November 22, 2017

The Honorable John Spencer
City of Lake Stevens
1812 Main St.
Lake Stevens, WA 98258

RE: Lake Stevens/Snohomish Health District Relationship and Financial Sustainability

Dear Mayor Spencer and Members of the Lake Stevens City Council:

First and foremost, thank you for Lake Stevens' partnership with the Snohomish Health District in 2017. Your contributions have enabled the Health District to deliver much-needed public health services to Lake Stevens and throughout Snohomish County.

This has been a year of transition for the Health District, from leadership changes and working toward the sale of the Rucker Building, to a consideration of merger with Snohomish County. Through it all we have continuously focused on internal and external improvement, specifically moving toward a simpler, safer, and healthier Snohomish County. Attached is a fact sheet outlining public health services in your city that aligns with these principles.

It has also been a year with headlines dominated by the public health epidemic of opioids. Not a single community or neighborhood has been spared. Multiple cities requested the Health District respond to the epidemic, and we did, as outlined in our 2017 per capita funding request. We had a plan and, with the support of cities and Board of Health, we made progress on some of the immediate problems outlined in our plan while working to build long-term answers for others.

Our Board of Health Chair Adrienne Fraley-Monillas and I co-wrote the attached op-ed in the Everett Herald last month. In it we outline the Health District's response to opioids and our plan for future direction.

Consideration of Merger with Snohomish County

On September 12, the Board of Health unanimously passed Resolution 17-22 (attached) stating its desire to remain independent of Snohomish County. This was in response to the Snohomish County/Health District Merger Issues Analysis prepared by Dave Gossett for the Snohomish County Executive. While the analysis did not provide a specific recommendation, it gave compelling reasons for the Health District to remain separate from the county.

While Mr. Gossett commended the Health District for its prudent fiscal management through challenging financial times and ability to respond to public health crises, he also provided recommendations for improving the agency. A key recommendation was to create **mission clarity**. From outward appearance, the Health District is a collection of services that don't appear to align with a specific focus, set of goals, or line of business. It's true that the Health District has broad program areas, and much of that is derived from state law that directs our work. Specifically RCW 70.05.060 states, among other things, that local boards of health shall *supervise the maintenance of all health and sanitary measures for the protection of public health within its jurisdiction*.

The Health District must continue to improve communicating its role in the community. We will do this by leveraging our ability to adapt and evolve to meet emerging demands and financial challenges while taking advantage of new opportunities. We strive to be a high-achieving agency, and we believe we're on the right path as the community's chief health strategist.

November 22, 2017
City of Lake Stevens
Page 2 of 3

What's Next?

Over the past several years, the Health District has undertaken a series of strategic initiatives, including pursuit of accreditation through the Public Health Accreditation Board (PHAB). This initiative was never adequately resourced, but we have recently reassigned an employee to be our full-time coordinator and plan to be completed in 2019. There is no better time than now to pursue this goal. We strive to meet the highest standards in providing public health services. Becoming accredited demonstrates our commitment to value and dedication to community.

We also continue to pursue financial sustainability and stability. Areas we're working on include:

1. Improved maximization of grants and contracts. This has been improved with new monitoring procedures, but we're also updating our financial software system (current one is from 1997), which will provide us greater oversight.
2. A new environmental health fee schedule based on the actual costs of delivering services. A one-year time-study was conducted, and the Board of Health approved the new schedule at the November Board meeting. This will provide better cost-recovery for many of our services.
3. Working with other local public health agencies, the state Department of Health, and the Legislature on adequately funding all foundational public health services through the Public Health is Essential campaign. The state's 2017-19 budget provided a small down-payment for these services.
4. Development of a way to ease between up and down years through use of our fund balance. This is something that will be developed in 2018.

Continued Partnerships

We seek long-term, mutually beneficial partnerships with all the cities and towns in Snohomish County. This partnership includes:

1. Planning, prevention, and response to emerging and ongoing public health issues including, but not limited to, the opioid epidemic.
2. Ongoing executive connection and engagement with Lake Stevens and coalitions within your city that work to achieve positive health outcomes.
3. Specialized data and report services.
4. Health-related policy development and communication services.
5. Supporting Lake Stevens' priorities and goals. Whether it's education, transportation, economy, or public safety, it's all connected with public health, and we have something to contribute.

Without city participation and association, public health services will be diminished, specifically around prevention. Over the past several years, the majority of the Health District resources have been spent on response/outbreaks rather than prevention, which becomes a downward, self-defeating spiral. As we invest more of our resources on response/outbreaks, we invest less in prevention, resulting in more outbreaks, etc.

However, in 2017 we began to turn a corner due to city and county investments. We started looking longer-term at health issues in Snohomish County and digging into root causes of poor health. With new resources, we were able to hire an epidemiologist and policy analyst, and retain a public health nurse. These key positions are necessary to support the important work of public health nurses, disease intervention specialists, environmental health specialists, and others at the Health District to break away from the previous status quo.

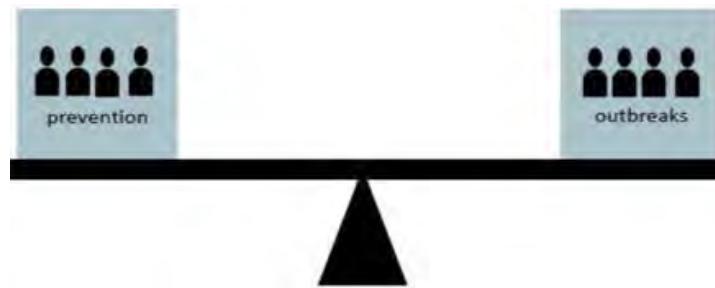

November 22, 2017
City of Lake Stevens
Page 3 of 3

The Health District Previous Status Quo

Public health is a shared responsibility. We request Lake Stevens continue to contribute to the Health District to support our partnership and critical services, and to achieve more of an “ideal state” for the Health District. This ideal state is where prevention and outbreak/response are balanced and we’re able to prevent illness, injury, and premature death, regardless of its source.

The Health District Ideal State

We are humbly asking for \$2 per capita contributions from Snohomish County and each city in 2018. We understand each jurisdiction has different resources and needs. While the funding is important, the relationship is more so. Any investment will pay dividends for Lake Stevens, as we hope you found this year.

If you have questions, please contact me at jketchel@snohd.org or on my mobile at (425) 512-6294.

Sincerely,

Jefferson Ketchel, MA RS
Administrator
Snohomish Health District

Att: Working Together for Lake Stevens
BOH Res. 17-22
Seven-day Overdose Count
Op-Ed – The Everett Herald

Working Together for Lake Stevens

At the Snohomish Health District, we believe the community is our client. We also believe that our clients—the residents, visitors and businesses in Lake Stevens—deserve healthy places to live, work and play. We've been working hard in 2017 to promote healthy habits, prevent illness due to communicable disease, and protect your food, water and environment from health threats. Here are a few highlights of how we've been striving to make things simpler, safer and healthier in Lake Stevens:

SIMPLER

- Created www.SnohomishOverdosePrevention.com for residents to find opioid information and resources.
- Launching online portal for customers to view inspection reports, submit complaints, pay fees, request birth & death certificates, submit plan review applications for onsite sewage systems and view status, and more.

SAFER

- Developing procedures to help local law enforcement in accidental opioid exposures.
- Implemented new secure medicine return program, with a drop box at the Lake Stevens Police Department.
- Distributing new needle clean-up kits for residents to safely collect and dispose of needles.

HEALTHIER

- Coordinated with the Lake Stevens School District on the mumps response earlier this year.
- Delivered customized “No Smoking, No Vaping” signs for Lake Stevens to install in city parks.
- Investigated cases in Lake Stevens related to pertussis, potential exposure to rabid bats, and STDs.

To learn more about these topics, or to schedule time with a subject matter expert, please contact Heather Thomas, Public & Government Affairs Manager, hthomas@snohd.org or 425.339.8688.

**SNOHOMISH HEALTH DISTRICT
RESOLUTION OF THE BOARD OF HEALTH**

RESOLUTION NUMBER: 17-22

RESOLUTION SUBJECT: STATING THE BOARD OF HEALTH'S INTENT FOR THE SNOHOMISH HEALTH DISTRICT TO CONTINUE TO OPERATE AS A SEPARATE AND INDEPENDENT MUNICIPAL CORPORATION PURSUANT TO CHAPTER 70.46 RCW

WHEREAS, the Snohomish Health District was originally established by resolution of Snohomish County Board of County Commissioners on November 24, 1958, with an effective date of January 1, 1959; and

WHEREAS, the Snohomish Health District has operated pursuant to a Charter originally created January 1, 1959, and last amended December 13, 2016; and

WHEREAS, the Snohomish Health District is an independent municipal corporation, incorporated under the provisions of Chapter 70.46 RCW, with Snohomish County, cities, and towns within Snohomish County as members of the Snohomish Health District; and

WHEREAS, in March 2016, the Health District entered into a contract with the William D. Ruckelshaus Center to conduct a situation assessment regarding perspectives on how the Health District should provide public health services, fund those services, provide effective and efficient governance, and identify opportunities for collaboration. On Sept. 13, 2016, the final report dated Sept. 9, 2016, was presented to the Board of Health; and

WHEREAS, on October 31, 2016, Snohomish County entered into a contract with Mr. Dave Gossett to "provide consulting services to County Executive leadership regarding a preliminary analysis of issues associated with the possibility of Snohomish County taking over all or some of the Snohomish Health District's activities"; and

WHEREAS, on August 8, 2017, Mr. Gossett presented his findings and written report to the Snohomish Health District Board of Health; and

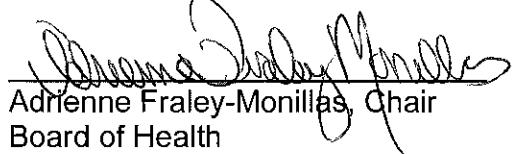

WHEREAS, during the subsequent discussion, and after due consideration at its meeting of August 8, 2017, the Board of Health expressed its desire to continue to operate as an independent municipal corporation and remain separate from the County and unanimously approved a motion stating its intent and directing the preparation of this Resolution; and

WHEREAS, this resolution formalizes the Board's desire to continue to operate as an independent municipal corporation;

Resolution 17-22 of the Board of Health

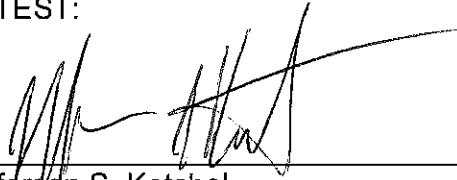

NOW, THEREFORE, be it resolved that it is the Board of Health's desire for the Health District to continue to operate as a separate and independent municipal corporation under Chapter 70.46 RCW.

ADOPTED this 12th day of September 2017.

Adrienne Fraley-Monillas, Chair
Board of Health

ATTEST:

Jefferson S. Ketchel
Interim Administrator

Opioids in Snohomish County:

A Point-in-Time Survey of Overdoses from July 17-23, 2017

Partners from across Snohomish County took part in a first of its kind data collection focused on opioid overdoses. The information shown below represents reports from local fire, police, EMS, hospitals and clinics over seven days.

Overdoses were evenly split amongst genders, with 18 females and 19 males.

The youngest age was 16 and the oldest was 52, with half of the overdoses being 21-30 year olds.

Monday had the highest number of overdoses, with Thursday and Sunday having the fewest.

Nearly half of the overdoses (16 total) happened between noon and 6 p.m.

When looking at race, 73% of the patients were White. Five were unknown, and the remaining five were either Alaska Native, American Indian, Black, or Hispanic/Latino.

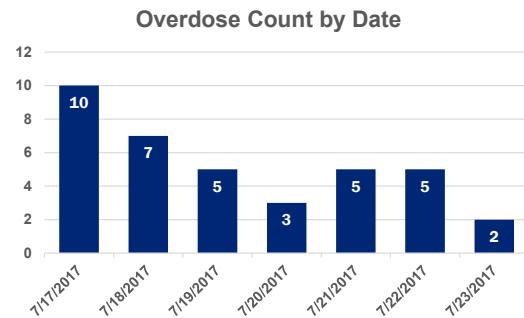

Of the 37 individuals who overdosed, 38% did not have 911 called in response to their medical emergency. This is likely because of increased community training and availability of naloxone.

DISCLAIMER: The data included in this summary is based on voluntary reports received from partners, and should not be considered exhaustive or lab-confirmed

OVERDOSES AND DEATHS

During the 7-day period, a total of 37 overdoses were reported that appeared to be related to opioids. Unfortunately, 3 of those overdoses resulted in death.

10 overdoses in one day
reported on July 17, 2017.

USE OF NALOXONE/NARCAN

Naloxone, also known as Narcan, is an overdose reversal drug. It is not addictive, nor can it harm a person if used improperly. During this 7-day survey, 70% of the reported overdoses appeared to have been given naloxone or Narcan.

24 lives saved

because naloxone was given during an overdose.

11 patients

received naloxone or Narcan from police or EMS.

16 people

were given naloxone by a friend, family member or bystander.

TYPES OF OPIOIDS USED

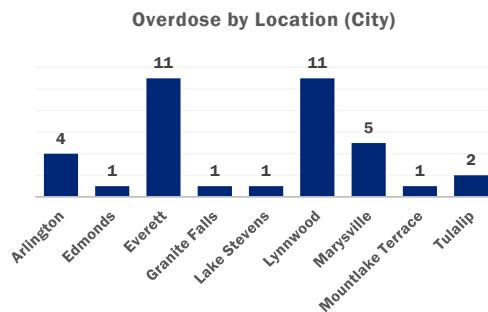

While no toxicology reports were analyzed, overdoses were predominantly due to heroin. In a handful of cases, the overdoses appeared to include a combination of heroin and other drugs like crack, cocaine, Xanax, prescription opioids and alcohol.

"Only been injecting a few months; smoking before that. Dope was strong. Only used a little but 'went out'."

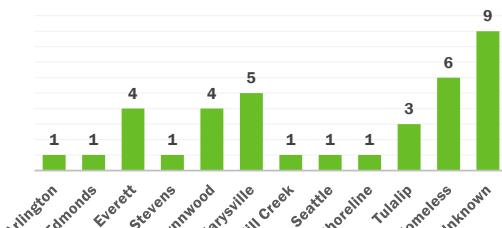

One patient's account

LOCATION AND CITY OF RESIDENCE

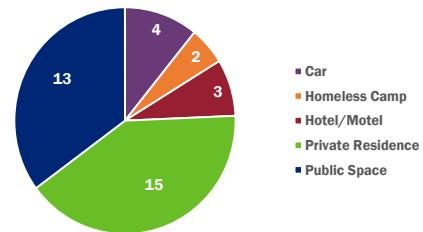

Data was gathered on the location of overdose, both type and city, as well as where the patient identified as place of residence. All but two patients were Snohomish County residents. Due to the reporting form, we are not able to differentiate between city limits and unincorporated areas of the county.

Place of Residence (City)

Overdose by Location (Type)

Opioid epidemic and the future of Snohomish Health District

A year ago, the health district had not fully engaged with the problem. That's changed.

Saturday, October 7, 2017 1:15pm | **LIFE**

By Adrienne Fraley-Monillas / Board of Health

and Jefferson Ketchel / Snohomish Health District

Just a year ago, the Snohomish Health District stood at a crossroads as described in a Sept.19, 2016, Daily Herald article: “Once excellent” Snohomish Health District now “crumbling away.”

Our director and health officer of 10 years had announced his retirement, the Ruckelshaus Center had released its situation assessment report painting a picture of disengagement and obscurity, and the weight of a potential merger with Snohomish County and chronic underfunding persisted.

In parallel with these operational issues, the opioid epidemic was ravaging our communities, and the health district had not fully engaged with the problem. State law mandates that the district “supervise the maintenance of all health and sanitary measures for protection of the public health within its jurisdiction,” but it was limited in how it could use the majority of the funding — and opioids were not a funded item.

A change of direction was critical if the health district was going to deliver on this mandate and its mission “to improve the health of individuals, families, and communities through disease prevention, health promotion and protection from environmental threats.” Our leadership, with Board of Health support, approached cities and Snohomish County to form a partnership to protect existing programs and to enhance public health services, as well as address opioids. Each city and the county was asked for \$2 per capita. They answered positively, and we launched our enhanced opioid efforts.

System changes to address opioids

From a public health perspective, opioid use disorder is a disease, not a failure of will. As a society, we create systems and environments that make illness or wellness easier or more difficult to achieve.

Several decades ago, tobacco use was prevalent throughout society, and smoking indoors was the norm. This norm was supported by policies that allowed this behavior, as well as a system that promoted tobacco use. Through system change, we began limiting advertising and the locations where products could be used, while also working to make services to aid quitting more available. This resulted in a decline in tobacco use by helping users quit and preventing youth from starting.

The same approach goes for opioids. We must change the system of how and why people misuse and abuse, as well as provide treatment options and reduce the collateral damage. We do not have a single silver bullet for prevention, but we do have many solutions at our disposal. In the past six months, the health district and its many community partners have made significant strides:

We implemented the eighth secure medicine take-back program in the nation, funded by the pharmaceutical industry. It now operates at local law enforcement locations and pharmacies around the county. Information can be found at www.med-project.org.

A one-stop-shop for opioid information and resources was launched and can be found at www.snohomishoverdoseprevention.com.

Community syringe cleanup kits are available at the health district's Everett location, as well as from some other government partners.

We have distributed lock bags at community events so prescription drugs can be securely stored at home.

Innovative sources of data to report and track the opioid epidemic are being explored and carried out, such as the seven-day overdose count we oversaw in July.

We've maintained our services of working with law and code enforcement officers to clean up nuisance properties.

Our WIC/First Steps programs and public health nurses continue to work with at-risk and addicted parents to break the cycle by raising a healthy next generation.

And we're collaborating with multiple local partners in developing the next phase. A lot has been accomplished, but there is still much more to do.

The future

We envision a future where the Snohomish Health District is viewed as the community's chief health strategist. As the world changes, we must also change to meet current and future demands. Being the chief health strategist means knowing in real time the health of the community, being nimble and adaptable to new causes of illness and injury, and targeting those causes of illness quickly and effectively. It means collaboratively working with traditional and nontraditional partners to get the job done by being approachable and accountable, customer-savvy, and modern through the use of technology. We have also started the journey to national public health accreditation and expect it to be completed in 2019.

The Ruckelshaus Center stated in its assessment that "interviewees envisioned a future where public health would be recognized, relevant and of value to the people of Snohomish County."

We couldn't agree more, and if the past six months are an indication of the next six years, we are well on our way.

Adrienne Fraley-Monillas is the chairwoman of the Board of Health and a member of the Edmonds City Council. Jefferson Ketchel is the interim administrator of the Snohomish Health District.

City of Lake Stevens

Memo

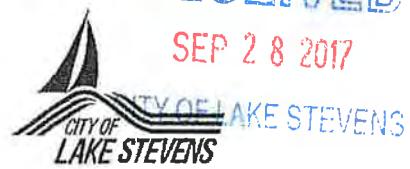

To: **City Council**
From: **Mayor Spencer**
Date: **November 28, 2017**
RE: **Arts Commission Appointments**

Currently Positions 4 and 6 on the Arts Commission are vacant. The City advertised and received six applications. All applicants were contacted and invited to interview; two of the applicants did not return calls made to them. On November 9, 2017, Parks and Recreation Coordinator Jim Haugen, Arts Commission Chair Steven Apodaca and I interviewed the four candidates who did return calls. Following those interviews there was agreement of the interview panel to support the nomination of Sara Brown to Position 4, and Katherine Wyant to Position 6 of the Arts Commission. Both nominees were advised of the nomination process and successfully completed a Washington State Patrol background check. If both nominees are appointed, both terms of appointment would expire December 31, 2020. Attached are the applications for Ms. Brown and Ms. Wyant.

It is my recommendation that Ms. Brown's and Ms. Wyant's nomination to the Arts Commission be confirmed and that they be appointed to positions 4 and 6, respectively, with terms expiring December 31, 2020.

Arts Commission

Board/Commission Being Applied For

NAME: Sara Brown

DATE: 9/28/17

ADDRESS: 13027 12th PL NE

HOME PHONE: 4257602177

CITY/ZIP: Lake Stevens, WA 98258

WORK PHONE: 2069877064

EMAIL ADDRESS: sara.brown@mac.com

CELL PHONE: 4257602177

Are you a City resident? Yes

If yes, how long? 7 years

Are you a registered voter? Yes

For Civil Service Commission ONLY: Political Affiliation:

(Required per LSMC §2.68.020 C: At the time of appointment, not more than two civil service commissioners shall be adherents of the same party.)

NAME/ADDRESS OF EMPLOYER (and type of business): Seattle Children's Hospital - Seattle, WA

EDUCATIONAL BACKGROUND (including year graduated and degrees): Masters of Healthcare Administration 2005
BA Sociology 2001, Certificate of Health Care Risk Management 2008

PROFESSIONAL EXPERIENCE: Chief Privacy Officer of large pediatric organization, 2015 graduate of Leadership Snohomish County, 12 years health care operations and regulatory administration with The Everett Clinic, all roles requiring strategic planning and project management skills

ORGANIZED AFFILIATIONS: Domestic Violence Services of Snohomish County- Honorary Board member 2016-2017
Continued affiliation as participant on DVS's advisory board

WHY ARE YOU SEEKING APPOINTMENT? I would be grateful for an opportunity to contribute to the betterment of our community and to set a good example for my children. My experience in Leadership Snohomish County opened my eyes to all the inter-workings of a community/government and I believe that the arts are important to building a thriving place to live.

WHAT QUALITIES DO YOU POSSESS THAT WOULD ENABLE YOU TO FULFILL THE POSITION? I have strong leadership, communication, project management, and organizational background. Additionally, I am a lover of the arts- daughter of an art teacher, married to a one man band, and so appreciative of the positive impact arts have on our community.

**CITY OF LAKE STEVENS
CITY COUNCIL WORKSHOP MEETING MINUTES**

Tuesday, November 14, 2017
Lake Stevens School District Educational Service Center (Admin. Bldg.)
12309 22nd Street N.E. Lake Stevens

CALL TO ORDER: 5:59 p.m. by Mayor John Spencer

ELECTED OFFICIALS PRESENT: Councilmembers Kim Daughtry, Gary Petershagen, Kurt Hilt, Rauchel McDaniel, Kathy Holder and Todd Welch

ELECTED OFFICIALS ABSENT: Marcus Tageant

STAFF MEMBERS PRESENT: Finance Director/City Clerk Barb Stevens, Community Development Director Russ Wright, Police Commander Jeff Beazizo, Ron Brooks, PW Director Eric Durpos, Economic Development Coordinator Jeanie Ashe, Deputy City Clerk Kathy Pugh

OTHERS: Snohomish County Executive Dave Somers and Lacy Harper, Manager of External Affairs

Mayor Spencer called the meeting to order at 5:59 p.m. and Councilmembers introduced themselves.

Executive Somers introduced himself and shared his background. Before becoming County Executive, he previously served on the County Council. Executive Somers shared an historical perspective of his experience with Highway 9 from his early career days, including commuting from Kirkland to the Verlot Ranger Station.

Executive Somers commented that Snohomish County is one of the fastest growing counties in the nation, and he does not expect growth to abate. This is a blessing, with some downsides, including traffic. Executive Somers has a long-term interest of doing the best we can with land use planning. He noted that he and Mayor Spencer are working together on land use planning with Snohomish County Tomorrow (SCT). Executive Somers commented on the County's comprehensive plan which was recently completed, and noted some areas are already hitting their growth targets.

Executive Somers believes it is important to begin conversation now between the cities and the county on how to handle the future population growth that is coming. He shared that he became president of the Puget Sound Regional Council (PSRC) in the spring of 2017, which is a regional council that also has a regional vision plan, Vision 2040. PSRC is going to be updating Vision 2040 over the next couple of years, and Executive Somers said there is a lot of interest in the region in taking a fresh look at this plan, and as a subset, he wants to talk about what Snohomish County wants to do and what it wants to see in the future.

Executive Somers said SCT held a workshop approximately two months ago that was very well attended where there was a lot of positive energy and interest in addressing the issues facing the county. SCT wants to begin now to look at Vision 2040, what the regional strategy is, and

how Snohomish County wants to handle growth. Snohomish County is expecting another 200,000 people in the next twenty years. The last time this plan was visited, Snohomish County followed the regional plan, but Snohomish County has higher than projected growth rates. Executive Somers believes it is important to plan now for the increased population, and the growth that is happening. He believes every City Council and every City Councilmember should be part of the conversation on planning for the future. PSRC will begin scoping the regional discussion of Vision 2040 in January, which will be a two-year process.

Executive Somers said he is going through his budget process and reviewed aspects of his budget proposal and what the County Council is considering. He noted the Long Range Planning Department was staffed at 48 people prior to the recession, and is currently staffed at 11 people. The criminal justice departments seem to absorb a lot of the budget, at 76% of the general fund budget.

Executive Somers commented on the U.S. 2 Trestle discussions and the creative discussions on finding relief and upgrades for the Trestle at a faster pace than the State may be able to provide. All of the options are conceptual at this time.

Executive Somers next commented on the opioid epidemic and said that it affects all parts of Snohomish County. He noted the vote on the criminal justice sales tax that would have provided some additional resources to assist with homelessness and opioid addiction issues failed by a small margin. He believes cities and the county will need to work collaboratively to align resources and address these issues, and explained a model for coordinating efforts.

Executive Somers reported that commercial air service at Paine Field is on track to begin in the summer of 2018. Construction is underway for the terminal and Alaska Airlines and United are queued up to provide service, with other airlines also interested in providing service. The terminal capacity will be 24 flights per day, with 12 flights in and 12 flights out.

Responding to Mayor Spencer's question regarding a buildable lands report, Executive Somers said the state has hired a consultant, and he anticipates there will be attempts at changing the state law. Everett has a zoned capacity to absorb population growth at 60,000, and there is a lot of pressure to expand the south county urban growth boundaries. Executive Somers noted the south county area is more suburban in nature, with no sidewalks and low-grade county service levels. Executive Somers commented that taxation of low density residential areas does not support services to those areas. He noted that cities rely on sales tax, but the county really does not have that, and the goal is to make sure that the county and cities accommodate growth as best as possible.

Executive Somers agreed with Councilmember Daughtry's comments that the SCT member cities need to be involved with the Vision 2040 process, and also reaching out to SCC as those councilmembers are active in regional issues. Executive Somers also agreed that a partnership between SCT and SCC would be beneficial.

Mayor Spencer suggested it would be interesting to find out from citizens what drives the concerns on growth vs. no growth. Mayor Spencer believes the driving force is the traffic, or the lack of parks, or other things that citizens value as community resources.

Councilmember Welch responded that as a commuter, he believes the commute traffic is the problem. He said it is not only the Trestle, but the main arterials are inadequate and not built to

current capacity needs. Councilmember Welch also commented there is not a plan in place for increasing arterial road capacity.

Executive Somers agreed with Councilmember Welch's comments, and noted there is no funding at the state level for road improvement of state-owned roadways in rural areas, such as SR 524 east of Lynnwood. SR 524 was previously owned by the county and taken over by the state; if the county took SR 524 back, the county could charge mitigation fees for roadway improvement that the state does not charge.

Councilmember Welch asked if Sound Transit fees and taxes are directed to one project and deter support of the voters for other projects, and suggested that people do not want to live in Everett.

Executive Somers responded that things change over time, and that if there are good job opportunities and residential development, there is the possibility of drawing people into cities such as Everett.

Councilmember Holder commented that Everett has so much potential with the waterfront, views and downtown area.

Councilmember Hilt asked about the estimated economic impact to the region with the opening of the regional airport at Paine Field, and how does that change estimated growth projections.

Executive Somers responded he does not know the answers, but that there was a "weak" economic analysis completed by the FAA when they did the federal environmental impact statement. Executive Somers does not believe the airport will change the growth trend significantly, but it will solidify the county's ability to hold and retain companies, and maybe bring in some new companies. It will be important to compare capacity vs. demand.

Commenting in Arlington's airport, in response to Councilmember Welch's question, Executive Somers said that there has not been investment in Arlington's airport in years. Concerns regarding the Arlington Airport for commercial use include the length and lack of quality of the runway.

Councilmember Welch is looking for ways to make this area a better area for businesses. He noted that businesses such as REI and Expedia are not relocating north. Executive Somers responded that the PSRC recently completed a process that will designate the Arlington Airport area as a manufacturing industrial center under the regional plan, making it eligible for federal dollars to assist with transportation infrastructure.

Turning to local issues, Mayor Spencer commented on Cavelero Park and said that the momentum to design and develop the park has faded. He noted the county will invest more funds than originally promised, and the City will be investing a lot more than originally promised, and the state money is still there. The City would like to see this project moved forward. Mayor Spencer commented that in the bigger picture the City would like to be viewed as an area for sporting events. Mayor Spencer commented on the Lake Stevens Community Park and said the City would like to work with the County to make that a bigger park. Mayor Spencer said the City wants to drive the idea that the Lake Stevens downtown area is really well suited for people to visit while using the Centennial Trail, to have bicycle events begin and end in Lake Stevens and to have more soccer and lacrosse fields. He noted that the City just acquired the park at

Frontier Heights, and this will benefit the neighborhood. Mayor Spencer said maybe there are partnerships with the county here.

Councilmember McDaniel said that promises have been made about Cavelero Park and there is a need to follow through.

Mayor Spencer then commented on the future annexation of the area between Snohomish and Lake Stevens at the U.S. 2 / Highway 9 intersection. He said there are a lot of ways to view how this intersection is developed, or not developed, but he does not believe a big box store, fast food or gas station should be sited at that intersection, and there is not a need to compete with neighboring cities' retail. Mayor Spencer believes this needs to be discussed. Executive Somers agreed that a conversation needs to take place.

Mayor Spencer added that Lake Stevens has a budding industrial area and that a discussion about industrial land needs to take place.

Executive Somers commented on the county's economic development office and said it has been restructured, with nine sectors identified. One of the sectors is Recreation and Tourism, and Tom Teigen is the lead for this sector. He noted that the regions beauty and recreational opportunities attract tourism and he will check with Mr. Teigen regarding Cavelero Park.

Mayor Spencer said that the city's Economic Development Coordinator, Jeanie Ashe, and Parks and Recreation Coordinator, Jim Haugen are the point people for the city for parks and tourism. He added that the park has a lot of community support, and that an indoor sporting facility at Cavelero Park would be great.

Councilmember Welch said it would be unfortunate to lose the community excitement for the Cavelero Park development.

Executive Somers suggested that next year it might be appropriate to have a joint meeting with the County, Lake Stevens and City of Snohomish.

Mayor Spencer commented on the opioid issue and said that the city formed a Veterans Commission to provide services to veterans in the community. One of their missions will be to create a center in the city that can provide services to veterans who need assistance, whether it is getting a job, counseling or addiction therapy.

Executive Somers said it would be helpful to know what the Snohomish Health District is doing, so that the city can determine what it needs to do, and to avoid duplication of efforts.

Adjourn:

There being no further business, the meeting was adjourned at 6:57. p.m.

John Spencer, Mayor

Kathy Pugh, Deputy City Clerk

**CITY OF LAKE STEVENS
CITY COUNCIL REGULAR MEETING MINUTES**

Tuesday, November 14, 2017
Lake Stevens School District Educational Service Center (Admin. Bldg.)
12309 22nd Street N.E. Lake Stevens

CALL TO ORDER: 7:01 p.m. by Mayor John Spencer

ELECTED OFFICIALS PRESENT: Councilmembers Kim Daughtry, Gary Petershagen, Kurt Hilt, Todd Welch, Rauchel McDaniel and Kathy Holder

ELECTED OFFICIALS ABSENT: Councilmember Marcus Tageant

STAFF MEMBERS PRESENT: Finance Director/City Clerk Barb Stevens, Community Development Director Russ Wright, Human Resources Director Teri Wright, Public Works Director Eric Durpos, Police Commander Jeff Beazizo, Deputy City Clerk Kathy Pugh, City Attorney Grant Weed, Economic Development Coordinator Jeanie Ashe, Commander Ron Brooks, Senior Engineer Cory Nau, Senior Planner Josh Machen

OTHERS: Kurt Mills, SnoPac Executive Director

Pledge of Allegiance: Council President Kurt Hilt led the Pledge of Allegiance.

Roll Call: Moved by Councilmember Welch, seconded by Councilmember Petershagen, to excuse Councilmember Tageant from the meeting. On vote the motion carried (6-0-0-1).

Approval of Agenda:

Moved by Councilmember Welch, seconded by Councilmember Daughtry, to approve the agenda as presented. On vote the motion carried (6-0-0-1).

Citizen Comments:

Lance Morehouse, Executive Director Sherwood Community Services, 402 901st Avenue NE, Lake Stevens, spoke in support of establishing specific human services funding in the budget. He suggested methods for identifying priorities and then designating funding for specific priorities. Mr. Morehouse suggested \$100,000 be included in the 2018 budget for human services.

Council Business:

- Councilmember Daughtry: Economic Development.
- Councilmember Petershagen: Sewer District, Parks subcommittee, Planning Commission.
- Councilmember Hilt: Fire Commissioner Meeting, State Board of Health, Snohomish Health District, thanked staff for the work they do.

- Councilmember Welch: Arts Commission.
- Councilmember McDaniel: Planning Commission, Historical Society, Economic Development, Admin. Subcommittee.
- Councilmember Holder: Economic Development and Parks subcommittees, tree lighting December 2nd with Santa.

Mayor's Business: Snohomish County Tomorrow, attended several meetings regarding U.S. 2 Trestle replacement, 2018 Legislative Agenda with Doug Levy at next Council meeting, Master Builders Legislative Agenda.

City Department Report:

- Community Development Director Wright: City does participate in Snohomish County Tomorrow and is on both the Steering and Advisory committees; he reviewed some of the recent SCT topics related to the UGA and the Vision 2040 strategy, Planning Commission, Winterfest, Beautification Plan, Planning Bootcamp on December 8.
- Public Works Director Durpos: Storm problems, work is targeted to get in front of issues and be self-sustainable.
- Police Commander Beazizo: Emergency Management Coordination Center with partner agencies, hiring update.
- Human Resources Director Smith: Open-enrollment with some significant benefit changes, Guild negotiations.
- Finance Director/City Clerk Stevens: Asked about the Council meeting scheduled on December 26, and there was consensus to cancel the meeting by motion on the November 28, 2017 consent agenda.

Consent Agenda:

MOTION: Moved by Councilmember Welch, seconded by Councilmember McDaniel, to approve (A) 2017 Vouchers [Payroll Direct Deposits of \$168,593.98, Payroll Checks 43780-43782 totaling \$5,343.90, Tax Deposits of \$65,522.61, Electronic Funds Transfers (ACH) of \$148,619.20, Claims Check Nos. 43777-43779, 43783-43916 totaling \$1,040,065.86, Void Check Nos. (None), Total Vouchers Approved: \$1,428,145.55], (B) City Council Workshop Meeting Minutes of October 24, 2017; (C) City Council Regular Meeting Minutes of October 24, 2017, and (D) Subscriber Agreement with Public Safety Testing. On vote the motion carried (6-0-0-1).

Public Hearing:

First Reading of Ordinance No. 1005 Adopting 2018 Budget: Mayor Spencer opened the Public Hearing. Finance Director Stevens presented the staff report and said this is a first reading of Ordinance 1005 adopting the 2018 Budget. The second reading is scheduled for the November 28, 2017 Council meeting. She reviewed the proposed 2018 budget, including projected revenues and expenditures, and changes made to it since the Council's workshop on October 24, 2017. She then responded to Councilmembers' questions.

Councilmember Holder asked about the Information Technology Network/Security Analyst position, and Director Stevens responded this is not a new full time employee (FTE), but a reclassification of the current IT Specialist who is already doing this work. Other employee reclassifications include the Assistant Planner to Associate Planner and the Deputy City Clerk to

City Clerk. The .6 FTE is the Senior Planner position that was just recently approved by Council and was filled by an existing Senior Planner who wished to move to part time from full time.

Councilmember Hilt commented on the forecast model, noting there are no new large revenue sources, such as retailers or commercial development, and that the budget is based on the current population, and Director Stevens confirmed this.

Responding to Councilmember Holder's question regarding assumptions related to surface water treatment regarding the phosphorus and alum treatments and how annexations will affect these assumptions, Director Stevens said these annexations do not have a big impact.

Councilmember Petershagen asked how the public will find the actual lists of capital projects related to traffic and pedestrian projects. Director Stevens advised that staff is currently updating the lists related to the Capital Improvement Projects (CIP). She reviewed that what is in the 2018 budget only represents a small number of the CIP projects.

Mayor Spencer responded to Councilmember Petershagen's question as to what streets will be overlayed in 2018, saying that as far as sidewalks are concerned the budget reflects a placeholder and no decisions have been made on which sidewalks will be done. City Administrator Brazel is working with Public Works Director Durpos on an idea of using not only the WSDOT funds for safe sidewalks to schools, but also looking at the feasibility of the City purchasing its own forms and establishing its own crews to put sidewalks in more quickly and a lower cost. Mayor Spencer commented on the Street Fund saying that there are a number of roundabouts and other improvements that are identified. Other street work has not yet been identified. Regarding the roundabouts, specifically the one planned for Market and 91st will be constructed. There is still a list of sidewalks that was developed about five years ago that will be used as a start point to identify sidewalk improvements.

Director Durpos added that the City is working with WSDOT on the roundabout at 91st and Market, and it looks like it will work.

Mayor Spencer said the City needs to address the horrible conditions on 20th Street SE, and the resultant problems with the feeder streets, and there are some improvements that can be made that will provide some relief.

Mayor Spencer invited public comment.

Anne Anderson, Executive Director of the Lake Stevens Community Food Bank Director, 2111 117th Avenue NE, Lake Stevens, supports Human Services Funding to benefit many of the charities in Lake Stevens.

Mayor Spencer asked for additional public comment and there was none. He then closed the public comment portion of the Public Hearing, and asked for any additional questions by Council.

Responding to Councilmember Daughtry's question regarding funding for human services, Director Stevens said that the budget includes funding for the Senior Center at \$40,000 and \$30,000 for the Snohomish Health District. Also, there is funding for consultants for the Veterans Commission. All three of these items of which have a human services focus. Director Stevens asked if Council is looking to move the budget to \$100,000 from where it is now, or if

another \$100,000 is being requested for human services. Moving the budget to \$100,000 would have minimal impact.

Mayor Spencer suggested moving the budget up to \$100,000. He said he looks at the budget in terms of how do upward adjustments to the budget affect the City's reserves.

Councilmember Daughtry would like to see an additional \$100,000 added to the budget.

Councilmember Holder reminded at one time the City did have specific Human Services Funding.

Councilmember Daughtry recalled the problem with this budget item was that recipients of human services funding did not report back on how the funds were spent.

Councilmember Hilt asked that Director Stevens show the budget impact of both adding an additional \$100,000 and increasing the budget to \$100,000 for human services funding.

Mayor Spencer invited additional comments from Council and there were none, so he then closed the Public Hearing.

MOTION: Moved by Councilmember Welch, seconded by Councilmember Daughtry to hold the first reading of Ordinance No. 1005 adopting a 2018 Budget. On vote the motion carried (6-0-0-1).

Action Items:

Admin/Budget Subcommittee: Councilmember McDaniel reported that the subcommittee was updated on the property tax levy ordinance, and also on the change in insurance. Directors Stevens and Smith will provide detail with their staff reports.

Approve Ordinance No. 1006 Levying Taxes Upon All Real Property-Real, Personal and Utility: Director Stevens presented the Staff Report and said that Snohomish County requires all cities to submit an ordinance to them by November 30 of each year authorizing the County to collect taxes on behalf of the city. This year's increase would be a 1% increase. Director Stevens then invited Councilmembers' questions and there were none.

MOTION: Moved by Councilmember Daughtry, seconded by Councilmember Welch, to adopt Ordinance No. 1006, authorizing the collection of property tax levy for 2018 and setting the property tax levy. On vote the motion carried (6-0-0-1).

Approve Agreement with New York Life re Life Insurance: Human Resources Director Teri Smith presented the staff report and said that moving to New York Life to administer the employer-paid life insurance, accidental death and dismemberment, and long term disability insurance, will provide a significant savings in rates that allows the City to select better benefit options, and in some cases provides a significant increase to employee benefits. Director Smith then responded to Councilmembers' questions.

MOTION: Moved by Councilmember Hilt, seconded by Councilmember McDaniel, to authorize the Mayor to sign an Agreement between New York Life and City of Lake Stevens for life insurance. On vote the motion carried (6-0-0-1).

Approve Non-Represented Employee Pay Scale: Director Smith presented the Staff Report and said that the last salary schedule was approved in 2014. She reviewed the process for arriving at the proposed non-represented employee pay scale. With approval of the proposed non-represented employee pay scale, Council will also be approving a defined methodology for calculating the salary ranges and steps within each range for non-exempt and exempt non-represented positions. Director Smith explained that with the cost-savings in changing medical plans in 2018, there will be little cost impact to move to the proposed pay scale. Director Smith then responded to Councilmembers' questions.

Councilmember McDaniel commented that the subcommittee spent a lot of time on this, including scrutiny of the comparable cities. The result is a very clean and transparent process. She added that a review process will be implemented, and allowances will be put in place for long-term employees, which will benefit the City.

Mayor Spencer added that the City Administrator is asking all department directors to set goals for the year. The goals will be used to assess performance expectations and help ensure the City maintains high quality employees.

Responding to Councilmember Daughtry's question regarding comparable cities. Director Smith said represented employees look at their comparables a little differently. This year the single list worked for both represented nonrepresented employees.

MOTION: Moved by Councilmember Welch, seconded by Councilmember Hilt, to incorporate a new salary schedule for non-represented employees with the 2018 Budget. On vote the motion carried (6-0-0-1).

Economic Development Subcommittee: Councilmember Daughtry reported the subcommittee met today and discussed the resolutions for the Pellerin and Rhodora annexations. This included information that was presented about a potential new zoning designation that would reduce lot sizes but not as significantly as a High Urban Residential designation. Council will need to review to review this, and for now it is a placeholder. Councilmember Daughtry also provided a Visitor Information Center and Chamber update.

Approve Resolution 2017-18 re Pellerin Annexation: Senior Planner Josh Machen presented the Staff Report and reviewed the history of this annexation petition. The proposed annexation is located just south and east of the Lake Stevens city limits, just across South Lake Stevens Road, and is approximately 64 acres. Planner Machen said he did receive a letter from the petitioner indicating they would like to modify the boundary on the annexation to remove eight properties at the eastern side of the annexation. He then reviewed the history of the Council's annexation plan, beginning in 2016 with the passage of Resolution 2016-21.

Mayor Spencer asked that Planner Machen present the Staff Report for the Rhodora Annexation as well.

Approve Resolution 2017-19 re Rhodora Annexation: Planner Machen presented the Staff Report and reviewed the history of this annexation petition. The proposed annexation is located

at the northeast corner of South Lake Stevens Road and Machias Cutoff Road and extending north along the lake. The area is currently a mix of zoning areas in Snohomish County. There are several developments that are built out in this proposed annexation, and also an undeveloped area that is ripe for development. The undeveloped area was also discussed by the subcommittee as potentially being zoned in a new Compact Residential zoning. Before Compact Residential zoning could be approved it would have to go through the public process beginning with the Planning Commission, and final approval by the City Council.

Planner Machen then responded to Councilmembers' questions regarding both proposed annexations. There was discussion as to whether removing the eight properties on the east side of the Pellerin annexation would create an island. Planner Machen related his understanding is that these eight properties have already received approval from the County for subdivision and construction is scheduled to go forward next spring.

David Toyer of Toyer Strategic Consulting, 3705 Colby, Everett, said he has been working with property owners of both annexations and helped put together the 10% petitions. Speaking to the Rhodora Annexation he reviewed that three of the eastern property owners requested to be removed from the boundary, and he believes this makes sense because the eastern boundary will then be the Machias Cutoff Road, which is a cleaner boundary.

Turning to the Pellerin Annexation, Mr. Toyer confirmed that he was contacted this afternoon by several property owners in the northeast portion of the proposed annexation area, requesting that they be removed for the reason that they already have approved subdivision plans from the County.

Mr. Toyer said that in both the Pellerin and Rhodora proposed annexations, the property owners believe that the zoning identified in Resolution 2016-21 is appropriate. If Council approves these two 10% petitions it will allow both areas to move forward with 60% petitions.

PELLERIN ANNEXATION MOTION: Moved by Councilmember McDaniel, seconded by Councilmember Petershagen, to accept the 10 percent annexation petition and authorize the circulation of a 60 percent petition for the Pellerin Annexation, as amended, pursuant to Resolution 2017-18, and further recommend the City require the simultaneous adoption of land use and zoning designations and require the assumption of all existing City indebtedness.

Mayor Spencer invited Council discussion.

Councilmember Hilt said he would prefer to continue this to the next meeting, and said he is concerned about the Compact Residential zoning designation.

Councilmember Daughtry said his concern is more to the petitioner, in that they assumed their zoning designation would be High Urban Residential, and the subcommittee decided they would prefer a Compact Residential zoning at their meeting this afternoon.

Councilmember Petershagen commented it's only a 10% petition and there is a lot of process to go through before the annexation will be completed.

City Attorney Weed summarized the annexation process, including the timeline and required review by the Boundary Review Board. Attorney Weed said that authorization of circulation of a

60% petition starts the process over. He also noted the City can designate the zoning at annexation, but that is not caste in stone and rezones do happen.

Councilmember McDaniel commented the zoning was discussed extensively at the subcommittee meeting this afternoon, and approval of the resolution this evening give the petitioner the ability to move forward.

Mr. Toyer commented that the citizens in the Pellerin annexation area have the understanding that the zoning will be as identified in Resolution 2016-21, and what is being discussed tonight as far as zoning is new.

Councilmember Daughtry commented that throughout the recent election campaign, he and his opponent consistently heard from voters that they are concerned about rapid development and are looking for density relief.

Councilmember Holder also expressed concern about the impacts of annexation and potential increased development to the integrity of South Lake Stevens Road.

Councilmember McDaniel believed that annexation would give the City better control over how the roadway is maintained and improved.

Mayor Spencer reminded that Council was looking at a design to put a sidewalk in on South Lake Stevens Road, and ultimately it was determined it would be better to include sidewalks as part of a major improvement to that road.

VOTE: On vote the motion to approve Resolution 2017-18, regarding the Pellerin Annexation, as amended, carried (6-0-0-1).

RHODORA ANNEXATION MOTION: Moved by Councilmember Welch, seconded by Councilmember Daughtry, to accept the 10 percent annexation petition and authorize the circulation of 60 percent petition for the Rhodora Annexation pursuant to Resolution 2017-19, and further recommend the City require the simultaneous adoption of land use and zoning designations and require the assumption of all existing City indebtedness.

Councilmember McDaniel said that she attended the public meeting on the Rhodora Annexation.

Mayor Spencer stated that the motion is made with the understanding that staff will also be coming back with a recommendation for Compact Residential zoning for this area as well.

VOTE: On vote the motion to approve Resolution 2017-19, regarding the Rhodora Annexation, carried (6-0-0-1).

Public Safety Subcommittee: Councilmember Rauchel briefly reviewed the history of the effort to consolidate SnoPac and SnoCom, and said the new agency Snohomish County 911 will be in service effective January 1, 2018, and that all agencies wishing to receive dispatch services after this consolidation will have to sign the Interlocal Agreement being presented this event. It is staff's recommendation that Council approve this requested action.

Approve Ordinance No. 1007 re Interlocal Agreement Creating a New Emergency

Communications Agency: Commander Beazizo introduced SnoPac Executive Director Kurt Mills and said he will present the staff report and respond to any questions Council may have. Also, Attorney Weed is available to respond to questions.

Mr. Mills reviewed history of the two emergency dispatch centers, and bringing them together is a service enhancement, particularly because the need to transfer calls will be eliminated. The transition will take a year and will be smooth and transparent to community. Community members should not see any changes or interruptions to their service, except for those citizens whose emergency calls were transferred; the plan is to eliminate those transfer calls immediately.

Attorney Weed commented that because the City is a direct provider of law enforcement services it has the opportunity to join the new entity Snohomish County 911 as a “principal agency,” which means it is a direct participant and will participate in a caucus that selects the governing board members.

Mr. Mills added that Lake Stevens would be the largest city in what is the “small police” caucus. Board representation is from of a group of nine agencies. It will change to eight agencies with three votes and is almost identical to what is in place today.

Councilmember Hilt commented this is a good thing.

Attorney Weed noted a correction in the action. Council will be approving a resolution and not an ordinance. Deputy Clerk Pugh said the resolution number is 2017-20.

MOTION: Moved by Councilmember Welch, seconded by Councilmember Holder, to approve Resolution 2017-20 authorizing the Mayor to enter into an Interlocal Agreement creating a new regional emergency communications services agency. On vote the motion carried (6-0-0-1).

Public Works Subcommittee: Councilmember Petershagen introduced the next action item and said that Director Durpos will provide details. He added that because there was not a Public Works Subcommittee meeting, this was not reviewed by the subcommittee.

Award Bid and Approve Public Works Contract re Callow Road Frontage Improvements:

Public Works Director Durpos presented the Staff Report and reviewed the scope of the frontage improvements scheduled for Callow Road. Director Durpos noted the original idea was that the road improvements would be part of the mitigation completed by the developer for the Nourse property, but that is not a legal process, and because of this projects importance the City determined to take over the project. He reviewed the history of the request for bid and noted that fourteen bids were received and said that SRV Construction was the lowest responsive bidder. He then responded to Councilmembers’ questions.

MOTION: Moved by Councilmember Daughtry, seconded by Councilmember Petershagen, to award the Callow Road Improvements Lundein Parkway to Oak Road project to SRV Construction and authorize the Mayor to enter into a Public Works Contract in the amount of \$538,195.18, with an authorized administrative contingency of \$107,639.04. On vote the motion carried (6-0-0-1).

Approve Reimbursement of Attorney Fees to Frontier Heights Homeowners Association re Frontier Heights Park Property Transfer:

Parks Subcommittee: Councilmember Holder said that the payment of the Frontier Heights Homeowners Association attorney fees is a nominal fee in the grand scheme of the cost of acquiring park property, and the City taking over this park will ultimately increase the value of the neighborhood homes and provide additional park services to the community.

MOTION: Moved by Councilmember Hilt, seconded by Councilmember Daughtry, to authorize the Mayor to sign the Agreement to Pay Attorneys Fees of the Frontier Heights Homeowners Association related to transfer of the Frontier Heights Park to the City of Lake Stevens. On vote the motion carried (6-0-0-1).

Discussion Items:

Update on Interlocal Agreement with Snohomish County re Cavelero Park: Kathy Holder said this has been a very long process, and if the interlocal agreement is ready it is time to move forward.

Community Development Director Russ Wright commented the delay has been in the negotiation of the interlocal agreement. The City has provided comments and the County has been slower in returning documents. Final items to be resolved include what happens to the City's resources and financial contributions to the park if the County decides in the future to sell the park. If this were to occur the City believes the County should convey the park to the City or that the City should have a first right of right of refusal to purchase the park.

There was consensus to continue the meeting past 9:00 p.m.

Comprehensive Plan Briefing: Director Wright reminded Council of the docket set for 2017 for the Comprehensive Plan. Because we are close to the end of the year this will be pushed out for adoption in January 2018. The proposed changes to this year's comprehensive plan include two land use changes, one to Eagle Ridge Park, and the other the proposed civic campus at Chapel Hill and 99th. Other main changes include updates to the parks element and the capital facilities element. Director Wright said that moving forward, there are some new zones that might be brought to Council, and a big focus will be on how to connect the Capital Facilities Plan to the Land Use and Housing element a little more closely.

Director Wright then responded to Councilmember Welch's question regarding the timing for possible zoning changes, and said the 2017 Comprehensive Plan Docket would not affect any future development. Director Wright said that the City has achieved about 50% of its growth target since 2012 under the Buildable Lands Report and is on track to meet its growth targets under the zoning established at that time. Director Wright said there are also some areas where zoning can be modified to speed up the process, but this will be dependent on Council direction following its retreat in January.

Executive Session: None.

Adjourn:

Moved by Councilmember Daughtry, seconded by Councilmember Hilt, to adjourn the meeting at 9:05 p.m. On vote the motion carried (6-0-0-1).

John Spencer, Mayor

Kathy Pugh, Deputy City Clerk

LAKE STEVENS CITY COUNCIL
STAFF REPORT

Council Agenda
Date: November 28, 2017

Subject: Cancellation of December 26, 2017 City Council Regular Meeting

Contact

Person/Department: Barb Stevens, Finance Director/City Clerk **Budget Impact:** N/A

RECOMMENDATION(S)/ACTION REQUESTED OF COUNCIL: Approve cancellation of the regularly scheduled City Council meeting on December 26, 2017.

SUMMARY/BACKGROUND: At the November 14, 2017 City Council meeting staff inquired if Council wished to cancel the December 26, 2017 regularly scheduled Council meeting. Following discussion there was consensus to cancel this meeting, and staff advised it would be brought back for a vote on the Consent Agenda.

LAKE STEVENS CITY COUNCIL
STAFF REPORT

Council Agenda Date: November 28, 2017

Subject: Public Hearing - 2018 Budget Ordinance 1005

Contact Person/Department: Barb Stevens - Finance

Budget Impact: Yes

RECOMMENDATION(S)/ACTION REQUESTED OF COUNCIL:

Approve Final Reading of 2018 Budget and Ordinance No. 1005.

SUMMARY/BACKGROUND

Budgeting is an essential element of the financial planning, control, and evaluation processes of governments. The planning process involves determining the types and levels of services to be provided and allocating available resources among various departments, programs, or functions. Financial control and evaluation processes typically focus upon assuring that fixed expenditure limitations (appropriations) are not exceeded and on comparing estimated and actual revenues.

Upon adoption, the expenditure estimates are enacted into law through the passage of an appropriations ordinance. The appropriations constitute maximum expenditure authorizations during the fiscal year, and cannot legally be exceeded unless subsequently amended by the legislative body. Expenditures should be monitored through the accounting system to assure budgetary compliance. Unexpended appropriations lapse at year end and may be brought forward as an amendment to the budget.

The City Council has been reviewing current and forecasted revenues and expenditures including property tax, City staffing plans, and related costs which are incorporated into the proposed 2018 budget ordinance.

The revised 2018 Proposed Budget is attached and includes the following updates:

- The beginning balance of fund 301 – Capital Project Developer Contribution increased from \$2,528,506 to \$2,988,506 due to an unexpected receipt of revenue.
- The Organizational Chart listed (2) PW Supervisors, which should be correctly listed as (2) PW Leads.

Additionally, options have been included in this packet regarding the 2018 budgeted contribution made by the City for Human Services. Three options are presented below:

- Maintain current budget amount which will include \$30,900 to the Snohomish County Health District, and \$40,000 to the Lake Stevens Senior Center (includes \$20,000 roll forward from 2017). Total \$70,100
- Increase total Human Services contribution to \$100,000 adding \$29,900 to the 2018 budgeted, increasing General Fund expenditures to \$14,268,373 and decreasing ending fund balance to \$5,392,230.
- Increase total 2018 budgeted Human Services contribution by \$100,000, increasing General Fund expenditures to \$14,339,273 and decreasing ending fund balance to \$5,321,330.

The table below shows the changes in General Fund forecasting balance through 2024 for the various options:

Human Services Options	2018	2019	2020	2021	2022	2023	2024
Combined General Fund Ending Balance	\$7,987,124	\$6,485,895	\$5,927,573	\$5,242,440	\$4,602,243	\$3,802,718	\$2,939,008
No Change	62%	55%	49%	42%	36%	29%	22%
Combined General Fund Ending Balance	\$7,957,124	\$6,455,595	\$5,896,970	\$5,211,531	\$4,571,025	\$3,771,500	\$2,907,790
\$30K Addt'l 2018 only	62%	55%	49%	42%	36%	29%	21%
Combined General Fund Ending Balance	\$7,957,124	\$6,355,595	\$5,695,970	\$4,908,521	\$4,164,985	\$3,265,460	\$2,301,750
\$30K Addt'l + \$100K Annually	62%	54%	47%	40%	32%	25%	17%
Combined General Fund Ending Balance	\$7,887,124	\$6,284,895	\$5,624,563	\$4,836,399	\$4,092,142	\$3,192,618	\$2,228,907
\$100K Addt'l + \$100K Annually	61%	53%	47%	39%	32%	24%	16%

The final budget ordinance will reflect the action approved by Council regarding this decision.

The 2018 Proposed Budget document can be downloaded at www.lakestevenswa.gov.

APPLICABLE CITY POLICIES:

In accordance with the Financial Management Policies, Budget Themes and Policies, and the Revised Code of Washington, the legislative body shall adopt the budget by ordinance. Per RCW 84.55.120 the legislative body will hold public hearings on the proposed budget for the coming year.

BUDGET IMPACT:

The budget ordinance will enact into law all approved appropriations for the 2018 calendar year.

ATTACHMENTS:

- Ordinance 1005
- Exhibit A – Organizational Chart

CITY OF LAKE STEVENS
LAKE STEVENS, WASHINGTON

ORDINANCE NO. **1005**

AN ORDINANCE ADOPTING THE BUDGET FOR THE CITY OF LAKE STEVENS,
WASHINGTON, FOR THE CALENDAR YEAR ENDING DECEMBER 31, 2018

WHEREAS, the Mayor of the City of Lake Stevens, Washington completed and placed on file with the City Clerk a proposed budget and estimate of the amount of the moneys required to meet the public expenses including salaries and benefits of City employees, bond retirement and interest, reserve funds and expenses of government of said City for the fiscal year ending December 31, 2018, and a notice was published that the Council of said City would meet for the purpose of making a budget for said fiscal year and giving taxpayers within the limits of said City an opportunity to be heard upon said budget, and

WHEREAS, the said City Council did meet at said time and place and did then consider the matter of said proposed budget; and

WHEREAS, notices were published in the official newspaper of the City, that the Council of said City would meet on the 14th day of November and the 28th day of November, 2017, at the hour of 7:00 P.M., at the City Council Chambers in the Lake Stevens School District Educational Service Center of said City for the purpose of receiving public testimony in a public hearing as to the matter of said proposed budget; and

WHEREAS, the said City Council did meet at said dates, times, and place and did receive public testimony during a public hearing as to the matter of said proposed budget; and

WHEREAS, the said proposed budget does not exceed the lawful limit of taxation allowed by law to be levied on the property within the City of Lake Stevens for the purposes set forth in said budget, and the estimated expenditures set forth in said budget being all necessary to carry on the government of said City for said year and being sufficient to meet the various needs of said City during said period.

NOW, THEREFORE, the City Council of the City of Lake Stevens do ordain as follows:

Section 1. The budget for the City of Lake Stevens, Washington, for the year 2018 is hereby adopted, the content which will be set forth in the document entitled City of Lake Stevens 2018 Annual Budget, 1 copy of which will be on file in the Office of the Clerk.

Section 2. Totals for all such funds combined, for the year 2018 are set forth in summary form below, and are hereby appropriated for expenditure during the year 2018 as set forth below:

Fund #	Fund Name	Estimated Beg. Bal.	Resources	Expenditures	End. Bal.
001	General	\$6,741,522	\$12,919,081	\$14,239,273	\$5,421,329

LAKE STEVENS CITY COUNCIL
STAFF REPORT

Council Agenda Date: November 28, 2017

Subject: Reconsideration of Resolution 2017-018 (Pellerin Annexation Petition) and Resolution 2017-019 (Rhodora Annexation Petition)

Contact	Joshua Machen, AICP, Senior Planner	Budget	none
Person/Department:	Russ Wright, Community Dev. Director	Impact:	

ACTION: Provide staff direction on reconsideration requests to bring back revised resolutions for Council's consideration at its next meeting.

BACKGROUND:

In 2016, City Council passed Resolution 2016-21 to guide future annexations. The annexation plan established an approximate schedule to annex areas in the Unprotected Growth Area and identified preferred zoning based on this schedule. The proposed sequence focused on completing annexations in the northeast UGA first. Annexations in the southeast UGA would be a future goal following a full analysis of fiscal and service impacts (this study is underway). The city has been working diligently with property owners in the northeast UGA to complete annexations. Staff has also been coordinating with interested parties in the southeast UGA that would like to propose early annexations in the southeast UGA.

At the November 14, 2017 City Council meeting, the Council considered and passed resolutions accepting two 10 percent annexation petitions. By accepting the 10 percent petitions, the petitioners can move forward to collect signatures for the 60 percent petition prior to holding a public hearing. In passing the resolutions, the City Council designated portions of the annexation areas to be designated as Compact Residential (CR). This zone does not currently exist in the Lake Stevens Municipal Code, but was anticipated when Council passed its annexation plan in 2016. Staff anticipated developing these regulations for the CR zone prior to the annexation of properties in the southeast UGA. On November 15, 2017, the City received a request for reconsideration of the Pellerin Annexation objecting to the proposed zoning of Compact Residential (**Attachment 1**). Subsequently, staff has received a revised reconsideration request for Pellerin that would reduce the boundaries to approximately 35 acres (the original proposal was approximately 67 acres) (**Attachment 2**) and an additional request to reconsider the Rhodora annexation (**Attachment 3**). The petitioners would like the Pellerin annexation to proceed under the HUR zoning indicated in the Council's annexation plan due to market factors related to developing the properties. The reduction in area relates to known persons interested in signing the 60 percent petition. They would like the Rhodora annexation to also be considered under the HUR zoning due the uncertainty in the petition moving forward under a proposed zoning. The petitioner has also included excerpts from the MRSC Annexation Handbook (**Attachment 4**).

RECOMMENDATION(S)/ACTION REQUESTED OF COUNCIL:

Based on internal discussions with administration and direction from the City Attorney, the City Council may take one of the following actions when reconsidering actions for the Pellerin Annexation and the Rhodora Annexation to ensure that potential petitioners clearly understand the zoning implications involved with annexation:

1. Direct staff to prepare a revised resolution affirming the acceptance of the 10 percent annexation petitions and authorizing the circulation of the 60 percent petitions for the Pellerin and Rhodora Annexations with current zoning designations for the annexations areas of “HUR” (High Density Residential) and “WR” (Waterfront Residential) for properties within 200-feet of the Lake Stevens Shoreline, which are existing zones within the Lake Stevens Municipal Code. The City Council may consider zoning changes in the future after completing its review of zoning regulations and the Comprehensive Plan in 2018.
2. Direct staff to prepare revised resolutions affirming the acceptance of the 10 percent annexation petitions as originally submitted, but only authorizing the circulation of the 60 percent petition for the Pellerin and Rhodora Annexations after the City Council adopts zoning regulations for the CR zoning designation after completing its review of zoning regulations and the Comprehensive Plan in 2018.
3. Rescind Resolution 2017-018 (Pellerin Annexation Petition) and Resolution 2017-019 (Rhodora Annexation Petition accepting the 10 percent petitions until the City Council completes its review of zoning regulations and the Comprehensive Plan in 2018.
4. As to the revised boundary proposed for the Pellerin annexation, staff recommends not modifying the boundary as the modified boundary would create an irregular city boundary in conflict with the city’s stated annexation goals in Section 3.2 of Resolution 2016-21 as follows:

“In considering all annexations, the City will evaluate preservation of existing neighborhoods, consider natural physical boundaries e.g., bodies of water, highways and land contours; preserving logical service areas; preventing abnormal or irregular boundaries; and adjusting of impractical boundaries outlined in RCW 36.93.180.”

5. As to the request to provide modified zoning regulations for the HUR zone with the Rhodora application, the proponent would need to enter into a development agreement with the city upon annexation. As to the modified zoning, the Economic Development Subcommittee has previously expressed their desire to see uniform zoning in proposed annexations as reflected in Option 1.

RE: REQUEST FOR RECONSIDERATION OF PELLERIN ANNEXATION BOUNDARY & PROPOSED ZONING

Dear Councilmembers:

As the firm representing the petitioners of the proposed Pellerin Annexation, we hereby respectfully request reconsideration of Resolution 2017-018 approved by the City Council on November 14, 2017, which accepted our 10% petition for annexation and designated the proposed zoning as Compact Residential (CR).

Our request for Council reconsideration is based on the following factors:

1. Petitioners' land has been considered for development several times over the last ten years; however, the biggest hurdle to development has been the ability to achieve enough density to overcome site constraints and absorb infrastructure costs.
2. Petitioners' decision to circulate a 10% petition for the annexation of this area was **exclusively** based on the City's annexation plan and the preferred zoning approved in Resolution 2016-021 – a copy of which is attached hereto.
3. That preferred zoning established by Resolution 2016-021 for Area 6 (the location of the Pellerin Annexation) included a mix of zoning designations for the proposed annexation area: HUR 3600, SR 9600 and CR 5500.
4. Petitioners' were unaware prior to the required meeting with the petitioners that there was a change in preferred zoning being considered and the petitioners were not able to substantively review the potential implications of this change in zoning.

As part of the reconsideration process, Petitioners ask to have the opportunity to discuss proposed zoning for this area.

Should you have any questions, please do not hesitate to contact me at any time.

ENCS: Resolution 2016-021

RESOLUTION NO. 2016-21

A RESOLUTION OF THE CITY OF LAKE STEVENS, WASHINGTON, ADOPTING AN ANNEXATION PLAN AND RECOMMENDING ZONING FOR FUTURE ANNEXATION AREAS

WHEREAS, the Lake Stevens City Council (Council) adopted Ordinance No. 937 establishing the 2015 – 2035 Comprehensive Plan that sets planning goals, policies and implementation strategies for the Lake Stevens Urban Growth Area (UGA) pursuant to Chapter 36.70A RCW; and

WHEREAS, the City of Lake Stevens (City) and Snohomish County entered into an updated Interlocal Agreement related to Annexation and Urban Development in the Lake Stevens UGA recorded under Auditors File No. 200511100706 on November 10, 2005; and

WHEREAS, the Council has recently reviewed the City's annexation strategy to determine whether it is consistent with current practices, policies and procedures; and

WHEREAS, the City is preparing an Annexation Plan that provides an annexation strategy for the orderly transfer and transition of unincorporated territories within the Lake Stevens UGA into city limits; and

WHEREAS, the Council deems it necessary, appropriate and in the public interest to identify preferred Land Use and Zoning designations for the future annexation areas for consistency with the Comprehensive Plan.

NOW, THEREFORE, BE IT RESOLVED:

That the City Council of the City of Lake Stevens, Washington, does hereby accept and adopt the Annexation Plan set forth herein.

Section 1. Following Land Use Goal 2.9 of the Lake Stevens Comprehensive Plan, the City will support and promote the timely annexations of unincorporated areas within the City's UGA into the City in a manner that is fiscally responsible to ensure the City is able to provide a high level of urban service.

Section 2. Prior to initiating or accepting an annexation of unincorporated areas, within the Lake Stevens UGA, the City will consider the recommended sequence, proposed annexation methods and preferred land use / zoning designations as identified and attached to this resolution.

1. The attached Future Annexation Areas Maps (Exhibit A1 and A2) depict the Future Annexation Areas.
2. The attached recommended Annexation Sequence Table (Exhibit B) identifies a timeline for annexing Future Annexation Areas (FAA's) within the Lake Stevens UGA, preferred land use /zoning designations and proposed annexation methods authorized pursuant to Chapter 35A.14 RCW.
3. The City will consider citizen-initiated petition method annexations, on a case-by-case basis, when such annexations are supported by the technical review of factors considered in annexation proposals identified in this resolution and the Comprehensive Plan.

Section 3. Prior to initiating or accepting an annexation, the City will analyze Boundary Review

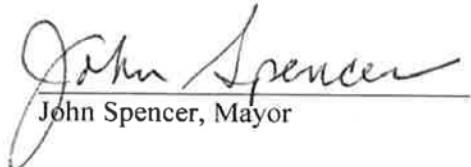

Board objectives, as specified in RCW 36.93.170 and 36.93.180.

1. In considering all annexations, the City will evaluate the factors outlined in RCW 36.93.180:
 - a. Population and territory; population density; land area and land uses; comprehensive plans and zoning, as adopted under chapter 35.63, 35A.63, or 36.70 RCW; comprehensive plans and development regulations adopted under chapter 36.70A RCW; applicable service agreements entered into under chapter 36.115 or 39.34 RCW; applicable interlocal annexation agreements between a county and its cities; per capita assessed valuation; topography, natural boundaries and drainage basins, proximity to other populated areas; the existence and preservation of prime agricultural soils and productive agricultural uses; the likelihood of significant growth in the area and in adjacent incorporated and unincorporated areas during the next ten years; location and most desirable future location of community facilities;
 - b. Municipal services; need for municipal services; effect of ordinances, governmental codes, regulations and resolutions on existing uses; present cost and adequacy of governmental services and controls in area; prospects of governmental services from other sources; probable future needs for such services and controls; probable effect of proposal or alternative on cost and adequacy of services and controls in area and adjacent area; the effect on the finances, debt structure, and contractual obligations and rights of all affected governmental units; and
 - c. The effect of the proposal or alternative on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county.
2. In considering all annexations, the City will evaluate preservation of existing neighborhoods, consider natural physical boundaries e.g., bodies of water, highways and land contours; preserving logical service areas; preventing abnormal or irregular boundaries; and adjusting of impractical boundaries outlined in RCW 36.93.180.
3. The City will support and promote the annexation and logical extension of urban services (e.g., sewer, water, stormwater, etc.) following annexation within the UGA to implement the City's adopted comprehensive land use plan. Implementation measures will include adherence to the City's land use designations, development standards, utility codes, and neighborhood annexation and development strategies contained within the comprehensive plan.

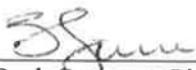

Section 4. The provisions of this resolution are guidelines, which are intended to maximize coordination with Snohomish County that the City Council may (but is not compelled to) consider when reviewing an annexation proposal. This Resolution does not serve to rezone any property and is intended solely for the purpose of identifying zoning preferences in advance of future annexations. Nothing in this resolution shall be construed as limiting the discretion of the City Council or dictating any result in annexation review. Failure of the City Council to consider or implement the terms of this resolution shall not serve as grounds for Snohomish County or any other party to challenge an annexation.

PASSED by the City Council and APPROVED by the Mayor of the City of Lake Stevens, at a regular meeting held this 25th day of October 2016.

RE: CLARIFICATION REQUEST FOR RECONSIDERATION - PELLERIN

Dear Councilmembers:

I've had the opportunity to meet with my clients in the last week to discuss the approval of Resolution 2017-018 on November 14, 2017, accepting our 10% petition for annexation and designating the proposed zoning as Compact Residential (CR).

My clients, the Petitioners, have asked that I clarify the following information:

1. Petitioners decision to initiate annexation of this area was **exclusively** based on the City's annexation plan and the City's indication in Resolution 2016-021 that HUR zoning would be applied to their properties.
2. Petitioners are skeptical that a "to be determined" Compact Residential (CR) zone can be sufficiently explained in order to collect enough signatures to surpass the 60% threshold within the proposed boundary (as of November 14, 2017).
3. Petitioners believe that waiting on the creation of a new zoning designation will unnecessarily delay the annexation. And more importantly, such delay cause petition signatures to become invalid. RCW 35A.01.040(8) provides, "*Signatures followed by a date of signing which is more than six months prior to the date of filing of the petition shall be stricken.*"
4. Petitioners are confident that they can obtain signatures of owner of property representing over 61% of the area reflected in the attached map.

My clients, the Petitioners, therefore ask the Council to reconsider Resolution 2017-018 as follows:

1. The Petitioners request reconsideration of this annexation's proposed land use designation to MDR and a change in the zoning to HUR, as contemplated by the Council in Resolution 2016-021.
2. Petitioners request that the City Council revised the boundaries to include only the area in which Petitioners are confident they will obtain over 60% of the signatures.

Petitioners are aware that the Boundary Review Board could expand the size of this annexation area, but are willing to accept the riskⁱ.

Should you have any questions, please do not hesitate to contact me at any time.

ENCL: Petitioners Proposed Revised Boundary

¹ It would appear based on research and the written opinion of the Municipal Research and Services Center (MRSC) that boundary review boards (BRBs) may not increase a boundary more than 100% of its original proposal. And that City are allowed to approve these boundaries. See MRSC manual "Annexation by Washington Cities and Towns" page 52, paragraph two.

RE: REQUEST FOR RECONSIDERATION OF PROPOSED RHODORA ANNEXATION

Dear Councilmembers:

As the firm representing several petitioning property owners in the Rhodora Annexation area, I am submitting a request on their behalf for reconsideration of Resolution 2017-019 approving a 10% petition for annexation and designating the proposed zoning as Compact Residential (CR).

This request for reconsideration is based on the following:

1. My clients and other property owners are not able to sufficiently determine how the proposed, but not created Compact Residential (CR) zone will impact their property, development rights and potential adjacent development impacts.
2. My clients and petitioners believe strongly based on preliminary outreach that this yet “to be determined” CR zoning designation will permanently stall this annexation based on the following:
 - a. Other property owners are skeptical and unwilling to sign the petition for fear of a “bait and switch” that allows a substantially different zoning proposal (real or perceived) to be approved later.
 - b. Property owners that are apathetic to the process of annexation are less motivated to sign a petition for annexation because the zoning is unclear.
3. Further, if the use of a yet “to be determined” CR zone does not itself kill the potential for annexation, Petitioners still believe that it will cause undeterminable delay as petition signatures expire. RCW 35A.01.040(8) provides, *“Signatures followed by a date of signing which is more than six months prior to the date of filing of the petition shall be stricken.”*

My clients therefore ask the Council to reconsider Resolution 2017-019 as follows:

1. Change the Rhodora’s zoning designations to those of existing city zones as shown on the attached map, subject to the following condition:

The HUR zone as applied to Rhodora requires:

- i. Minimum 50' wide perimeter lots and 40' interior lots
- ii. Minimum 4,200 square foot average lot size (#lots/gross area)

2. See attached map for the proposed zoning.

Should you have any questions, please do not hesitate to contact me at any time.

ENCL: Proposed Zoning for Rhodora Annexation

Rhodora Boundary & Zoning

the increase), and, under RCW 36.93.155, a city may not approve an annexation other than that which receives board approval. Thus, if the board adds territory to that included in the petition, one statute says a city may not annex property not included in the petition, and another says that the city must annex, if at all, all the territory that the board approved for annexation, which, in this circumstance, would be more than was included in the petition.

However, a 2006 state supreme court decision and a 2012 legislative response to that decision appear to have resolved this conflict. In *Interlake Sporting Ass'n v. State Boundary Rev. Bd.*, 158 Wn.2d 545 (2006), the court held that a boundary review board does not have authority under RCW 36.93.150 to add territory to an annexation; to do so would violate RCW 35A.14.140. (That latter statute contains the same authorization to "annex all or any portion of the proposed area" as does RCW 35.13.150.) The 2012 amendment to RCW 36.93.150(2) was, according to the that legislation's bill report, in response to the *Interlake Sporting Ass'n* decision, and it authorized the boundary review board to add territory to an annexation as long as the amount of territory added does not exceed 100 percent of the original proposal. Although the legislature did not also amend RCW 35.13.150 (and RCW 35A.14.140, which applies to code cities) to authorize city councils to approve annexations that increase the territory in the petition in cases where the boundary review board has increased the territory under RCW 36.93.150(2), it must have intended that a board's authority under RCW 36.93.150(2) trumps the restriction in RCW 35.13.150 (and RCW 35A.14.140); otherwise, the 2012 amendment to RCW 36.93.150(2) would have been of no real effect.

I. Review

1. Boundary Review Board³² (RCW 36.93.100)

If a boundary review board has been established within the county, the annexation initiators must file a notice of intention with the board within 180 days of when the annexation is proposed.

The board may assume jurisdiction over the annexation if, within 45 days of filing the notice of intention, a request for review is made by:

- a. The city to which the annexation is proposed, the county within which the annexation is proposed, or any other affected governmental unit; or
- b. Petition of registered voters or property owners.

If jurisdiction is not invoked within 45 days, the proposed annexation is deemed approved.

The board must act within 120 days of the review request, unless the board and the annexation initiators agree to an extension. If no decision is made within 120 days and no extension is granted, the proposal is deemed approved.

2. Ad Hoc Annexation Review Board

Whether review is required by an ad hoc annexation review board in counties which do not have a boundary review board is problematical. The state supreme court held in *State ex rel. Thigpen v. Kent*, 64 Wn.2d 823 (1964), that approval by an ad hoc annexation review board is not a condition precedent to a city council's approval of a 60 percent petition annexation. In light of this case, the legislature in 1973 attempted to remove altogether the requirement of

LAKE STEVENS CITY COUNCIL
STAFF REPORT

Council Agenda Date: November 28th, 2017

Subject: Compression Brake Ordinance

Contact Person/Department: John Dyer, Chief of Police **Budget Impact:** N/A

RECOMMENDATION(S)/ACTION REQUESTED OF COUNCIL:

Approve a new section to the Lake Stevens Municipal Code, Section 7.28.040, prohibiting the use of compression brakes on public ways within Lake Stevens.

SUMMARY/BACKGROUND:

In early 2008, due to complaints of noise from compression brakes on SR 92, then Chief Celori brought forward an ordinance to prohibit compression brakes within the city limits. The ordinance passed on first reading, and came back for second reading on March 3, 2008. Following are some excerpt from the minutes:

Police Chief Celori commented as follows: this ordinance originated because of resident's complaints along SR92, State law prohibits unmuffled compression breaks, and Council has two options: prohibit compression breaks or enforcement of unmuffled compression breaks.

MOTION: Councilmember Dooley moved to continue second and final reading of Ordinance No. 767 compression breaks and defer to a time when Police Chief will bring back after looking into education of compression brakes on our roads. Seconded by Councilmember Hartwell; **motion carried unanimously.** (7-0-0-0)

There is no record of this ordinance being brought up again. Recently, there have been more complaints of the noise from compression brakes, along SR 92.

This has been reviewed by the Public Safety Committee. The Police Department requests direction on how the Council would prefer to deal with the issue of compression brakes.

**CITY OF LAKE STEVENS
LAKE STEVENS, WASHINGTON**

ORDINANCE NO. 1007

AN ORDINANCE OF THE CITY OF LAKE STEVENS, WASHINGTON, PROHIBITING THE USE OF COMPRESSION BRAKES ON PUBLIC WAYS WITHIN THE CITY; ADOPTING A NEW LAKE STEVENS MUNICIPAL CODE SECTION 7.28.040 PROHIBITING THE USE OF COMPRESSION BRAKES ON PUBLIC WAYS WITHIN THE CITY AND ESTABLISHING PENALTIES FOR VIOLATION THEREOF; AND ESTABLISHING AN EFFECTIVE DATE

WHEREAS, the noise created by vehicles using compression brakes on public ways interferes with the public health and welfare of Lake Stevens citizens; and

WHEREAS, prohibiting the use of compression brakes on public ways within the City would solve this issue; and

WHEREAS, the City Council desires to adopt Lake Stevens Municipal Code section 7.28.040 prohibiting the use of compression brakes on public ways within the City;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LAKE STEVENS, WASHINGTON, ORDAINS AS FOLLOWS:

Section 1: A new Section 7.28.040 of the Lake Stevens Municipal Code is adopted as follows:

7.28.040 Compression brakes prohibited.

- A. It is unlawful for any person to use unmuffled motor vehicle brakes on any public way in the City which are in any way activated or operated by the compression of the engine of any such motor vehicle or any component thereof.
- B. Bona fide emergency vehicles owned by a public entity and equipped and licensed in compliance with state law shall be exempt from the provisions of this section.
- C. The use of compression brakes prohibited in this section is designated as a traffic infraction and shall be punished by a monetary penalty of (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter.

Section 2: Severability. If any section, sentence, or clause of this Ordinance is ruled invalid by a court of competent jurisdiction, the remaining portion on this Ordinance shall remain valid and be in full force and effect.

Section 3: Effective Date and Publication. A summary of this ordinance consisting of its title shall be published in the official newspaper of the City. This ordinance shall take effect and be in force five (5) days after the date of publication.

PASSED by the City Council of the City of Lake Stevens this _____ day of November, 2017.

John Spencer, Mayor

LAKE STEVENS CITY COUNCIL
STAFF REPORT

Council Agenda Date: November 28th, 2017

Subject: Contract with Snohomish County Human Services Department

Contact Person/Department: John Dyer, Chief of Police **Budget Impact:** \$3,561 Grant

RECOMMENDATION(S)/ACTION REQUESTED OF COUNCIL:

Approval for the Mayor to sign a contract with the Snohomish County Human Services Department, to access \$3,561 of the First Responder Flex Fund project.

SUMMARY/BACKGROUND:

In 2016, the Snohomish County Human Services Department started a pilot project within Snohomish County, to create a “First Responder Flex Fund”. This fund was to be used by first responders to fill short term gaps in services to highly vulnerable community residents. The majority of this fund was used for individuals seeking emergency temporary shelter and transportation.

On October 20, 2017, Lake Stevens received notification from the Snohomish County Human Services Department, making us aware of this program, and inviting the City to participate, through 2018. The amount of money which would be available to the City is \$3,561.

I would anticipate that our greatest need be for temporary shelter and transportation. We would seek to purchase bus passes and hotel vouchers, and create a system to track them, for use by our employees when they encounter vulnerable citizens who are in need of immediate services.

BUDGET IMPACT:

This would be revenue and expenditure neutral.

Lake Stevens, WA 98258

Dave Somers
County Executive

RE: First Responder Flex Fund Project

RECEIVED
OCT 20 2017
CITY OF LAKE STEVENS

Dear Mayor Spencer:

As you may know, Snohomish County Human Services Department funded a pilot project, the First Responder Flex Fund Project, which ended June 30, 2017. This one-time pilot project was designed to assess whether such a fund would be of benefit to law enforcement and other first responders in jurisdictions throughout Snohomish County. The feedback we have received is that, for many jurisdictions, these funds were instrumental in filling short-term gaps in services to highly vulnerable community residents over the course of the two-year pilot. While some jurisdictions were able to start their own flex fund during the two-year pilot project period, we understand that others were not aware of the pilot project end date and are not currently in a position to make this service sustainable with their own resources.

Therefore, I wanted to let you know that we are able to make a pool of funds available to your city/town through 2018 to mitigate any gaps in services caused by the end of the pilot project. The amount we are making available to each jurisdiction is based on population. Should some jurisdictions opt out of receiving flex funds, that amount will be distributed among the remaining jurisdictions by population.

Should your city/town choose to have access to flex funds, we will issue a simple contract that identifies the amount available to your city and allows for you to invoice the County on a regular basis for reimbursement for the flex funds used. We will also have a staff member available to help identify possible vendors for services.

October 17, 2017
Page 2

Our hope is that these funds will allow you to continue to assist the most vulnerable residents of your community for the next twelve months while providing you and us time to explore opportunities for the creation of a sustainable flex fund for your community.

During the pilot project, the majority of requests were for individuals seeking emergency temporary shelter and transportation.

Based on population, the City of Lake Stevens' pro-rata share of the flex funds available is \$3,561.

If you are interested in receiving flex funds, please contact Debbi Trosvig at debbi.trosvig@snoco.org or (425) 388-7116 to begin the contracting process. And, please do not hesitate to contact me at Maryjane.brell@snoco.org or (425) 388-7204 should have any questions about this information.

Thank you so much!

Sincerely,

Mary Jane Brell Vujovic, Director
Snohomish County Human Services Department

LAKE STEVENS CITY COUNCIL
STAFF REPORT

Council Agenda

Date: November 28, 2017

Subject: Condemnation of Parcels 014, 018, 019, 021, 034, 040, and 040A for the 20th Street SE Improvement Project

Contact	Grant K. Weed,	Budget	Variable based upon transaction
Person/Department:	City Attorney	Impact:	and acquisition costs for each parcel

RECOMMENDATION(S)/ACTION REQUESTED OF COUNCIL: Approve Ordinance 1008 authorizing condemnation of strip parcels required for 20th Street SE improvements.

SUMMARY/BACKGROUND:

The property in question is described in **Exhibit A** of the proposed ordinance, consisting of strips adjacent to the north and south sides of 20th Street SE, and intersecting side streets, and temporary construction easements for the widening of 20th Street SE. The improvements will enhance public safety and convenience by addressing traffic congestion on 20th Street SE.

The City's right-of-way acquisitions agent, Universal Field Services, has contacted all of the owners of properties required to be acquired for the 20th Street SE improvement project. The project requires acquisitions from eighteen properties, nine of which have closed. The ordinance authorizes condemnation of acquisitions from seven properties. The remaining two parcels are owned by the Lake Stevens School District, and settlement is expected for those parcels. Of the seven parcels proposed for condemnation, the owners of parcels 021 and 034 have agreed to a sale, but title has not been cleared. Universal Field Services has been unable to negotiate purchases from the owners of the remaining five parcels proposed for condemnation.

The City has authority pursuant to Chapter 8.12 RCW to acquire and condemn lands for public purposes. Widening 20th Street SE is a public purpose.

In order to condemn the property, the City must pass a condemnation ordinance after giving the required notice to the property owner, which has been timely given. The ordinance authorizes the City's attorney to commence condemnation proceedings, which can be filed with the Snohomish County Superior Court after the effective date of the ordinance. The property owner and all other persons with interests in the property, including mortgage holders, will be named as respondents in the condemnation litigation and will be served with the condemnation litigation.

Thirty to 75 days after the condemnation is filed, a hearing on public use and necessity will be scheduled before the court to establish the City's authority to condemn the property. Upon entry of an order of public use, the matter may be scheduled for setting the trial date, or trial setting may be delayed to allow additional time for negotiation of an agreed order of condemnation.

Upon request by the City, the property owner is required to provide the City with possession and use of the acquisition property no later than 30 days after demand or 15 days after entry of the order of public use, whichever is later. If the owner fails to grant possession and use in a timely fashion, the owner may forfeit the right to claim an award of attorney's fees and expert witness expenses incurred in the

condemnation. Accordingly, possession and use is usually granted, which permits the City to commence use of the property upon payment of the City's offered purchase price into the registry of the court. The possession and use offer amount is to be based on appraisal and establishes a minimum purchase price for the property. The grant of possession and use also sets a date from which the City is required to pay 12% interest to the owner on the difference between the offer amount and the compensation price established by the court if the court amount is higher.

If the parties cannot reach agreement on compensation, a trial will be scheduled, and the compensation / purchase price will be determined by the court, at which point a judgment and decree of appropriation will be entered. The decree of appropriation is finalized upon payment of the balance of the purchase price, if any, into the registry of the court. The property owner and others entitled to proceeds are responsible for securing payment of the funds in the registry of the court to themselves. Recording of the decree of appropriation transfers title to the property into City ownership and concludes the condemnation.

APPLICABLE CITY POLICIES:

BUDGET IMPACT: Variable based upon transaction and acquisition costs for each parcel.

CITY OF LAKE STEVENS
LAKE STEVENS, Washington

ORDINANCE NO. 1008

**AN ORDINANCE OF THE CITY OF LAKE STEVENS, WASHINGTON,
AUTHORIZING THE CONDEMNATION, APPROPRIATION, TAKING
AND DAMAGING OF LAND AND OTHER PROPERTY FOR PURPOSES
OF WIDENING 20th STREET SE**

WHEREAS, the City Council of the City of Lake Stevens (hereinafter the "City") finds as follows:

1. Public safety, convenience, use and necessity demand the widening of 20th Street SE from approximately 79th Avenue SE to approximately 91st Avenue SE to meet the requirements of increased traffic.

2. The City has conducted engineering studies and has determined that it will be necessary to acquire property and property rights for the street widening as more specifically described in **EXHIBIT A** attached hereto and incorporated herein by this reference.

3. The entire cost of the acquisitions provided by this ordinance shall be paid by the following funds of the City:

Fund 301 – “Capital Project – Developer Contribution – Traffic”

or such other funds as may be provided by law.

4. The City may be unable to agree with certain property owners upon the compensation to be paid for said properties.

5. The City has authority pursuant to RCW Chapter 8.12 to acquire, if necessary, title to real property for public purposes. The widening and improvement of 20th Street SE is a public purpose.

6. Notice of the planned final action authorizing the condemnation of the property described in **Exhibit A** has been given to the owner(s) of said property and published in the Everett Herald in accordance with the provisions of RCW 8.25.290.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LAKE STEVENS, WASHINGTON, DO ORDAIN AS FOLLOWS:

1. The City is hereby authorized to condemn, appropriate, take and damage the real property described in **EXHIBIT A** hereto, together with all rights appurtenant thereto, including access where applicable.

2. The use of the property described in **EXHIBIT A** is for widening 20th Street SE from approximately 79th Avenue SE to approximately 91st Avenue SE, which is a permanent public use and is reasonably necessary for the purposes for which it is sought.

3. All lands, rights, privileges and other property lying within the limits of the land described in **EXHIBIT A** are hereby authorized to be condemned, appropriated, taken and damaged for the purpose of widening 20th Street SE from approximately 79th Avenue SE to approximately 91st Avenue SE. All lands, rights, privileges and other properties are to be taken, damaged and appropriated only after just compensation has been made, or paid into the registry of the court for the owners thereof in the manner provided by law. The City is further authorized to amend the legal descriptions contained in **EXHIBIT A** as may be necessary and appropriate to meet requirements of the project.

4. The cost of the acquisition provided for by this ordinance shall be paid by the following funds of the City:

Fund 301 – “Capital Project – Developer Contribution – Traffic”

or such other funds as may be provided by law.

5. The City's attorneys should be and hereby are authorized and directed to begin and prosecute the actions and proceedings in a manner provided by law to carry out the provisions of this ordinance, and to enter into settlements to mitigate damages.

PASSED by the City Council and APPROVED by the Mayor this 28th day of November, 2017.

LAKE STEVENS CITY COUNCIL
STAFF REPORT

Council Date: 11/28/17

Subject: Restricted Appraisal, Sale and Purchase of City Surplus Parcel #00431400300202

Contact Person/Department: Russ Wright, Community Development Director **Budget Impact:** None

RECOMMENDATION(S)/ACTION REQUESTED OF COUNCIL:

Grant the Mayor permission to obtain a restricted appraisal for City-owned Parcel #00431400300202 (8021 20th St. SE) and enter into a purchase and sale agreement with potential buyer.

SUMMARY/BACKGROUND:

Finding that 8021 20th Street SE was no longer useful to the City, Council passed Resolution No. 2016-18 to surplus nine parcels (including Parcel #00431400300201). On June 8, 2017 staff communicated with a potential buyer that to sell the property located 801 20th Street SE, staff would first need to seek Council's approval to sell the property. Next steps would include an appraisal of the property; establish a boundary of property to be sold; process a boundary-line adjustment; and create a wetland mitigation plan. (The single-family residence located on the property was demolished in October 2017 in anticipation of selling the property.) On June 9, 2017, staff received a letter of intent to purchase Parcel #00431400300201 (attached.).

Property characteristics of the lot where the house was located are: 0.46 acres of undeveloped (vacant) land. The subject is zoned Business District (BD) which is designed to promote community and regional employment and accommodate land uses such as corporate offices, general offices, research and development, clinics, technology, and light manufacturing and assembly. A final area will be determined after survey, wetland assessment and overlay of the city's detention facility.

BUDGET IMPACT: None

Subject: Re: City Surplus Property Follow Up

Good morning Jeanie, Russ & Eric -

Please accept this email as my letter of interest and intent to purchase the developable parcel of city owned property next to my existing development Trestle Station on 20th St SE. I understand that there are two parcels the city owns and a boundary line adjustment needs to be completed for the front developable parcel to be able to be sold by the city. It is my understanding that the city is going to keep the parcel to the north for a regional detention facility that they will construct at some point. As a side note - it has been discussed previously that the Lion's Gate plat on 83rd would be willing to participate with the construction costs of the city's detention facility if they could use it to the benefit of their plat.

My intention is to purchase the developable portion and immediately remove the existing dilapidated house that is an eyesore to my business and the community at large. My short term plan would be to clean the site up and add some parking while I plan to develop the parcel in a fiscally responsible way while coordinating with the city on the regional detention facility. I envision an extension of my Trestle Station development east across the parcel with a similar and complimentary tenant mix.

Thank You
Matt Monahan

LAKE STEVENS CITY COUNCIL
STAFF REPORT

Council Agenda Nov. 28, 2017
Date:

Subject: Ordinance No. 1002 Extension of the traffic impact fee adjustment incentive program to stimulate job growth for two additional years

Contact Person/Department: Jeanie Ashe, Economic Development Coordinator **Budget Impact:** Impact Fees

RECOMMENDATION(S)/ACTION REQUESTED OF COUNCIL:

Discussion item only. **Ordinance No. 1002 replacing Resolution No. 2014-12 and extending the traffic impact adjustment incentive program to stimulate job growth sunset provision for two additional years.**

The Economic Development/Chamber of Commerce subcommittee has reviewed and made recommendations to approve the extension.

SUMMARY/BACKGROUND:

The City adopted Resolution No. 2014-12 establishing a traffic impact fee adjustment incentive program for a period of three years to stimulate job growth in Lake Stevens. Resolution No. 2014-12 was signed December 8, 2014 and the sunset provision requires that the incentive expire December 8, 2017.

The original intent of Resolution 2014-12 was to attract and reward businesses for job creation by reducing the cost of entry into the Lake Stevens market through a rebate of traffic impact fees. The incentive has not been utilized in its three-year history. Although the incentive has not been used, staff has offered the incentive to developers to encourage their development in Lake Stevens. Staff is recommending a two-year extension to allow developers ample time to conduct their due diligence and submit their building permits.

BUDGET IMPACT: Rebate of traffic impacts fees for qualifying businesses.

LAKE STEVENS CITY COUNCIL
STAFF REPORT

Council Agenda Date: November 28, 2017

Subject: Soper Hill Road ILA - Discussion

Contact	Russ Wright, Community Dev. Director	Budget Impact:	N/A
Person/Department:			

RECOMMENDATION(S)/ACTION REQUESTED OF COUNCIL: No Action Requested

SUMMARY/BACKGROUND: City staff briefed Council in August about its coordination with the city of Marysville to develop an Interlocal Agreement (ILA) that would allow Marysville to improve two intersections (83rd Ave NE and 87 Ave NE) onto Soper Hill Road. The project has resulted from new and future development projects in Marysville seeking access to Soper Hill Road in Lake Stevens as a through connection. The early discussions centered around:

- Designating an area of influence in both cities affected by this road network
- Preliminary design of the intersections
- Cost sharing, construction and maintenance

To date, the draft ILA addresses several main points:

1. Basic requirements of the ILA that would establish parameters and designees;
2. Effective date, which would follow execution by each Council;
3. Description of projects that would include new intersections at 83rd Ave NE and 87 Ave NE along with frontage and capacity improvements along Soper Hill Road;
4. Responsibilities of each jurisdiction and private developers;
5. Construction, maintenance and access; and
6. Indemnification, insurance requirement, dispute resolution, duration, etc.

Marysville would be the applicant to construct the 83rd Ave NE intersection and a future private developer would be responsible to apply for and construct the intersection at 87th Ave NE. Private developers would be responsible for frontage and capacity improvements to Soper Hill Road. These intersections would be transferred to Lake Stevens after acceptance.

The largest remaining issue is the potential effect of increased traffic from Marysville projects to Lake Stevens roads and potential assessment of impact fees.

Staff is requesting that Council discuss its thoughts regarding the foundational elements of the ILA before staff brings a complete version back to Council for its review.
