\$1,013,334</u>	<u>\$671,886</u>	<u>\$579,739</u>	<u>\$729,079</u>	<u>28.00%</u>
Total	\$2,091,952	\$2,399,592	\$2,415,578	\$2,603,853	100.00%

The 2010 property tax distribution between the General and Street Fund is 72% and 28% respectively.

Sales and Use Tax

Sales tax was the largest source of revenue in the General Fund, accounting for 30 percent of total general fund revenues and 40 percent of all general fund taxes in 2009. Sales tax receipts estimates for 2010 include the same level for the "Old Town" and Frontier Village as received in 2009 and also include sales tax receipts for the Southwest annexation area that will begin in the third quarter of 2010.

The current rate of sales tax in Lake Stevens is 8.6 percent. The taxable base includes all retail sales of personal property to state residents except food products consumed off the premises and prescription drugs.

Sales taxes are remitted by the retailers to the Department of Revenue by the 20th of each month (for monthly taxpayers). The department distributes that money to local governments on the last day of the following month.

The following table depicts sales tax revenue and % of change for the years 2000 to 2010 with 2010 reflecting the budgeted amount.

#### Sales Tax Revenues

Year	Sales Tax	% Change
2000	\$608,174	8%
2001	\$491,736	-19%
2002	\$481,416	-2%
2003	\$577,816	20%
2004	\$565,573	-2%
2005	\$597,693	6%
2006	\$702,030	17%
2007	\$1,604,490	129%
2008	\$2,049,348	28%
2009	\$2,177,383	6%
2010	\$2,084,700	-4%

#### Criminal Justice Sales Tax

In September of 1990, the voters of Snohomish County approved an additional one-tenth of one-percent sales tax effective November 1990. All counties are authorized to levy this tax, subject to repeal by referendum. The revenues from this tax are dedicated exclusively for criminal justice purposes, with an emphasis on drug enforcement and crime prevention.

#### UTILITY TAXES

Utility taxes are levied on the gross operating revenue that private utilities earn from operations within the boundaries of the City. These utilities include electric, natural gas, and telephone. The City levies a 5 percent rate on electric and natural gas, and a 6 percent rate on telephone. Included in this section of taxes is the 5 percent cable television franchise fee.

#### PERMITS AND LICENSES

The City issues business licenses to all businesses operating within the City limits. The annual fee for a regular business is \$25. The City is estimating a slight increase in this area.

The City also requires regulatory licenses for the privilege of engaging in certain trades, occupations, and other activities. The businesses and activities governed by the City's regulatory license code are included because of health, safety, or security hazards that might arise if the City does not take an active part in their regulation. The fees for the various regulatory licenses are designed to cover the cost of their administration, inspection and enforcement.

The largest segment of the license and permit revenue is from the issuance of building permits for both residential and commercial construction or remodeling. Prior to 1998 the City had experienced a high level of construction which was a steady source of revenue. However, in 1998 the city went into a sewer moratorium at which time 360 lots were vested. During 2001 the moratorium was lifted and permitting activity is beginning again. In 2010 building permit revenue is expected to decrease due to current economic conditions and decreased permit applications.

Business license revenue showed an increase in 2009 due to coordinating the City business license process with the State business license process.

The following table demonstrates the history and forecast for Licenses and Permits.

Year	Business	Building	Animal	Other	Total
2000	\$5,078	\$202,137	\$677	\$42	\$207,934
2001	\$10,389	\$129,701	\$820	\$45	\$140,955
2002	\$9,080	\$133,517	\$1,200	\$45	\$143,842
2003	\$9,625	\$204,131	\$1,064	\$21	\$214,841
2004	\$10,725	\$141,003	\$1,193	\$0	\$152,921
2005	\$8,694	\$179,616	\$1,832	\$0	\$190,142
2006	\$9,500	\$195,500	\$1,200	\$15	\$206,215
2007	\$18,368	\$685,084	\$2,842	\$0	\$729,481
2008	\$28,133	\$588,800	\$3,424	\$756	\$621,113
2009	\$36,208	\$769,787	\$2,932	\$2,171	\$811,097
2010	\$30,644	\$552,072	\$3,922	\$1,839	\$588,477

### INTERGOVERNMENTAL REVENUE

This category is dominated by various state-shared revenues which by statute, the State is required to share with local governments, including motor vehicle excise tax, liquor tax, liquor profits, as well as some other minor taxes. In 2000 the state legislature passed an initiative (I-695) reducing the motor vehicle excise tax paid by motorists.

The remaining state shared revenues are provided on the basis of a state prescribed formula based on population. As such, these revenues tend to be predictable. In 1990, the Legislature added several new categories of shared revenue, primarily for criminal justice and transportation purposes. State-shared revenues for transportation are in the Street Fund.

As previously stated, state-shared revenues are taxes collected by the State of Washington and apportioned on the basis of relative population. As a consequence, the revenue received by the City is affected not only by state-wide growth in the various tax bases, but also by Lake Stevens' share of total population in incorporated areas in the State. Due to the statewide trend toward incorporation, this share of revenue continues to decrease as the revenues are shared among an increasing number of cities. So the expectation is that the growth of these revenues will be minimal.

#### Annexation Sales Tax Incentive

In December 2009, the City annexed the Southwest annexation area with a population over 10,000. RCW 82.14.415 provides cities annexing areas with a population between 10,000 and 20,000 with a one-tenth of a percent credit on the State sales tax. The credit applies to sales tax collected within existing city limits and within the boundaries of the annexation area. The funds are generated from the State's General Fund in the form of a locally imposed sales tax that becomes a credit against the state's share of sales tax. This credit is meant to offset municipal service costs to the newly annexed area and is available as long as expenditures in the annexed area exceed the revenues generated from the same area. The sales tax incentive is expected to increase intergovernmental revenues for 2010 and 2011.

#### Liquor Board Profits and Excise Tax

Because the City is responsible for the policing of liquor establishments located within its limits, but are precluded from taxing them because of the State liquor monopoly, the law provides for a share of the State-collected profits and taxes to be returned to the City. Hard liquor sales have grown at a rate of

about 1% since 2008, yet wine and malt beverage sales have decreased at a rate of about 15% and 22% respectively.

Liquor board profits consist of the difference between revenue from state liquor stores, taxes on wine and beer, license fees, permit fees, penalties and forfeitures, and board expenditures. These profits are disbursed to municipalities quarterly on a per capita basis. 2009 legislature voted to increase the distribution of liquor board profits to cities. The anticipated statewide amount for Liquor Board Profit for 2010 is more than \$34.3 million, or \$8.23 per capita, which is a per capita increase of \$1.56 over 2009. This represents approximately \$178,000 in revenue for the City in 2010.

Liquor Excise Tax consists of 28 percent of the two sales taxes imposed on sales of spirituous liquors and 32 percent of the gallonage tax imposed on sales of wine and is allocated to cities and towns. The allocation is computed on a per capita basis and distributed quarterly. The anticipated amount for 2010 distribution is nearly \$20 million, which is \$4.78 per capita. This represents approximately \$93,000 in revenue for the City for 2010.

### Criminal Justice Funding

Beginning in 2003 criminal justice legislation provided for some major changes in the allocation of revenues that cities have been receiving. Seventy percent of the funds are distributed on the basis of population. This includes 16% for distribution as Criminal Justice Population and 54% as distribution as Criminal Justice – Special Programs. These revenues must be spent for criminal justice purposes in such areas as innovative law enforcement programs, child abuse prevention, and domestic violence prevention. However, there is no requirement stating how much must be spent in each area, and a city may choose to spend it all in any one area.

Ten percent of the distribution is for cities that contract for law enforcement services and the remaining twenty percent of the funds are handed out based partially on crime rates.

### Sales Tax Equalization

In 1982, the State legislature created a “municipal sales and use tax equalization account” in an effort to more equitably allocate revenue to cities in the State. Payments were made to cities that receive less than 70 percent of the statewide per capita sales tax collection amount. The basic idea is to make certain that the computation of the sales tax that the jurisdiction earns from retail sales within its city limits, plus its equalization payment, come up to 70 percent of the state-wide average.

In November 1999, the voters approve Initiative 695, which reduced the motor vehicle tax on most vehicles to \$30 and eliminated the sales tax equalization fund. Although the courts ruled the Initiative unconstitutional, the state legislature set the \$30 tax. Initially the State Legislature did provide some relief for the lost revenue to the city through the local government assistance funding but this amount has not come close to the revenue decrease experience from I-695.

### Other Miscellaneous Intergovernmental Revenues

In addition to the already presented intergovernmental revenues, a number of small, miscellaneous revenues are also received by the City. The City occasionally will receive a small one-year grant for disaster assistance, traffic safety, or assistance for providing a provisional police officer in replacement of an officer who is away at the police academy. Other miscellaneous revenues include Housing Authority's payment in lieu of property taxes, PUD privilege tax for use of City right-of-ways for power lines, and assistance to help design the City's Comprehensive Plan and the implementation of the Growth Management Act.

The following chart depicts the historical flow of the City's major intergovernmental revenues.

### Intergovernmental Revenues

Year	Criminal Justice	Liquor Prof/Ex	Local Gov Assistance	Sales Tax Equal/MVET	Annex Sales Tax Incentive	Total
2000	\$7,070	\$57,091	\$69,216	\$54,794	\$0	\$188,171
2001	\$5,929	\$56,135	\$138,433	\$0	\$0	\$200,497
2002	\$5,956	\$59,219	\$10,000	\$0	\$0	\$75,175
2003	\$5,857	\$65,545	\$3,900	\$0	\$0	\$75,302
2004	\$6,247	\$76,836	\$2,600	\$0	\$0	\$85,683
2005	\$6,589	\$79,815	\$29,633	\$0	\$0	\$116,037
2006	\$8,280	\$124,775	\$45,750	\$0	\$0	\$178,805
2007	\$8,445	\$150,498	\$0	\$0	\$0	\$158,943
2008	\$31,008	\$168,418	\$0	\$0	\$0	\$199,426
2009	\$31,330	\$171,338	\$0	\$0	\$0	\$202,668
2010	\$41,967	\$298,847	\$0	\$0	\$249,156	\$589,970

### CHARGES FOR GOODS AND SERVICES

This revenue reflects the revenues raised for the City selling goods or providing services. The philosophy behind these revenues is to charge just those people purchasing the goods or requesting the services rather than allocating these costs of goods and services over the City's entire population.

The primary source of revenue in this category is Law Enforcement Services. The City has entered into a contract with the local school district to physically station one of our officers for the 2010-2011 school year, within the high school. For providing this service, the district will reimburse the City for a portion of the officer's wages and benefits. This budget assumes the continuation of the program based on school district official's commitment to fund the position in the 2011-2012 school year. The Police Department also has other agreements to provide law enforcement services for contract.

The City has also entered into a contract with the local fire district for information technology services for 2010. For providing this service, the district will reimburse the City for a portion of the employees' wages and benefits.

Another source of revenue in this category is Zoning and Subdivision Fees. This accounts for the fees of the City's Planning and Community Development Department processing and handling of land use and development activity.

The other areas of revenue in this category include sales of passports and passport photos, maps and publications, such as the Comprehensive Plan, charges for photocopies for non-city business or archival copies, miscellaneous Law Enforcement services, such as fingerprinting.

### FINES AND FORFEITURES

Fine and Forfeiture revenues include drug investigation contributions which are court mandated fines-contributions from convicted drug offenders and impound fees which represent pet owners paying a fee to get their animal out of impound. Also included in this category is the City's share of revenue from our violations bureau. This area represents a small portion of General Fund Revenues.

## INVESTMENT INTEREST

Washington State law permits all unused funds to be invested within defined parameters. The interest is based upon the principal amount invested. The interest from the investment portfolio is distributed monthly among specified funds based on the ending cash balance in those funds. The General Fund is estimated to receive \$25,221 in 2010. Estimates on investment activity are conservatively based on the assumption of declining interest in 2010. The City places its investments based on the Investment Policy adopted by the City Council.

## MISCELLANEOUS REVENUES

Miscellaneous Revenues represent all the General Fund revenues not associated with the other revenue categories. Revenues found in this category include interest on investments, facilities rentals, restitution proceeds, arts and sistership donations and other miscellaneous revenues.

## NON-REVENUES

Non-Revenues account for the receipt of funds that are not considered revenue. Examples could include the receipt of refunds from overpayment or credits or the repayment of interfund loans from other funds.

## NON GENERAL FUND REVENUES

### STREET FUND

#### Gas Tax Revenues

The State of Washington provides a state-collected gasoline tax that is shared with cities. This tax is distributed to the City for the construction, improvement, chip sealing, seal coating and repair of arterial highways and city streets. Gas taxes are distributed monthly, based on population.

The State estimates a distribution of \$22.63 per capita in 2010, which is slightly more than in 2009.

#### Local Vehicle License Fee

In 1991, the City started receiving revenue based on the legislative authority that any county may choose to levy up to a \$15 per vehicle license fee on all vehicles in the county, subject to referendum. The proceeds of the fee were distributed on a monthly basis after the deduction of an administrative charge. The funds were shared with each jurisdiction in the same manner as the local option gas tax.

### SEWER FUND

#### Charges for Services

In June of 2005 the City of Lake Stevens and the Lake Stevens Sewer District entered into an interlocal agreement to allow the Sewer District to be the sole provider of sewer service within the Lake Stevens Community. To set rates and charges for the combined system, the Sewer Utility Committee was formed consisting of members from the City Council and the Sewer District Commission.

The 2010 Budget reflects the fees charged per the operating agreement between the Sewer District and the City for the entire combined sewer utility.

## STORM AND SURFACE WATER FUND

### Charges for Services

1998 was the first year the City has charged a storm/surface water charge for the maintenance and operation of the storm drainage system. This coincides with the formation of the Storm and Surface Water Fund (410). In 2000 the charge was increased to \$60 per year for residential customers to allow the utility to support more of the surface water functions and not continue to be subsidized by other city funds. In 2008, the annual charge was increased to \$104 for residential customers to cover additional costs associated with NPDES requirements. No additional increases have been budgeted for 2010.

## MISCELLANEOUS REVENUES

### Real Estate Excise Tax

This tax is imposed on sales of real property within the City upon transfer of title. One ¼ of one percent of the selling prices is paid to the City. By local option, an additional one ¼ of one percent is also levied by the City. This revenue is restricted by law to be spent on specific capital projects.

### Issuance of Debt Proceeds

One method of funding large projects or purchases is by issuing debt. The City has developed a central Civic Center "Mainstreet" plan. In order to accomplish this plan, certain properties must be purchased. Some of the properties were purchased in 1995, 1996, and 2008. The 2010 budget reflects the debt service payments for these properties. These councilmanic bonds were issued to finance major sewer projects as well as repayment of interfund loans for the purchase of this property. The term general obligation debt means that bonds or some other type of debt instrument are authorized by the Council, and are paid from general revenues already established and collected, not an additional levy of property tax.

The remaining amount of the 1997 bonds was refunded into the 2008 bonds. The issuance of the 2008 bonds includes a portion of the 1997 bonds that is reimbursed by the Sewer District. The additional issuance is backed by the general revenues of the City but will be paid from real estate excise revenues and sewer rates and charges.

In 2002, the City received a \$1,692,900 Public Works Trust Fund Loan to construct sewer projects within the City limits. Currently, \$1,626,040 of this loan has been drawn upon. Following the transfer of the sewer utility to the Sewer District, the associated debt service is reimbursed to the City by the Sewer District.

The City issued \$1,340,000 in 2004 for the construction of a new Police Station to replace the old house the department was previously located in. This debt service is being paid from real estate excise tax collections.

In 2005, the City received a \$1,000,000 Public Works Trust Fund Loan to construct the Sunnyside Waste Water Treatment Facility within the City limits. Following the transfer of the sewer utility to the Sewer District, the associated debt service is reimbursed to the City by the Sewer District.

In 2006, the City received an additional \$7,000,000 Public Works Trust Fund Loan for the construction of the Sunnyside Waste Water Treatment Facility. Currently, \$3,150,000 of this loan has been drawn upon. The debt service related to this loan is reimbursed to the City by the Sewer District.

In 2008, the City received an additional \$10,000,000 Public Works Trust Fund Loan for the construction of the Sunnyside Waste Water Treatment Facility. Currently, \$2,000,000 of this loan has been drawn upon. The debt service related to this loan is reimbursed to the City by the Sewer District.

### Traffic Fines

The City receives a portion of the fines charged for traffic and criminal infractions. The revenues are collected either from payments made directly to the traffic bureau at City Hall or indirectly from payments made to Marysville Municipal Court.

### Beginning Fund Balances

This represents the amount of money each fund brings forward from the operations of the previous year. These resources can be used as an internal reserve or can in some cases be spent if needed.

## Expenditure Overview and Summary

The general fund shows an increase of about 38% from 2009 actual expenditures to the 2010 budget, which is about \$2,548,918. The most significant increases are in the Administration, Planning & Building, and Law Enforcement Departments. In addition the General Government shows an increase of approximately 22% or \$284,503. The majority of the increase is due to the additional expenditures related to the Southwest Annexation area effective January 1<sup>st</sup>.

The Street fund shows an increase of approximately \$2,407,937. This is due to more than \$1 million in additional capital expenses and increased salaries and benefits due to three additional FTEs, purchases of capital equipment, and increases in other ordinary costs due to the newly annexed areas.

The debt service funds show significant decreases due to 2009 draws on public works trust fund loans totaling approximately \$2 million which were transferred to the Sewer District. No draws are anticipated for 2010.

The Enterprise funds show increases totaling nearly \$194,558 due to salaries and benefits in the storm water fund, increased debt service transfer payments, and additional capital projects expenditures.

The Capital Projects funds show a significant decrease in expenditures as a result of fewer anticipated transfers and interfund loans as compared to 2009.

Trust and agency funds show an increase of about \$101,264 largely due to expected increases in contractor reimbursements for retainage held and for increases in court fees to the state due to increased municipal court activity.

2010 Budget**

**Mayor and City Council**

**CITY OF LAKE STEVENS**  
Adopted Budget 2010

**Non-Department: MAYOR and CITY COUNCIL**  
**Fund: General Fund**

PURPOSE

The purpose of the Mayor and City Council is to provide for political leadership and exercise those powers and duties granted by state statute to the executive and legislative branches of Lake Stevens City government which are in the best interest of city residents and taxpayer

PROGRAM FUNCTION NARRATIVE

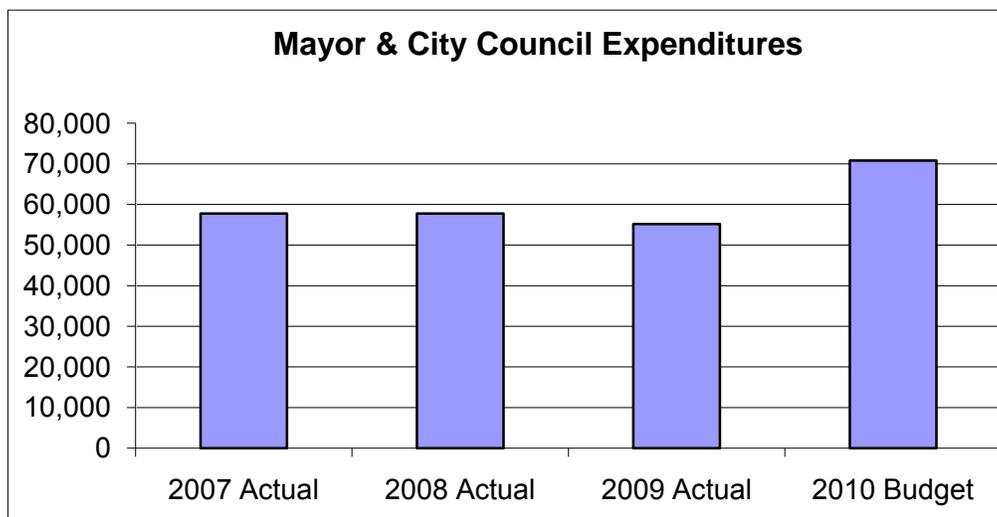

The City of Lake Stevens operates within the Mayor-Council form of Government. This form consists of an elected Mayor (elected at large for a four year term) who serves as the City's Chief Executive Officer (CEO) and a Council (seven members elected at large for four year terms - staggered) which is responsible for formulating and adopting policies that will guide the Mayor in carrying out the functions of the City. The Mayor-Council form of government is characterized by a separation of executive and legislative powers and a system of checks and balances patterned after our traditional national and state governments. In short, the function of the Council is to decide what business the City should accomplish (adoption of policies, ordinances, etc.) and the Mayor's function is to translate those decisions into governmental actions.

**Administration**

# CITY OF LAKE STEVENS Adopted Budget 2010

Department: **ADMINISTRATION**

Fund: General Fund

## PURPOSE

The Administration Department is responsible for assisting in the coordination of activities and services the City provides its customers and assists in the translation of Mayor/Council goals and policies into action. The Administration Department includes the City Administrator, Office Assistant and Receptionist. Until 2009, the department budget also included the City Clerk/Administrative Assistant, Human Resource Director, Information Technology Manager, and IT Specialist. During the 2009 budget process, it was determined that identification of each department separately, would allow Department Heads to better allocate and track budgets expenditures.

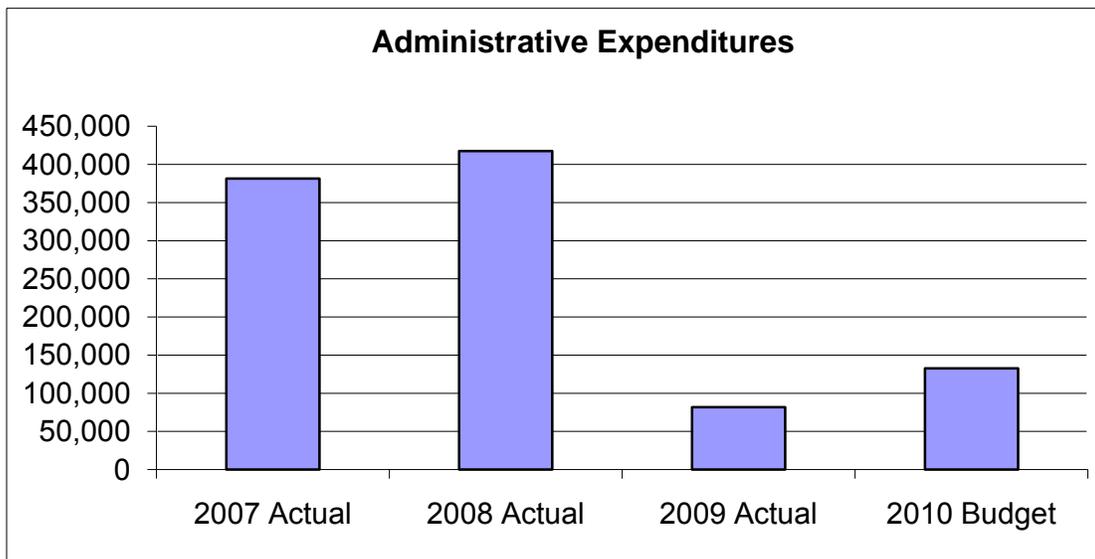

## PROGRAM FUNCTION NARRATIVE

### Administration

The major responsibility of the Administration Department is the coordination and supervision of the work of all other departments. Additional responsibilities include, contract negotiations and management; participation with other departments in the pursuit of grant funds; preparing regular and special management reports; processing citizen inquiries and service requests; and working with other regional governments.

# City of Lake Stevens 2010 Budget

## Finance

# CITY OF LAKE STEVENS

## Adopted Budget 2010

**Department: FINANCE**  
**Fund: General Fund**

### PURPOSE

The purpose of the Finance Department is to provide administrative support and information services to the public and City departments, maintain financial information in accordance with general accounting principles, and to ensure compliance to legal and prudent fiscal requirements in all financial and procedural operations. The Finance Department includes the Finance Director/Treasurer and the Accountant.

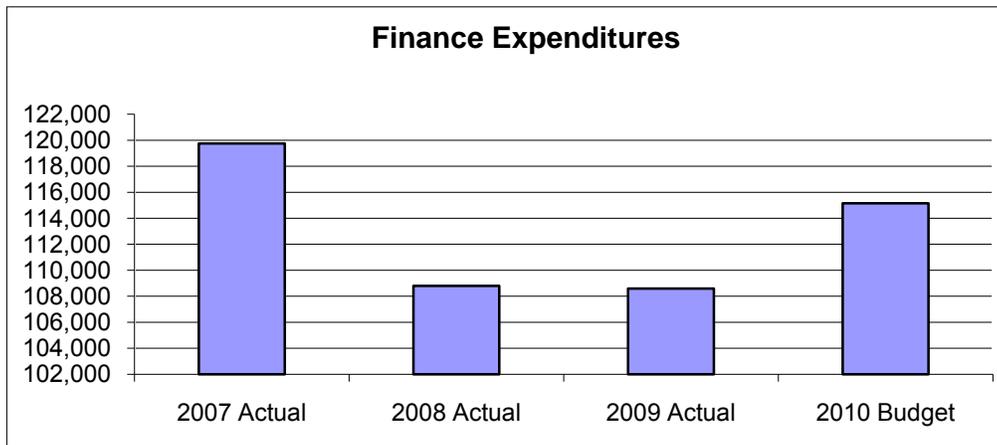

### PROGRAM FUNCTION NARRATIVE

The Finance Department has many different areas of responsibility. The following gives a brief description of each:

- \* Administration: To provide planning, organization, and control over the Finance Department functions and overall City financial matters.
- \* Treasury: Responsible for cashiering and cash control, investment of City funds, and debt service payment processing. Financing services include issuance of bonds, interfund loans, etc.
- \* Budget Accounting and Reporting: Provides for financial record keeping including budgeting, accounting, reporting, audit assistance, grant accounting, ongoing balancing, and control.
- \* Personnel Services: Responsible for payroll processing, federal and State reporting of taxes, retirement, insurance, and other deductions.
- \* Purchasing: Provides coordination of purchasing by the departments, processes vendor payments, handles insurance claims, assists in obtaining competitive bids for best prices.
- \* Data Processing: Responsible for financial systems data processing including budgeting, accounting and payroll.
- \* Traffic Violations Bureau: This Bureau provides service to process Police Department citations. Services include collection of fines, transmittal of cases to Evergreen District Court for processing, handling of indigent attorney applications and follow-up.

<sup>1</sup> Please see the salary plan in the appendix for the detail of salary and benefits per department.

## OBJECT NARRATIVE

### Salaries

To provide for a portion of the salaries of the Finance Director/Treasurer, Accountant, Office Assistant and Receptionist

### Benefits

City paid benefits for employees include health insurance, FICA, salary insurance, retirement and state disability insurance.

### Office Supplies

This includes the costs of receipts, purchase orders, computer supplies, and other miscellaneous supplies.

### Professional Services

This account represents the cost of the State Auditor's Office for performing the financial audit. The City is audited on a bi-annual basis therefore decreasing overall audit expenses for the department.

### Travel

This is used for travel, transportation and lodging for staff training, seminars, and professional conference. The previous years' amounts were less than usual due to not attending the annual finance officer's conference. The 2009 and 2010 amounts represent attendance at annual conferences and additional training.

### Insurance

This provides for the Finance Director/Treasurer and Accountant's Fidelity Bonds.

### Miscellaneous

This provides for professional association dues, subscriptions, all of the City's legal recordings.

### Financial Software Maintenance

This represents half the cost of maintaining financial software purchased in 1999 including upgrades and support.

### Staff Development

All conference and seminar costs, as well as any educational items are paid from this account.

The Goal of the Department of Planning and Community Development (DPCD) is to efficiently provide effective and fair administration of land use planning, development permitting, park and recreation services, and building and fire services.

### **PROGRAM FUNCTION NARRATIVE**

The DPCD has many different areas of responsibility. The following is a brief description of each.

#### Planning

Administration—Manage all Department functions including Planning (long range and development review), Building, Parks Planning and Recreation, Fire Marshal services and Hearing Examiner services. Prepare annual budget. Provide staff support to Mayor and City Council . The Director is also the primary long-range planner.

Long Range Planning—Provide comprehensive planning services including administering, maintaining and updating Comprehensive Plan and Land Use Code; preparing local and regional facility plans; conducting interlocal agreement negotiations; coordinating annexations, and providing strategies for economic development. Write grants as appropriate. Develop and maintain the City's Geographic Information System (GIS) and Permit Tracking software. Review and comment on State, Federal and Snohomish County regulation changes and land use permit applications in the Lake Stevens Urban Growth Area. Coordinate legal issues with the City Attorney. Coordinate with and represent the City at various groups including the Lake Stevens Downtown Association, Snohomish County Tomorrow' Planning Advisory Committee, and the AWC Planning Director's Association.

Development Review—Administer the land use code, coordinate review on all land use applications, review business licenses, conduct pre-application conferences, monitor fees and deposits. Implement the City's permit tracking system. Write grants as appropriate. Assist in the administration of the comprehensive plan. Manage the City's Land Use, Subdivision, SEPA, Shorelines, and Critical Areas codes and processes. Provide staff support for the Hearing Examiner, Planning Commission, Zoning Board and Design Review Board.

Code Enforcement—Assist in code enforcement activities, particularly as related to the Land Use, Building and Fire Codes.

Support Functions—Provide staff support for City Council, Planning Commission, Park Board, Snohomish County Tomorrow, Lake Stevens Downtown Association, and various *ad hoc* committees.

Building - Review building permit applications, issue building permits, conduct plan review, and administer the Uniform Building Code, Uniform Plumbing Code, Uniform Mechanical Code, etc. Monitor building permit fees, perform inspections, perform code enforcement activities,

particularly with regard to the building code enforcement activities, particularly with regard to the building code.

Parks and Recreation - Shared responsibility between DPCD and Public Works. The DPCD is responsible for park planning and development, as well as recreation programming (teen/youth recreation services). Represent the City's interests in regional park development and recreation programming. Seek funding for parks through grants and other sources. Coordinate with Snohomish County on Regional parks planning. Public Works is responsible for park maintenance and physical park development, buoy maintenance, and responding to acts of vandalism at park facilities. Public Works also performs landscaping activities in the public right-of-way.

<sup>1</sup> Please see the salary plan in the appendix for the detail of salary and benefits per department.

## OBJECT NARRATIVE BY PROGRAM

### PLANNING

#### Planning - Salaries

This account provides for a portion of the salary costs for the Planning Director, Senior Planners, Permit Specialists, Community Programs Planner and Receptionists.

#### Planning - Benefits

This account provides for the benefits for the DPCD employees including health insurance, retirement, salary insurance, state disability insurance, and FICA.

#### Planning - Office Supplies

Office supplies include materials needed for the daily or routine operation of the department including pens, paper, notebooks, etc.

#### Planning - Tools and Equipment

Tools and equipment include items such as furniture, drafting materials, etc.

#### Planning - Professional Services

These are funds used for various professional services, which are needed to accomplish a certain project or task such as legal services. These services are used to provide staff support for tasks that require special technical expertise or because of staff's commitment to other high priority tasks

#### Planning -Professional Services - Hearing Examiner

These funds are used to transfer developer paid fees to the City's Hearing Examiner. The Hearing Examiner would continue to provide objective professional review of formal plats, appeals, and other quasi-judicial land use decisions. The Hearing Examiner system also allows

the City Council and Planning Commission to devote more time to the development of policy and monitoring the comprehensive plan in accordance with growth management legislation, and monitoring the effectiveness of the land use code. This is basically a pass-through account, as permit applicants reimburse all expenses.

#### Planning - Communications

These are funds used telephone and postage costs which include mailings related to annexations and land use actions.

#### Planning – Advertising

These funds are used to pay for staff recruitment advertising and legal notices relating to annexation and land use.

#### Planning - Travel

This fund is used for a number of travel related expenses including reimbursing staff for use of personal vehicles when needed.

#### Planning - Miscellaneous

This fund includes items such as title reports, publications, and other expenditures that may be difficult to predict while preparing the budget.

#### Planning - Printing and Binding

These dollars are used for printing plans, maps and brochures for public distribution.

#### Planning - Staff Development

This is an on-going departmental program to maintain a high level professional preparation and education.

#### Planning Commission - Miscellaneous

Planning Commission development dollars are used for meeting registration fees, professional meetings, seminars, and conferences which further advance the department's knowledge and skills for the benefit of the City.

### **PARKS AND RECREATION**

#### Parks - Salaries

This account provides salary costs for staff working on the parks program of the City including lawn maintenance and other related activities.

#### Parks- Benefits

This account provides for the benefits for employees including health insurance, retirement, salary insurance, state disability insurance, and FICA.

### Parks - Professional Services

This account provides support for specialized activities such as legal costs related to parks and grant writing.

### Parks – Boat Launch Expenses

This account provides for routine expenses such as the purchase of envelopes and such for the continued operations of the boat launch.

### Parks - Operating Supplies

This account provides operating supplies that need to be replaced or purchased annually for our various parks and programs. Such items include, but are not limited to, buoys and rope for the swimming beach, equipment for the Adopt-a-Street/Park Program, etc.

### Parks – Eagle Ridge Park Grant

This account provides for maintenance of this Eagle Ridge Park.

### Parks – Lundeen Park

This provides maintenance for Lundeen Park, which was annexed into the City in 2006.

### Parks – Soper Hill Park Maintenance

This account provides for minimal maintenance related to the ownership of Soper Hill property.

### Parks - Equipment Rental

Equipment rental dollars are used for park maintenance equipment that is more economical to rent than to purchase like chain saws, heavy equipment, forms, etc. It also includes the perpetual rental of sanicans for various parks.

### Parks - Insurance

This provides liability coverage for City parks.

### Parks - Utilities

This provides power and water to City parks.

### Parks - Repair and Maintenance

This includes repair and maintenance costs for our parks, such as boat launch repairs, and park signage, sanican rental, hiring the Department of Corrections crew, city limit flowers and miscellaneous repair and maintenance supplies.

### Parks - Miscellaneous

Miscellaneous covers unanticipated park needs like plantings, vandalism, maintenance, etc.

### Parks - Capital Outlay

This line item is to separate capital expenditure from other types of expenditures out of the operating supplies and miscellaneous categories.

### Park Board - Travel

Travel includes transportation, lodging, and meals for the Park Board to attend professional meetings, seminars, and conferences.

### Park Board - Development

Park Board development dollars are used for meeting registration fees, professional meetings, seminars, and conferences which further advance the Park Board's knowledge and skills for the benefit of the City.

## **BUILDING/FIRE**

### Building – Salaries

This account provides salary costs for the Building Inspector/Plans Examiner along with a portion of the City Clerk, Office Assistant, and Planning Director's salaries.

### Building - Benefits

This account provides for the benefits for the building division including health insurance, retirement, salary insurance, state disability insurance, and FICA.

### Building - Office Supplies

Office Supplies include materials needed for the daily or routine operations of the Division including general office supplies, stamps, forms, and books.

### Building - Operating Supplies

Operating Supplies includes inspection vehicle fuel, rain gear, books and reference manuals, etc.

### Building - Advertising

This line item covers the cost of recruiting and hiring building inspector and building official.

### Building - Professional Services

These funds are used to provide support for building inspector services and structural plan review.

### Building-Communications

These funds are used for staff telephone service.

### Building - Travel

The division is active in both State and National Code organizations working to insure reasonable regulations. The Building Official needs to attend training sessions on a regular

basis, few of which are offered in Washington State. Travel includes transportation, lodging, and meals for the department to attend professional meetings, seminars, and conferences.

#### Building - Repair and Maintenance

These funds are used for repairs to the Building Official's vehicle.

#### Building - Miscellaneous

These funds are for professional dues and publications. The division is a member of ICBO, WABO and NW ICBO, and subscribes to a number of construction related publications necessary to keep up with current construction and liability issues.

#### Building - Staff Development

Staff Development dollars are used for meeting registration fees, professional meetings, seminars, and conferences, which further advance the department's knowledge and skills for the benefit of the City.

#### Building - Fire Marshal

These funds are used to pay for part-time contract services through the Lake Stevens Fire District to administer and enforce the Uniform Fire Code (UFC) for all development projects as well as providing other fire inspection related services. In 2009 these funds are budgeted for in General Government programs.

**City of Lake Stevens  
2010 Budget**

**Police**

**CITY OF LAKE STEVENS**  
Adopted Budget 2010

**Department: POLICE**  
**Fund: General**

**PROGRAM FUNCTION NARRATIVE**

The Police Department's mission statement is: "The Police Department is committed to a professional partnership with our community, providing excellence in service, safety and education."

The Police Department is an accredited full service law enforcement agency, providing a full range of community police services. The city enjoys a low violent crime rate because of the partnership between the residents, the police services staff, and the City Council.

The Police Department is divided into the following areas of responsibilities:

Administration

The Police Chief is responsible for planning, organizing and leading the Police Department. The Chief is the daytime patrol supervisor and serves as a city staff director and the police liaison with other agencies, regional service providers, and community groups.

Supervision (Sergeants and Police Administrative Supervisor)

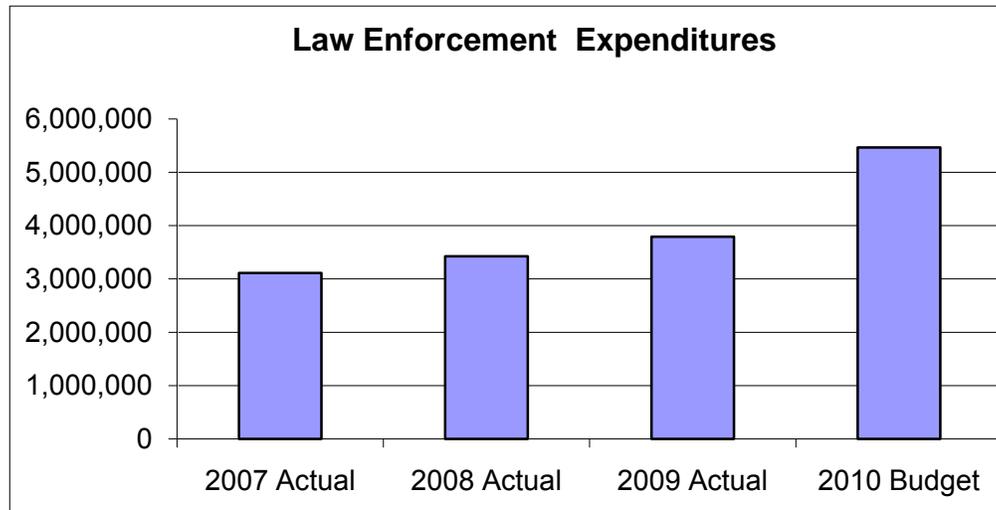

These employees provide day to day supervision of patrol officers and station operations. In addition, the sergeants supervise special groups of volunteers such as the Part-Time Reserve Officers and Explorer Scouts. Sergeants take the lead in special department operations like Aquafest and the boat patrol program. Sergeants also serve as on-duty patrol officer during the peak call load times. The Police Administrative Supervisor supervises the Police Records Clerk, Code Enforcement Officer, office volunteers and college interns. In addition, this person oversees the sex offender monitoring program, provides routine information to the media, and coordinates the department's public education efforts

Police Officers

Police officers provide public safety services that include education, responding to community needs; investigating criminal activity; traffic safety services that include education, enforcement and investigation to prevent accidents; boating safety services that include education, enforcement and boater assistance; and crime prevention. They work with persons and neighborhoods to solve and prevent problems. Officers work cases together and continually develop expertise in a variety of areas. Part-time officers supplement the full-time staff in providing additional patrol services during peak activity times.

<sup>1</sup> Please see the salary plan in the appendix for the detail of salary and benefits per department

## **SUBJECT NARRATIVE**

### Salaries

This includes all regular full-time and part-time employees. The 2009 salaries reflect the continued hiring of police personnel relating to recent annexations into the City. Salary schedule is either set by city ordinance or union contract. This includes one position that is partially funded by the Lake Stevens school district.

### Salaries Off-Duty

This line item reflects payment of off duty officers reimbursed by contracted outside organizations such as Lake Stevens A.S.B and other non-profit groups. There is an associated revenue line item for payments received.

### Reserve Officer Equipment and Clothing

This budget item provides weapons, clothing and equipment to part-time officers.

### Benefits

The increase is due to the proportional increase in salaries.

### Overtime

This item is used to replace patrol officers who are sick, on vacation, training or reassignment to a special duty.

### Clothing

This is used to equip all full time officers and staff with, uniforms and equipment. Officers are equipped in accordance with the collective bargaining agreement. This item also includes uniform cleaning expenses.

### Office Supplies

This is used to provide the support materials to operate the police station. This item supports investigations, more partnerships, and a greater emphasis on crime prevention and communicating with the neighborhoods and business district.

### Operating fuel

This item pays for the fuel to operate the vehicle fleet.

### Weapons/Safe Buy Back

The police officers collective bargaining agreement allows officers to purchase weapons or a weapon safe and pay for it by payroll deduction.

### Operating Non-fuel

This item supports the day to day operations and expenses of the police department, patrol officers, and support functions. Examples are traffic enforcement materials, investigation supplies, crime prevention programs, janitorial services and support items for technology.

### Boating Safety

This item is used exclusively for operating, maintaining, and training personnel for the state approved boating safety program. Any unused monies are carried over to the following year. The monies for this account come from the vessel registration fees collected by the state and dispersed by the Snohomish County.

### Professional Services

This account provides for background investigations, hiring instructors, temporary staff assistance and technical consultants. This account also includes costs related to animal code enforcement and animal shelter fees.

### Communication

Funding for phone, cellular phone service and mailing costs.

### Travel

This item is used to travel, lodging and meal expenses. A majority of this item is related to training expenses in conjunction with the staff development.

### Insurance

This is the Police Department's share in the city's participation in the Washington Cities Insurance Authority.

### Utilities

This pays the electric, water and gas bills to operate the Police Station.

### Repair and Maintenance

This item ensures the vehicle fleet is properly maintained with all the current safety and professional equipment, the repair and maintenance of all department equipment and the maintenance and repair of the police department facility.

### Miscellaneous

This account pays for subscriptions; professional memberships and items not accounted for elsewhere.

### Drug Task Force

This is the City's portion of the cost for the Snohomish County Regional Drug Task Force.

### Snopac Dispatch

This is the city's cost of participating in a regional 911-dispatch center and records management operation. This is slightly higher due to rising costs and increase in calls of service.

### Capital Outlay

This provides for new equipment or replacement of equipment that helps the department to be more efficient or effective. A detail of expenses can be found in the Capital Expenditure section in the budget document appendix.

### Drug Investigation

This fund is used for buying specialized supplies, equipment and training for narcotics investigations.

### Staff Development

This is used to pay tuition and training fees in order to keep the staff current with professional standards and practices.

### Evidence Alarm

This provides for monitoring of an alarm system to the evidence alarm.

General Government**

## **CITY OF LAKE STEVENS Adopted Budget 2010**

**Non-Department: GENERAL GOVERNMENT & MISCELLANEOUS**  
**Fund: General Fund**

### **PURPOSE**

The purpose of General Government and Miscellaneous accounts in the General Fund are to provide for those items that are used or expended for the benefit of multiple departments but not directly chargeable to one specific department. The General Government and Miscellaneous accounts represent no staff positions, although the supervision and management of these accounts are primarily shared between the Administration Department and Finance Department.

### **PROGRAM FUNCTION NARRATIVE**

The General Government and Miscellaneous accounts represent many different areas of cost. The following gives a brief description of each:

General Government: To provide for the general operation and maintenance of City Hall including insurance, elections, utilities, computer network, telephones and so forth.

Legal: Provides for general and prosecuting legal services which includes: providing legal advice to the Mayor/City Council and City Staff in conforming to State and Federal law in all municipal matters; developing actions to defend or attain the City's best interest by agreement or court actions; and, prosecuting violations of City ordinances.

Civil Service: Provides for the operation of the Civil Service Commission.

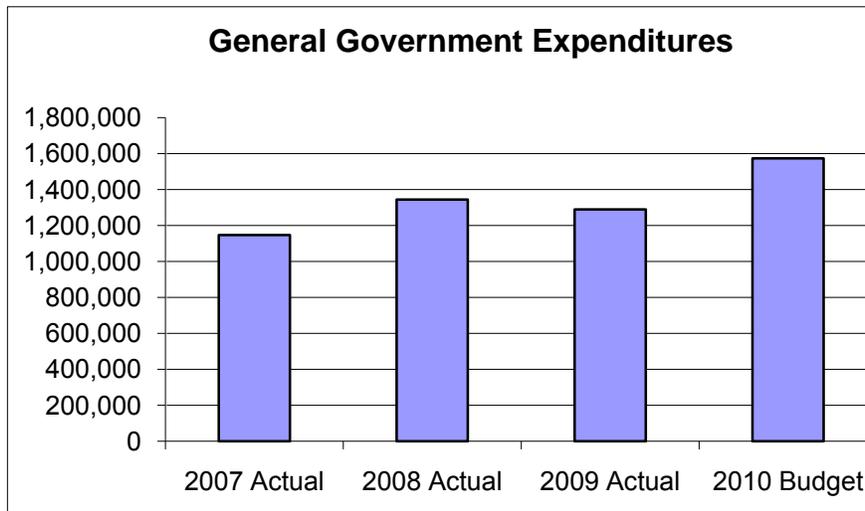

Library/Museum: Provides for maintaining and housing the Lake Stevens Library and the Lake Stevens Historical Society. The actual operating costs of the library are provided by contract between the City and Sno-Isle Library District.

Miscellaneous: Responsible for miscellaneous interfund payments or loans and contributions.

Human Services: Provides for expenditures and facilities, which benefit the residents of the City.

## **OBJECT NARRATIVE**

### ***General Government***

#### Salaries

This account provides salary costs for staff working on City projects not specifically related to any other program.

#### Benefits

This account provides for the benefits for employees including health insurance, retirement, salary insurance, state disability insurance, and FICA.

#### Voters Registration

This cost represents those charges to the City by Snohomish County for maintaining the records for the City's registered voters.

#### Operating Supplies

These costs represent items purchased for every day operation of City Hall. These charges are typically for the general benefit of all departments.

#### Professional Service

Costs associated with use of outside professional help such as cleaning services, a consultant to assist in the cable franchise negotiations, and in 2005, the cost of a professional labor negotiator.

#### Communications

This represents communications costs associated with operating City Hall. Such items include postage, mail machines, voice mail, local and long distance phone service, and special bulk mailings.

#### Insurance

The premiums for providing both liability and property insurance coverage for all departments within the General Fund are charged here.

#### Utilities

The cost of heat, lights and water for City Hall are charged to this account.

#### Repair & Maintenance

This provides for the repair and maintenance of the equipment and systems used by all departments in City Hall. Included here are the maintenance contracts for the copier, mail machine and fax machine, general building and computer repairs, city staff car, fire extinguisher servicing and HVAC repairs.

### Miscellaneous

Items such as city memberships, miscellaneous publications, and unexpected expenditures can be found charged to this account.

### Capital Expenditures

This provides for the purchase of capital-type items. Types of items seen purchased include copier payments, computer equipment, staff vehicles, furniture, and miscellaneous office machines.

### Earth Clean-up Day

This line shows the disposal fees associated with the Earth day clean-up sponsored by the City.

### Computer Hardware

Typically future purchases are budgeted through the Computer Equipment Replacement Fund (510) with the General Fund's contribution budgeted as a contribution to that fund.

### PSRC

This represents the City's annual membership assessment for the Puget Sound Regional Council.

### Visitor Center

The dues for supporting the Snohomish County Visitor Center are recorded in this account.

### Economic Development

Our shareholder dues for the Economic Development Council are provided in this account.

### AWC

The City has been a long-standing member of the Association of Washington Cities. AWC is a non-profit, non-partisan organization funded primarily through service fees from its members. AWC offers assistance in personnel and labor relations, transportation, planning, legal, wellness, and community relations.

### Emergency Management Center

This line item is for supplies other items needed to maintain the Emergency Operations Center through the Police Department.

### Snohomish. Co. Tomorrow

In support of the Snohomish County Tomorrow organization, annual membership dues are paid from this account.

### Air Pollution

This account reflects charges for the City's annual proportionate share to support the Puget Sound Air Pollution Control Board.

### Fire Marshal

These funds are used to pay for part-time contract services through the Lake Stevens Fire District to administer and enforce the Uniform Fire Code (UFC) for all development projects as well as providing other fire inspection related services. Until 2009, these funds were budgeted for in the Building program.

### ***Legal***

#### Professional Services

The City contracts with a legal firm to provide legal services. A portion of the contractual payments are represented in this account.

#### Travel

Occasionally our contracted legal representative is required to travel or attend meetings for the City and those costs are charged here.

### ***Civil Service***

#### Professional Service

This account provides for police officer tests developed by the International Personnel Management Association (IPMA) during occasions when the Civil Service Commission is establishing eligibility registers for police officers.

#### Advertising

This account provides for any advertisement costs associated with the recruitment of police officers within the Police Department.

### ***Human Services***

#### Human Services

This item represents the City's granting funding to contract with local non-profit organizations to provide services, which directly benefit the residents of Lake Stevens.

#### Alcoholism

As mandated by state law, two percent of the City's Liquor Excise and Profits revenue is sent to the Snohomish County Health District to help provide for alcoholism treatment programs.

### Community -Operating Supplies

In operating the Community Center certain items such as light bulbs, bathroom supplies, etc., are needed.

### Community Center-Cleaning

To provide a clean and sanitary location both for City meetings as well as Senior group functions, the City contracts with a cleaning service to have professional cleaning services performed.

### Community Center-Capital

In 2005 the Community Center Roof was replaced.

### Community Center-Utilities

The utilities costs such as light, heat, water and phone service are paid for by the City in this account.

### C/SC-Repair and Maintenance

In order to continue meeting and utilizing this building, it is important to continue to maintain this structure. General upkeep and repair costs are accumulated here.

## ***Library***

### Office and Operating

This provides for light bulbs, paper products, and other miscellaneous costs associated with the operation of the library.

### Professional Service

This item provides for the weekly cleaning of the library as well as special annual cleaning projects.

### Utilities

The City covers the cost of utilities, which includes water, heat, lights and sewer.

### Regional Services

The City contracts with the Sno-Isle Regional Library District, which provides the Lake Stevens Library with the books and staff. The 2010 budget includes an increase in population due to recent annexations.

## ***Museum***

The City is responsible for the maintenance and upkeep of the building in which the Historical Society operates the Lake Stevens Museum.

**Arts Commission**

To support the activities of the newly created arts commission, a new line item was created. The amount budgeted to this line item remains consistent each year, and funds not expended at year end are carried forward to the next year’s budget.

**Miscellaneous**

Refunds

In the event that an individual overpaid a land use permit fee or deposit, the refund is recorded here.

Interfund Loans

This line item represents money loaned to other funds to help cover possible deficits due to shortfalls or cashflow situations. This money is to be paid back to the General Fund with interest at some point in the future.

Contribution to Police (Cap Eq.) Fund

Based upon a Police vehicle purchase plan, a lump sum of money is contributed annually to the fund to provide for the purchase of a police patrol vehicles. The 2010 budget reflects the purchase of new police vehicles relating to the hiring of additional officers due to annexation.

Contribution to Unemployment Fund

As the City is on a reimbursement basis for unemployment taxes, a lump sum of money is contributed annually to continue to provide resources for this fund in the event an unemployment claim is filed.

Contribution to Fund 510 – Equipment Replacement Fund

This contribution represents the General Funds portion of monies set aside to fund the future replacement of computer and office equipment.

Contributions to Fund 633

Annually the City contributes money to Fund 633 (Treasurer’s Trust Fund) to help pay any costs that are not paid for from revenues generated by traffic citations.

**City of Lake Stevens  
2010 Budget**

**Special Revenue Funds  
(100s)**

*Purpose of Funds: To account for the  
Proceeds of specific revenue sources that are  
legally restricted to expenditure for specified purposes.*

**CITY OF LAKE STEVENS**  
**Adopted Budget 2010**

**Department: PUBLIC WORKS**  
**Fund: Street Fund 101**

**PURPOSE**

The purpose of the Public Works Department's Street Fund is to provide for the maintenance and operation of the City's network of streets, avenues, cul-de-sacs, alleys, pedestrian, bikeway and related facilities. This includes: street striping, traffic control devices, overlays, patches, mowing of shoulders, shoulder maintenance, and the necessary vehicles and equipment to accomplish the required work. Work that has a major impact on water quality, such as ditch maintenance, street and bikeway sweeping, are assigned to the Storm and Surface Water Fund 410. The Street Fund pays portions of the salaries of the City staff involved with the operation of the streets, street system, administration, and related activities.

**PROGRAM FUNCTION NARRATIVE**

The Street Fund has several areas of responsibility.

Administration

This includes salaries, benefits, overtime, office supplies and insurance.

Street Maintenance

This includes filling of potholes, shoulder repair, overlays, curb and sidewalk repair. Special seasonal tasks include mowing of shoulder areas and control of ice and snow. Maintenance, fuel and operation costs of street equipment are also included. Prior to 1998, ditch cleaning, street sweeping, catch basin maintenance and storm drainage were also included in this item. From 1998 on these tasks are functions of the Storm and Surface Water Fund.

Engineering/Design

Professional services of consultants working on projects for the City, and costs of right-of-way acquisition.

Street Lighting

Payment to Snohomish County PUD for installation of streetlights and the electricity to operate them. Includes costs of maintenance performed by PUD.

Storm Drainage

This is no longer included in the Street Fund. It is part of the Storm and Surface Water Fund created in 1997 and began operation in 1998.

## Capital Projects

The Street Fund includes many capital types of projects both construction such as new sidewalks and streets and maintenance such as overlays.

### **BUDGET EXPENDITURE DATA BY PROGRAM/FUNCTION**

<u>Account Description</u>	<u>2007 Actual</u>	<u>2008 Actual</u>	<u>2009 Actual</u>	<u>2010 Budget</u>
<u>Street Fund</u>	<u>\$820,676</u>	<u>\$1,680,161</u>	<u>\$1,830,014</u>	<u>\$4,237,951</u>
<u>Total</u>	<u>\$820,676</u>	<u>\$1,680,161</u>	<u>\$1,830,014</u>	<u>\$4,237,951</u>

### **PERFORMANCE MEASUREMENTS**

The goals of the Street Department are twofold: construction of new facilities, and the maintenance of existing facilities. To this end, the department has established the following performance measurements:

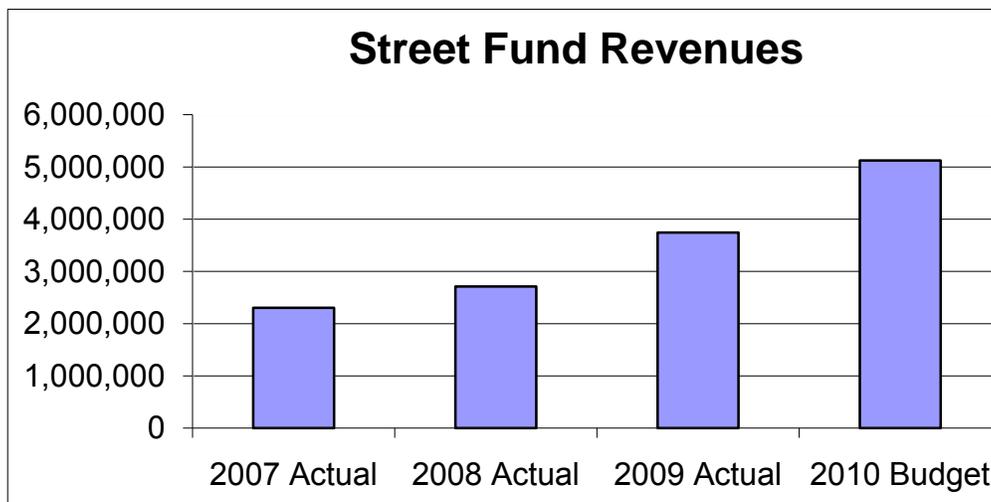

- \* Completion of construction work on time and within budget.
- \* Known or identified road surface traffic hazards (potholes, fallen trees) to be corrected immediately (within 4 hours) of being identified as a traffic hazard, within 2 working days if a traffic nuisance, within 2 weeks if minor. Minor problems may not be fixed until they become larger if they are too small to expect a good result.
- \* Damaged "STOP" signs and "ONE WAY - DO NOT ENTER" signs to be replaced immediately. Other traffic control signs to be repaired as promptly as possible, with emphasis given to yield, cross walk, one way and speed limit signs.
- \* Mow shoulders six times per year (in season).
- \* Achieve 80-85% of identified objectives.

### **REVENUE**

To accomplish the many tasks of the Street Fund, revenue is derived from a number of sources. They are: property tax, business and occupational tax, local vehicle license fees, gas tax, and real estate excise tax (REET). The 2010 budget includes increasing the Street Fund's share of property tax received to 28%.

Following is the detail of revenues received from 2007 through 2009 and the projected revenues to be received in 2010.

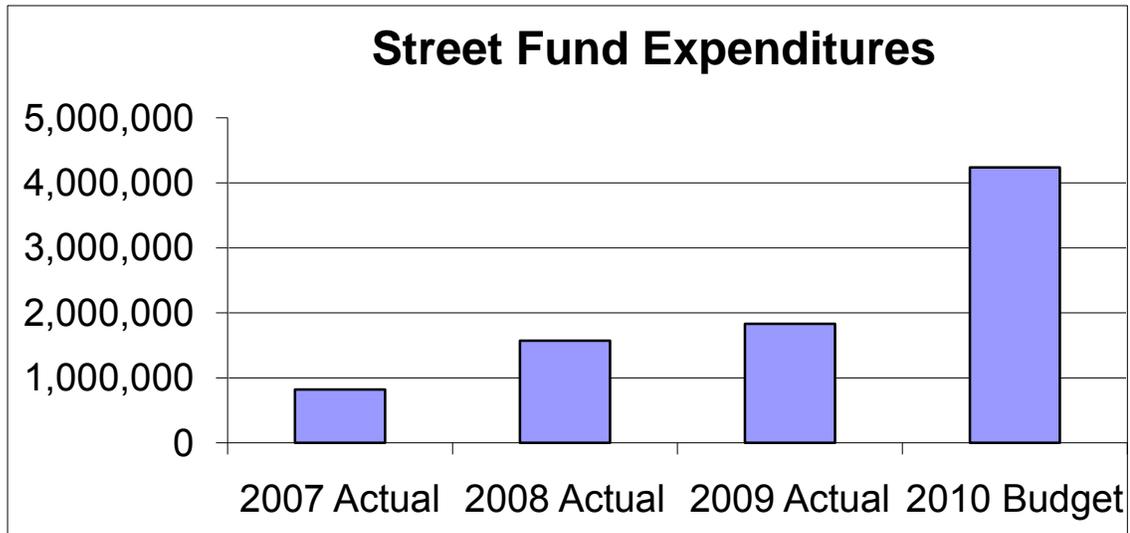

<u>Revenue Source</u>	2007 <u>Actual</u>	2008 <u>Actual</u>	2009 <u>Actual</u>	2010 <u>Budget</u>

<sup>1</sup> Please see the salary plan in the appendix for the detail of salaries and benefits per department.

**OBJECT NARRATIVE**

Salaries

This account provides for a portion of the salary costs for the Public Works Director, Public Works Crew Leader, Public Works Crew Workers, Public Works Clerk along with other City staff which have an occasional role in transportation including the Finance Director and Planning department. The 2010 budget includes three and a half additional FTE to service the newly annex area.

Benefits

This account provides for a portion of the benefit costs for the Public Works Department including health insurance, retirement, salary insurance, state disability, and FICA.

Overtime

This account provides for a portion of the overtime costs for all employees within the Public Works Department.

Clothing

The costs for new or replacement work clothes (i.e., boots, rain gear, gloves, etc.) that have been damaged or worn out as a result of Public Works activities are included in this account.

Office Supplies

This account identifies a share of the office supplies utilized by Public Works.

### Operating Supplies

Materials required for the correct operation of equipment for the street department are included in this item. Includes tools, paint, cleaners and hand tools.

### Fuel

This is the street fund's share of fuel costs to run the public works equipment.

### Professional Services

This account covers the cost of consultants for design, traffic studies, a portion of the attorney's contract, computer technical support, janitorial and other similar expenses related to the street network.

### Communications

This account covers a portion of the costs for operation and/or rental of the cellular phones, pagers, radios and other communication equipment.

### Travel

This account is used for reimbursements for the use of personal vehicles, registration for seminars and workshops, and lodging when required.

### Advertising

This account is intended for the costs of legal notices for street related hearings, meetings, announcements or other notices.

### Rentals/Leases

This account is intended to cover any equipment which must be rented or leased for work on the streets.

### Insurance

This account covers the cost of insurance required for liability and vehicles related to the Public Works Department.

### Repair and Maintenance

This account is for the materials required to keep the streets in repair. This includes gravel, patching asphalt, cold mix, petroleum products, or other materials as required.

### Miscellaneous

This account covers other expenses not specifically identified with another account.

### Storm Drainage

This account has in the past covered repairs and work on storm facilities, including catch basins, detention facilities, pipes and ditches. Beginning in 1998, this function was taken on by the Surface and Storm Water Fund.

### Street Lighting

This account covers the charges from Snohomish County PUD for the operation of the streetlights in the City.

### Traffic Control Devices

This account covers the expense of purchasing, installing and maintaining all manner of traffic control devices, including signs, posts, brackets, striping and reflective pavement markers (RPMs).

### Snow and Ice Control

This account is for any expenses incurred in dealing with snow and ice on the roadways. This includes the purchase of sand every fall in anticipation of sanding streets, and any other materials which may be required during the snow and ice season. This item can vary widely depending upon the severity of the winter.

### Shoulders

This account is for any expenses incurred in repairing, maintaining, replacing or adding to shoulders. This minimal amount includes gravel, hauling, spreading, scraping and grading as required.

### Staff Development

This accounts for meetings, conferences, seminars and workshops regarding street repair, traffic control and planning, and related issued. Public Works continues to encourage greater participation in conferences and workshops by all public works employees.

### Contribution to Unemployment Fund

This expense is a portion of the unemployment insurance paid by the City.

### Contribution to Equipment Fund

This payment goes to the Capital Equipment Fund for the purchase of Public Works equipment. A detail listing of the 2009 budget items is listed in the Capital Equipment section of the appendix.

### Contribution to Computer Equipment Fund

This payment represents the Street Fund's share of the cost of future replacement of computer and office equipment.

### Street Impact Assessment to Fund 410

This line item represents the assessment of the Street Fund paid to the Storm and Surface Water Fund for the impact the streets have on the quality of storm runoff into the neighboring lake and streams.

### Capital Projects

This account is for expenses for constructing permanent or interim facilities for streets, walkways or bikeways. The projects budgeted for 2010 include sidewalks, the roundabout at Lundeen, Vernon, and Soper Hill, and the Highway 9/204 feasibility study.

**Debt Service Funds  
(200s)**

*Purpose of Funds: To account for the  
Accumulation of resources for, and the  
payment of, long term debt principal and interest.*

## CITY OF LAKE STEVENS Adopted Budget 2010

**Fund: 203 –CIVIC CENTER DEBT FUND**

### PURPOSE

This fund was established in the 1994 Budget for the purchase of several property sites adjacent to City Hall for the long term goal of constructing a civic center campus. A piece of property was purchased in 1995 using a real estate contract as the debt instrument. Another piece of property was funded by a short-term interfund loan from the Sewer Reserve Fund which was paid back in 1997 as part of the councilmanic 1997 Limited Tax Obligation Bond Issue. The major portion of these bond proceeds were to fund major sewer projects in Fund 406- Sewer Reserve Fund. In 2008, the 1997 bonds were refunded. The new 2008 bonds are accounted for in fund 210.

### RESOURCES DATA

The resources generated from the bond sale provided for the loan repayment as well as some of the associated costs of acquisition and issuing of debt. Funds will be transferred from Fund 303-REET Fund to cover payment of principal and interest on the 1995 property purchase.

## CITY OF LAKE STEVENS Adopted Budget 2010

**Fund: 210 – 2008 BONDS**

### PURPOSE

This fund is to account for the 2008- A and 2008- B bonds. A portion of the bonds were used to refund the 1997 bonds, and a portion of these bonds were used to fund the purchase of property for the future civic center.

The Lake Stevens Sewer District reimburses the city for its portion of the refunded 1997 bonds.

### RESOURCES DATA

This fund's resources are loan proceeds requested.

*Purpose of Funds: To account for  
Financial resources to be used for the  
acquisition or construction of major capital facilities.*

## CITY OF LAKE STEVENS Adopted Budget 2010

**Fund: 301 -CAPITAL PROJECTS - DEVELOPER CONTRIBUTIONS FUND**

### PURPOSE

The purpose of this fund is collect and distribute the funds collected through mitigation impact fees assessed to developers when a piece of property is developed. The impact fees may be assessed for such things as traffic or parks. The fees are kept in this fund until a project is started which matches the purpose of the donated funds and are then transferred to help fund that project.

### RESOURCES DATA

This fund collects the mitigation impact fees assessed to the developers of property. The money is held until which time it is needed to fund that specific project for which the money was collected. No funds are typically budgeted to be collected as it is difficult to project the timing and impact of each development project.

<u>Line Item Description</u>	<u>2007 Actual</u>	<u>2008 Actual</u>	<u>2009 Actual</u>	<u>2010 Budget</u>

## CITY OF LAKE STEVENS Adopted Budget 2010

**Fund: 303 – CAPITAL IMPROVEMENTS-REET I Fund**

**PURPOSE**

The purpose of this fund is to collect the proceeds from the first ¼ of one percent real estate excise tax and to expend the resources on capital improvement projects as specified by the RCWs. Typical expenditures from this fund have included lake restoration activities, park purchases, street and sidewalk projects.

**RESOURCES DATA**

The fund receives primarily all of its funding from the real estate excise tax with the balance of revenue coming from investment interest. The excise tax revenues in this fund have exceeded the budget consistently due to the high level of home sales, both new and existing.

<u>Line Item Description</u>	<u>2007 Actual</u>	<u>2008 Actual</u>	<u>2009 Actual</u>	<u>2010 Budget</u>

## CITY OF LAKE STEVENS Adopted Budget 2010

**Fund: 304 - CAPITAL IMPROVEMENT FUND – REET II**

### PURPOSE

The purpose of this fund is to collect the proceeds from the second ¼ of one percent real estate excise tax and to expend the resources on capital improvement projects as specified by the RCWs. Typical expenditures from this fund have included lake restoration activities, park purchases, street and sidewalk projects.

### RESOURCES DATA

The fund receives primarily all of its funding from the real estate excise tax with balance coming from investment interest. The excise tax revenues in this fund have exceeded the budget consistently due to the high level of home sales, both new and existing.

<u>Line Item Description</u>	<u>2007 Actual</u>	<u>2008 Actual</u>	<u>2009 Actual</u>	<u>2010 Budget</u>

**Enterprise Funds  
(400s)**

*Purpose of Funds: To account for operations that are normally financed and operated in a manner similar to private business enterprises.*

# CITY OF LAKE STEVENS Adopted Budget 2010

**Department:** PUBLIC WORKS  
**Fund:** Sewer Fund 401

## PURPOSE

Prior to 2005 the City maintained its own sewer system as part of the Public Works Department. During 2005 the City and the Lake Stevens Sewer District combined their respective sewer funds to reduce any duplication of services in order to most effectively fund the construction of a new waste water treatment plant. The City's role and expenditures are related to the City providing customer service support and involvement in jointly planning for the expansion of the system including the new treatment plant. The City also makes debt service payments for sewer related debt which is repaid by the Sewer District.

## BUDGET EXPENDITURE DATA BY PROGRAM FUNCTION

<u>Account Description</u>	<u>2007 Actual</u>	<u>2008 Actual</u>	<u>2009 Actual</u>	<u>2010 Budget</u>
<u>Sewer Fund</u>	<u>\$151,544</u>	<u>\$489,215</u>	<u>\$582,451</u>	<u>\$696,041</u>
<u>Total Expenditures</u>	<u>\$151,544</u>	<u>\$489,215</u>	<u>\$582,451</u>	<u>\$696,041</u>

## REVENUE

The City collects a monthly operating fee from the District for the City's continued role in customer service and joint planning of the system. The City will also receive transfers from the District to cover outstanding bond debt payments related to the City's sewer improvements.

## **OBJECT NARRATIVE**

### Salaries

This account provides for a portion of the salary costs for the Public Works Director, Finance Director, City Administrator, City Clerk, Receptionists and Planning Director to continue support to the Sewer District for customer service and joint planning.

### Benefits

This account provides for a portion of the benefit costs for the above employees including health insurance, retirement, salary insurance, state disability insurance, and FICA.

### Overtime

There is no overtime in the 2010 budget as the Sewer District is responsible to respond to call outs while off duty.

### Professional Services

This account covers the cost of sample testing, general engineering support, a portion of the City Attorney's contract, computer technical support contract, janitorial expenses and sewer bill processing and mailing. The 2010 budget includes professional support to assist in grant and loan fund applications.

### Travel

This account is used for reimbursements for the use of personal vehicles, registration for seminars and workshops, and lodging when required. The 2010 budget reflects the Sewer District performing the operations and maintenance of the sewer system and therefore no expenses are budgeted in 2010.

### Insurance

This account covers the cost of insurance required for liability and vehicles related to Public Works. The 2010 budget reflects the Sewer District performing the operations and maintenance of the sewer system and therefore no expenses are budgeted in 2010.

### Repair and Maintenance

This account is for materials and expenses required to keep the sewer in repair. Specific overruns due to damage caused by others is recovered and included in the revenue figures for this fund whenever possible. The 2010 budget reflects the Sewer District performing the operations and maintenance of the sewer system and therefore no expenses are budgeted in 2010.

### Miscellaneous

This account covers other expenses not specifically identified with another account, or which are unanticipated.

### Contribution to Unemployment Fund

This expense is a portion of the unemployment insurance paid by the City. The 2010 budget reflects the Sewer District performing the majority of operations and maintenance of the sewer system and therefore minimal expenses are budgeted in 2010.

Debt Redemption

This represents funds used for the redemption of long term debt. Beginning in 2006, funds were transferred from the Sewer District to cover these obligations.

## CITY OF LAKE STEVENS Adopted Budget 2010

**Fund: 406 - SEWER RESERVE FUND**

### PURPOSE

This fund was established to provide a source of emergency or catastrophe resources for the Sewer System along with accounting for major construction projects related to the sewer system. With the unification of the City of Lake Stevens and the Lake Stevens Sewer District sewer systems in June 2005 the expenditures for 2010 relate only to finishing projects that began prior to the unification and outstanding debt service.

### RESOURCES DATA

This fund received contributions from the development of property in the City in the form of either general facilities charges which go to pay for future improvements to the sewer system. As part of the interlocal agreement between the City and the Sewer District, the District transfers funds to the City to cover outstanding debt obligations related to the improvements of the sewer system for the sewer portion of the 1997 bonds. The 1997 bonds were refunded in 2008. The City issued bonds in 2008 to refinance the 1997 bonds and a portion of these bonds are reimbursed by the Sewer District

<u>Line Item Description</u>	<u>2007 Actual</u>	<u>2008 Actual</u>	<u>2009 Actual</u>	<u>2010 Budget</u>

# CITY OF LAKE STEVENS

## Adopted Budget 2010

**Department: PUBLIC WORKS**

**Fund: Storm and Surface Water Fund 410**

### **PURPOSE**

The Storm and Surface Water Fund is an enterprise fund under the Department of Public Works. The role of the department with respect to this fund is to provide for the maintenance and operation of the City's storm drainage system, lake and stream maintenance and restoration, and street runoff, roadside ditch and culvert maintenance. This includes the Lake Stevens restoration projects, such as the hypolimnetic aerator, non-point stream improvements, and related educational activities, as well as detention pond, underground vaults, stream bank and ditch maintenance. This fund does not provide erosion control and enforcement or inspection services for new development. Those services are funded by development fees and charged to the General Fund which collects the development fees.

### **PROGRAM FUNCTION NARRATIVE**

The Storm and Surface Water Fund has several areas of responsibility.

#### Administration

This includes some salary costs, office supply and insurance, coordination, and budgeting.

#### Stream, Ditch, Aerator Maintenance

This fund covers the aerator operation and maintenance charges, as well as ditch and storm water maintenance services.

### **PERFORMANCE MEASUREMENTS AND STANDARDS OF SERVICE**

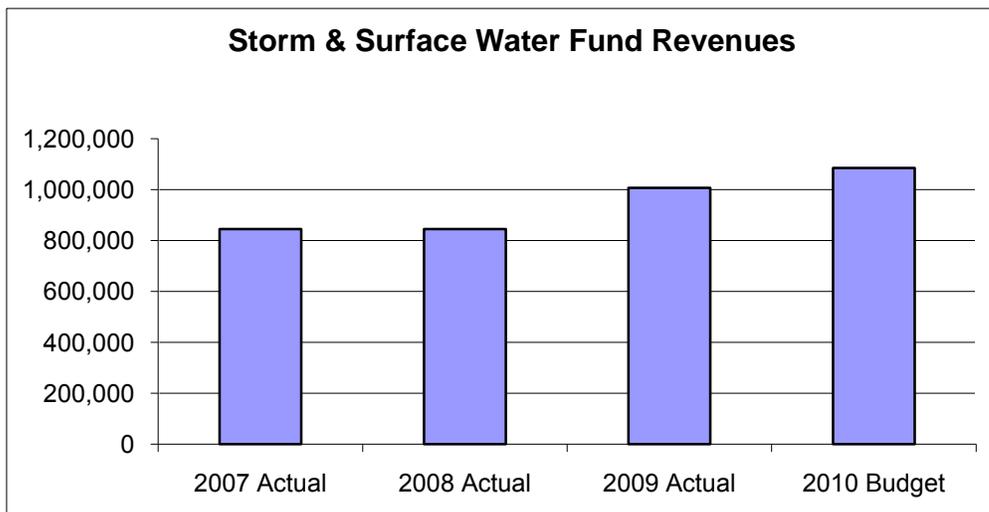

The goals of the Storm and Surface Water Utility include protecting the quality of our lake and streams, and working to control the quality and quantity of storm runoff. This generally involves construction of new public facilities, review of developer designs and construction related directly to storm facilities, and the maintenance of existing facilities. To this end, the department proposes to pursue the following performance measurements:

- \* Completion of construction work on time and within budget.
- \* Improvement and maintenance of the quality of the storm water in Lake Stevens
- \* Reducing or preventing damage to the property of City residents from flood conditions
- \* Protection and enhancement of significant streams and wetlands within the City
- \* Coordination with similarly vested agencies (Snohomish County Public Works Department Surface Water Management Division, Drainage Improvement District No. 8)
- \* Sweep downtown streets 2-4 times per month as necessary.
- \* Maintenance and repair of roadside ditches
- \* Vacuum storm drainage system 2-3 times per year

- \* Complete storm drainage inventory
- \* Meet NPDES milestones for water quality

## REVENUE

Revenue for the Storm and Surface Water Fund is generated by the Storm and Surface Water Utility charge that is assessed to all properties within the City. The 2010 budget includes an annual surface water management charge of \$104 for residential customers. Currently the City contracts with Snohomish County to bill the storm water fee using the property tax statement to bill the storm water fee the amount showing as a separate item on the property tax statement.

## **OBJECT NARRATIVE**

### Salaries

This account provides for a portion of the salary costs for the Public Works employees, and other City staff that have a role in storm and surface water management.

### Benefits

This account provides for a portion of the benefit costs for the Public Works Department including health insurance, retirement, salary insurance, state disability, and FICA.

### Overtime

This account provides for the overtime costs for the Public Works employees involved in delivering emergency storm and surface water control. Overtime applies to all employees within the Public Works Department

### Clothing

Some of the costs for new or replacement work clothes (i.e., boots, rain gear, gloves, etc.) that have been damaged or worn out as a result of Public Works activities were included in this item.

### Office Supplies

This item includes a share of the office supplies utilized by Public Works.

### Operating Supplies

This item includes materials required for the correct operation of equipment for the storm and surface water activity of the Public Works Department.

### Tools

This item will include purchase of new and replacement hand tools and parts.

### Professional Services

This item includes the Surface Water Fund's share of legal services, janitorial and other professional services.

### Computer Support

This item covers a portion of the costs of maintaining the information and data processing.

### Communications

This item includes a portion of the costs for operation and/or rental of the cellular phones, pagers, radios and other communication equipment of the Public Works Department.

### Travel

This item includes reimbursements for the use of personal vehicles, registration for seminars and workshops, and lodging when required.

### Advertising

This item includes the cost of legal notices for storm and surface water related hearings, meetings, announcements, staff recruitment or other notices.

### Equipment Rental

This account is intended to cover any equipment which must be rented or leased for work on the storm and surface water system. This can include trucks, pumps, signs and barricades.

### Insurance

This item includes a portion of the cost of insurance required for liability and vehicles related to the Public Works Department.

### Repair and Maintenance

This account is for the materials required to keep the storm and surface water system in repair. This includes new and replacement catch basins and culvert piping, contracting for services too large for the City to provide, and repair work on detention ponds and vaults and biofiltration swales.

### Miscellaneous

This item includes expenses not specifically identified with another account, or which are unanticipated.

### Staff Development

This item includes meetings, conferences, workshops regarding surface and storm water related issues.

### Aerator Operation & Maintenance

The Lake Stevens hypolimnetic aerator is jointly operated by the City, County and Drainage Improvement District, with primary responsibility for its coordination given to the City. Prior to 2007 the City billed the County and District for a portion of the costs of the operation and maintenance based upon records of expenses of the previous year. With the suspension of the Drainage Improvement District, the City and County have negotiated a two way interlocal agreement which shares the responsibility of the aerator between the two agencies.

### Contribution to Equipment Fund

This payment goes to the Capital Equipment Fund for the purchase of Public Works equipment. A detail listing of the 2010 budget items is listed in the Capital Equipment section of the appendix.

### Contribution to Unemployment Fund

This expense is a portion of the unemployment insurance paid by the City.

**City of Lake Stevens  
2010 Budget**

**Internal Service Funds  
(500s)**

*Purpose of Funds: To account for  
The financing of goods or services provided by one department or  
agency to other departments or agencies of the governmental unit.*

## CITY OF LAKE STEVENS Adopted Budget 2010

**Fund: 501 - UNEMPLOYMENT FUND**

### PURPOSE

The purpose of this fund is to provide for the payment of unemployment claims should an ex-employee claim unemployment benefits. The City does not contribute monthly like a private employer would as government jurisdictions are on a reimbursement basis. We contribute only when there is a claim but in order to protect against any large unexpected claims, money is contributed from the General, Street and Storm water funds annually to set up this reserve from which to draw from should a claim be filed.

### RESOURCES DATA

The resources needed to meet the unemployment claims are provided by the City by means of annual interfund transfers from the General, Street, and Sewer funds. This fund also receives investment interest, which helps increase the balance of available funds.

<u>Line Item Description</u>	<u>2007 Actual</u>	<u>2008 Actual</u>	<u>2009 Actual</u>	<u>2010 Budget</u>
Beginning Fund Balance	\$72,408	\$79,652	\$88,311	\$60,505
Investment Interest	\$3,708	\$2,110	\$572	\$0
<u>Interfund Contribution</u>	<u>\$3,545</u>	<u>\$6,550</u>	<u>\$6,550</u>	<u>\$6,550</u>
<u>Total Resources</u>	<u>\$79,661</u>	<u>\$88,312</u>	<u>\$95,433</u>	<u>\$67,055</u>

### EXPENDITURE DATA

The only expenditures for this fund are the occasional unemployment claims made by former employees.

<u>Line Item Description</u>	<u>2007 Actual</u>	<u>2008 Actual</u>	<u>2009 Actual</u>	<u>2010 Budget</u>
<u>Payments To Claimants</u>	<u>\$10</u>	<u>\$0</u>	<u>\$33,411</u>	<u>\$40,000</u>

## CITY OF LAKE STEVENS Adopted Budget 2010

**Fund: 510 - CAPITAL EQUIPMENT FUND**

### PURPOSE

This is for the replacement of computer equipment citywide.

### RESOURCES DATA

The resources to pay for the purchase of replacement computer equipment is traditionally provided by transfers from the General, Street, and Surface Water Management funds. This fund also receives some investment interest to help fund and maintain a balance in the fund.

<u>Line Item Description</u>	<u>2007 Actual</u>	<u>2008 Actual</u>	<u>2009 Actual</u>	<u>2010 Budget</u>
Beginning Fund Balance	\$7,457	\$856	\$5,640	\$30,900

## CITY OF LAKE STEVENS Adopted Budget 2010

**Fund: 520 - CAPITAL EQUIPMENT (POLICE) FUND**

### PURPOSE

The purpose of this fund is to provide for the periodic purchase of a new police vehicle. This schedule allows the Police Department to use a vehicle for four years and then surplus it.

### RESOURCES DATA

The resources to pay for the purchase of a new vehicle are provided by the transferring of funds from the General Fund. This fund also receives some investment interest to help fund the vehicle and maintain a balance in the fund.

<u>Line Item Description</u>	<u>2007 Actual</u>	<u>2008 Actual</u>	<u>2009 Actual</u>	<u>2010 Budget</u>
Beginning Fund Balance	\$0	\$24,875	\$30,654	\$47,954

Governmental unit in a trustee capacity or as an agent for individuals,  
Private organizations, other governmental units, and/or other funds.*

## CITY OF LAKE STEVENS Adopted Budget 2010

**Fund: 621 -REFUNDABLE DEPOSITS FUND**

### PURPOSE

The purpose of this fund is to collect required deposits made typically by developers or builders as a means of guarantee for certain performance expectations. These deposits are then refunded back to the developer or builder when the work is completed.

### RESOURCES DATA

The resources in this fund represent the refundable deposits that have been made by persons performing some type of land development and have been required to put in some money to ensure the completion of required improvements.

<u>Line Item Description</u>	<u>2007 Actual</u>	<u>2008 Actual</u>	<u>2009 Actual</u>	<u>2010 Budget</u>

## CITY OF LAKE STEVENS Adopted Budget 2010

**Fund: 633 - TREASURER'S TRUST FUND**

### PURPOSE

The purpose of this fund is to account for the collection of funds which the City is not entitled to keep but rather are sent to other governmental agencies. The revenues are used to pay for the items for which the money was received. Some of the money collected from the issuance of traffic and criminal citations is collected here and used to pay all court and state required criminal justice expenditures. The city's share of citations is collected in the General Fund-001, effective in 1996. This change was requested by the State Auditor. Also the state required building fees and gun permit fees be collected in this fund and passed on to the state.

### RESOURCES DATA

The resources received in this fund include funds from Evergreen District Court for the court's share of the citation revenues, state building fees collected, gun permit fees and contributions from the General Fund when the other resources are not enough to meet the payment of all the expenditures.

<u>Line Item Description</u>	<u>2007 Actual</u>	<u>2008 Actual</u>	<u>2009 Actual</u>	<u>2010 Budget</u>

**City of Lake Stevens  
2010 Budget**

**Municipal Debt  
Capacity/Summary**

### Municipal Debt Capacity/ Summary

Under Washington State law, voters may approve general obligation debt issues of up to 7.5% of the City's assessed valuation. The 7.5% is allocated evenly between general government purposes, utilities, and parks and open space, resulting in a 2.5% limit for each category. Within the 2.5% limit for general government purposes, the City Council has the authority without voter approval to issue bonds of up to 1.55 of the City's assessed valuation. As of January 1, 2010 the City has \$4,357,488 of general obligation debt outstanding. This is 0.24% of assessed valuation, which is 9% of the legally allowed general government debt capacity. \$44.8 million is available for utilities. The full capacity of \$46.1 million is available for parks and open space. A detailed listing of all bond issues can be found below.

Although the City can legally issue up to 7.5% of assessed valuation, bond rating agencies have a much lower threshold for an acceptable debt load. Bond rating agencies use several criteria for determining the level of debt a city can maintain. Two of the most important are debt as a percent assessed valuation and debt per capita.

All voted bonds require 60% majority approval. To validate the election, the total votes cast must equal at least 40% of the total votes cast in the last general election.

Regular levy (non-voted)	Maturity date	Interest rate	original amt. issued	redeemed to date	debt outstanding
Property purchase 1995	4/15/2010	7.5%	\$ 190,000	\$ 183,019	\$ 6,981

sub- total - utilities			<b>\$1,508,553</b>	<b>\$ 154,060</b>	<b>\$ 1,354,493</b>
<b>TOTAL</b>			<b>\$6,480,000</b>	<b>\$ 758,019</b>	<b>\$ 5,721,981</b>
<b>Excess Levy (voted)</b>					
<b>None</b>			<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>
<b>TOTAL GENERAL OBLIGATION DEBT</b>			<b>\$6,480,000</b>	<b>\$ 758,019</b>	<b>\$ 5,721,981</b>

In addition to general obligation debt, the City may also issue special assessment and revenue bonds. Special assessment bonds are used to finance public improvements which benefit a select group of property owners, while revenue bonds are used primarily to finance utility improvement projects. The City does not have any special assessment bonds outstanding at this time.

# City of Lake Stevens 2010 Budget

## Budget Glossary

# CITY OF LAKE STEVENS

## Budget Glossary

Accounting System: The set of records and procedures which are used to record, classify, and report information on the financial status and operations of an entity.

Accounts Payable: A short-term liability account reflecting amounts owed to private persons or organizations for goods and services received by a government.

Accounts Receivable: An asset account reflecting amounts due from private persons or organizations for goods and services furnished by a government (but not including amounts due from other funds or other governments).

Accrual Basis Accounting: Under this accounting method, transactions are recognized when they occur, regardless of the timing of related cash receipts and disbursements.

Ad Valorem Taxes: Commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and the tax rate.

Advance Refunding Bonds: Bonds issued to retire an outstanding bond issue prior to the date on which the outstanding bonds become due or callable.

Agency Funds: A fund used to account for assets held by a government on behalf of individuals, private organizations, other governments, or funds.

Allocation: To set aside or designate funds for specific purposes. An allocation does not authorize the expenditure of funds.

Amortization: (1) The portion of the cost of a limited life or intangible asset charged as an expense during a particular period. (2) The reduction of debt by regular payments of principal and interest sufficient to retire the debt by maturity.

Annual Budget: A budget applicable to a single fiscal year.

Appropriation: An authorization made by the City Council that allows expenditures of

governmental resources for specific purposes. Appropriations are typically granted for a one year period.

Assessed Valuation: The estimated value of real and certain personal property used by the Snohomish County Assessor as the basis for levying property taxes.

Assessment Ratio: The ratio at which the tax rate is applied to the tax base.

Asset: Resources owned or held by a government that have monetary value.

Attrition: A method of achieving a reduction in personnel by not refilling the positions vacated through resignation, reassignment, transfer, retirement, or means other than layoffs.

Audit: A systematic examination of resource utilization concluding in a written report. It is a test of management's internal accounting controls and is intended to:

- \* ascertain whether financial statements fairly present financial position and result of operations;
- \* test whether transactions have been legally performed;
- \* identify areas for possible improvements in accounting practices and procedures;
- \* ascertain whether transactions have been recorded accurately and consistently; and
- \* ascertain the stewardship of officials responsible for governmental resources.

Authorized Positions: Employee positions which are authorized in the adopted budget, to be filled during the year.

BARS: The prescribed "Budgeting Accounting & Reporting System" required for all governmental entities in the State of Washington.

Base Budget: Cost of continuing the existing levels of service in the current budget year.

Basis of Accounting: A term used to refer to when revenues, expenditures, expenses and transfers--and the related assets and liabilities--are recognized in the accounts and reported in the financial statements. Specifically, it relates

to the timing of the measurements made, regardless of the nature of the measurement, on either the cash or accrual method.

Beginning Fund Balance: The amount remaining after accounting for the previous year's revenues less the previous year's expenditures.

Benefits: Benefits provided for employees, such as Social Security, retirement, worker's compensation, life insurance, and medical insurance.

Bond (Debt Instrument): A written promise to pay a specified sum of money (the face amount of the bond) at a specified future date (the maturity date), at a specified interest rate. Bonds are primarily used to finance capital facilities. The City of Lake Stevens typically issues general obligation, revenue, or special assessment bonds.

Bond Refinancing: The payoff and re-issuance of bonds, to obtain better interest rates and/or bond conditions.

Budget Ordinance: The official legal document approved by the City Council authorizing the expenditure of resources.

Budget: A plan of financial activity for the operation of a program or organization for a specified period of time (fiscal year or biennium) indicating all planned revenues and expenses for the budget period.

Budget Calendar: The schedule of key dates or milestones which the City follows in the preparation and adoption of the budget.

Budget Document: The official written statement prepared by the city explaining the proposed budget to the public and City Council.

Budget Message: A written explanation by the Mayor and City Administrator of the proposed budget. The budget message explains the principal budget and policy issues, and presents an overview of the budget recommendations.

Budgetary Basis: This refers to the basis of accounting used to estimate financing sources and uses in the budget. This generally take one of three forms: GAAP, cash, or modified accrual.

Budgetary Control: The control or management

of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

Capital Project: Major construction, acquisition, or renovation activities that add value to a government's physical assets or significantly increase their useful life. Also called capital improvements.

Capital Outlay: Expenditures for furnishings, equipment, vehicles, or machinery that results in the acquisition of assets with a useful life of more than one year. Examples include land, buildings, machinery, equipment, and construction projects.

Capital Improvements Program (CIP): A plan or schedule for capital outlay to be incurred each year over a fixed number of years to meet capital needs arising from the government's long-term needs.

Capital Assets: Assets of significant value and having a useful life of several years. effect of inflation on compensation.

Capital Facilities Plan (CFP): This is a planning document required by the Growth Management Act which addresses capital projects and anticipated sources of funding over a six-year period.

Cash Basis A basis of accounting in which transactions are recognized only when cash is increased or decreased.

Collective Bargaining Agreement A legal contract between the employer and a verified representative of a recognized bargaining unit for specific terms and conditions of employment (e.g., hours, working conditions, salary, benefits, and matters affecting welfare of employees).

Concurrent or Concurrency: The improvements that are in place at the time the impacts of development occur, or that the necessary financial commitments are in place. Public facilities and services shall be adequate to serve the development at the time the development is available for occupancy and use without decreasing current service levels below locally established minimum standards.

Consumer Price Index (CPI): A statistical description of price levels provided by the U.S. Department of Labor. The index is used as a measure of the increase in the cost of living (i.e., economic inflation).

Contingency: A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

Contractual Services: Services rendered to a government by private firms, individuals, or other governmental agencies. Examples include utilities, rent, maintenance agreements, and professional consulting services.

Cost-of-living Adjustment (COLA): An increase in salaries to offset the adverse effect of inflation on compensation.

Costs Allocation: Assignment of applicable costs and charges from one fund to another required by treating each fund as an independent entity.

Councilmanic Bonds: Councilmanic bonds refer to bonds issued solely upon the approval of the Council. Councilmanic bonds may not exceed 1.5% of assessed valuation.

Debt: An obligation resulting from the borrowing of money or from the purchase of goods and services.

Debt Service Fund: A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Debt Service: The annual cost of paying principal and interest on borrowed money (bonded indebtedness) according to a predetermined payment schedule.

Dedicated Tax: A tax levied to support a specific government program or purpose

Deficit: The excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

Depreciation: Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Development Activity: Any construction or expansion of a building, structure, or use, any change in use of a building or structure, or any change in the use of land, that creates additional demand and need for public facilities.

Development Related Fees: Those fees and charges generated by building, development and growth in a community. Included are building and street permits, development review fees, and zoning, platting and subdivision fees.

Disbursement: The expenditure of monies from an account.

Distinguished Budget Presentation Awards  
A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents.

Encumbrance: The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure.

Enterprise Fund: An accounting entity of the City used to record and report transactions for business type activities of the City, e.g., Storm Water Fund.

Entitlements: Payments to which local governmental units are entitled, pursuant to an allocation formula determined by the agency providing the monies, usually the state or the federal government.

Estimated Revenue: The amount of projected revenue to be collected during the fiscal year.

Expenditure: The payment of cash on the transfer of property or services for the purpose of acquiring an asset, service or settling a loss.

Expense: Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest or other charges.

Fees: A general term for any charge for services levied by government associated with providing a service, permitting an activity, or imposing a fine or penalty. Major types of fees include business licenses, fines, and user charges.

Financial Forecast (Six-Year): Estimates of

future revenues and expenditures to help project the long range financial condition of city funds.

Fiscal Policy: A government's policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.

Fiscal Year: A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization.

Full-Time Equivalent (FTE): Expresses staffing in terms of full-time (40 hours per week) employment. For example, a person who works 40 hours per week is described as 1.0 FTE. An employee who works 20 hours per week calculates to a 0.5 FTE (20 hours divided by 40 hours).

Full Faith and Credit: A pledge of a government's taxing power to repay debt obligations.

Function: A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible (e.g., public safety).

Fund: An independent fiscal and accounting entity with revenues and expenses which are segregated for the purpose of carrying out a specific purpose or activity.

Fund Balance: The excess of a fund's assets over its liabilities.

GAAP: Generally Accepted Accounting Principles are standards used for accounting and reporting used for both private industry and governments. Government GAAP is currently set by the Governmental Accounting Standards Board.

GASB: Governmental Accountant Standards Board established in 1985 is the current standards-setting board for governmental GAAP.

General Obligation (G.O.) Bonds: Bonds for which the full faith and credit of the issuing government have been pledged for repayment.

Grants: A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

Growth Management Act (GMA): Comprehensive Washington State legislation which requires cities and counties to undergo a prescribed planning process to accommodate projected population growth. Examples of the planning process include defining the levels of service city government will provide to its Citizens, developing a six-year capital facilities plan, and determining how to fund existing capital deficiencies.

Impact Fees: A fee assessed on new development that creates additional demand and need for public facilities.

Improvements: Buildings, structures, or attachments to land such as sidewalks, trees, tunnels, drains, and sewers.

Indirect Cost: A cost necessary for the functioning of the organization as a whole, but cannot be directly assigned to one service.

Infrastructure: The physical assets of a government (e.g., streets, water, sewer, public buildings and parks).

Interfund Payments: Expenditures made to other city funds for services rendered.

Interfund Transfers: The movement of monies between funds of the same governmental entity.

Intergovernmental Revenue: Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

Interlocal Agreement: A contract between two government entities whereby one government assumes the lead responsibility of a project that overlaps both jurisdictions.

Internal Control: The system of controls established by the City to protect the assets from misappropriation and ensure accurate reporting of financial transactions.

Internal Service Fund: Funds used to account for the financing of goods or services provided by one department or agency to other

departments or agencies of the city.

Latecomer Fees: Fees paid by developers or future service users for their share of past improvements financed by others.

Lease-Purchase Agreements: Contractual agreements which are termed "leases," but which in substance, amount to purchase contracts.

LEOFF: Law Enforcement Officers and Firefighters retirement system provided for all police officers and firefighters by the State of Washington.

Levy: (Verb) To impose taxes, special assessments, or service charges for the support of governmental activities. (Noun) The total amount of taxes, special assessment or service charges imposed by a government.

Levy Rate: The rate of tax to be imposed on the assessed value of real property for the computation of property tax revenues

Liability: Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed or refunded at some future date.

Licenses and Permits: Revenue category that includes building permits, business licenses, and any other miscellaneous license.

LID: Local Improvement District or Special Assessments made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

Long-term Debt: Debt with a maturity of more than one year after the date of issuance.

Objective: Something to be accomplished in specific, well defined, and measurable terms and that is achievable within a specific time frame.

Obligations: Amounts which a government may be legally required to meet out of its resources. They include not only actual liabilities, but also encumbrances not yet paid.

Operating Expense: Those costs including expenditures for salaries and wages, benefits, supplies, services, and charges which are

Materials and Supplies: Expendable materials and operating supplies necessary to conduct departmental operations.

Mill: The property tax rate which is based on the valuation of property. A tax rate of one mill produces one dollar of taxes on each \$1,000 of assessed property valuation.

Miscellaneous Revenue: The account that provides for accumulation of revenues not specifically in other accounts.

Modified Accrual Basis: Under this accounting method, revenues are recognized when they become both measurable and available to finance expenditures of the current period. Expenditures for the most part are recognized when the related fund liability is incurred except for prepayment, accumulated employee leave, and long-term debt. All governmental funds and expendable trust funds are accounted for using the modified accrual basis of accounting.

Mitigation Fees: Contributions made by developers toward future improvements of city facilities resulting from the additional demand on the city's facilities generated from the development.

Net Budget: The legally adopted budget less all interfund transfers and interdepartmental charges.

Net Revenue: The revenue of the system less the cost of maintenance and operation of the system.

Object of Expenditure: An expenditure classification, referring to the lowest and most detailed level of classification, such as electricity, office supplies, asphalt, and furniture. necessary to support the primary services of the organization.

Operating Revenue: Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

Operating Transfer: Routine or recurring transfers of asset between funds which support the normal operations of the recipient fund.

Other Services and Charges: An expenditure classification which includes professional services, communication, travel, advertising, rentals, leases, insurance, public utility services, and repairs and maintenance.

Pay-as-you-go Basis: A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.

Performance Measurements: Data collected to determine how effective or efficient a program is in achieving its objectives.

PERS: Public Employees Retirement System provided by the State of Washington for all city employees except police and fire.

Preliminary Budget: The recommended and unapproved City budget submitted to the City Council and the public.

Prior-Year Encumbrances: Obligations from previous fiscal years in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation, and for which a part of the appropriation is reserved. They cease to be encumbrances when the obligations are paid or otherwise terminated.

Program: A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the government is responsible.

Public Facilities: The capital owned or operated by the city or other governmental entities.

Purpose: A broad statement of the goals, in terms of meeting public service needs, that a department is organized to meet.

R.C.W.: Revised Code of Washington

R.E.E.T.: (Real Estate Excise Tax) A tax upon the sale of real property from one person or company to another.

Reserve: An account used either to set aside budgeted revenues that are not required for expenditure in the current budget year or to earmark revenues for a specific future purpose.

Resolution: A special or temporary order of a

legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

Resources: Total dollars available for appropriations including estimated revenues, interfund transfers, and the beginning fund balance.

Revenue Bonds: Bonds issued pledging future revenues (i.e., sewer, or water charges) to cover debt payments.

Revenue: Income received by the city to support community services. This income may be in the form of taxes, fees, user charges, grants, fines, and interest.

Revenue Estimates: A formal estimate of how much revenue will be earned from a specific revenue source for some future period; typically, a fiscal year.

Service Indicator: A unit of work accomplished, without reference to the resources required to do the work (e.g., number of permits issued, number of grants obtained, or number of burglary arrests made). Service indicators do not reflect the effectiveness or efficiency of the work performed.

Source of Revenue: Revenues are classified according to their source or point of origin.

Special Assessment Bonds: Bonds payable from the proceeds of special assessments such as local improvement districts.

Standard Work Year: 2080 hours or 260 working days.

Supplemental Requests: Programs and services which departments have requested (in priority order) over their base budget, or if revenue received is greater than anticipated.

Supplemental Appropriation: An additional appropriation made by the governing body after the initial budget year or biennium has started.

Supplies: An expenditure classification for articles and commodities purchased for consumption or resale. Examples include office and operating supplies, fuel, power, water, gas, inventory, resale items, small tools, and equipment.

Tax: Charge levied by a government to finance services performed for the common benefit.

Unencumbered Balance: The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future purposes.

Unreserved Fund Balance: The portion of a fund's balance that is not restricted for a specific purpose and is available for general appropriation.

User Charges: The payment of a fee for direct receipt of a public service by the party who benefits from the service.

Working Cash: Excess of readily available assets over current liabilities or cash on hand equivalents that may be used to satisfy cash flow needs.

Working Capital: The year-end balance of current assets less current liabilities in the Enterprise and Internal Service Funds. The unencumbered balance at year-end is available for appropriation in the next year's budget.

**Note**: Not all terms included in the glossary are contained or used within the budget document but are included to provide a better understanding of general budget terms.
