Lake Stevens City Council Regular Meeting Agenda

January 12, 2021

ACTION ITEMS: J Professional Services Agreement for Lake Stevens Festival Street with Land Development Consultants Eric/Aaron

DISCUSSION ITEMS: K Building & Construction and Fire Code Amendments Ryan

ADJOURN

THE PUBLIC IS INVITED TO ATTEND

Special Needs

The City of Lake Stevens strives to provide accessible opportunities for individuals with disabilities. Please contact Human Resources, City of Lake Stevens ADA Coordinator, (425) 622-9400, at least five business days prior to any City meeting or event if any accommodations are needed. For TDD users, please use the state's toll-free relay service, (800) 833-6384, and ask the operator to dial the City of Lake Stevens City Hall number.

NOTICE: All proceedings of this meeting are recorded, except Executive Sessions.

Washington Parks and Recreation Statewide Survey August – October 2020 Executive Summary & Highlights

NEW STUDY FINDINGS REVEAL THAT LOCAL PARK & RECREATION AGENCIES PROVIDE AN ESTIMATED 300,000 ACRES OF PARK LANDS AND SUPPORT NEARLY 100 MILLION USERS ANNUALLY!

The goal of the survey is to show the degree of change between increasing demand and declining resources that all park and recreation agencies have experienced. The survey was sent to 109 cities, 39 counties and 79 special purpose park districts (227 total), with a 33% response rate.

The full report can be found on at

<https://storymaps.arcgis.com/stories/f2407189c0ac4266b0579f0352e677ef>

During the Fall of 2020, the Washington Recreation & Parks Association, Washington State Association of Counties, Association of Washington Cities, and Metro Parks Tacoma collaborated on a statewide survey to gather data on service demand and operational challenges facing local parks agencies, both preceding and as a result of COVID-19 through August 2020. The survey was the most comprehensive one of its kind to compile data on issues and challenges facing local parks and recreation agencies throughout the State of Washington.

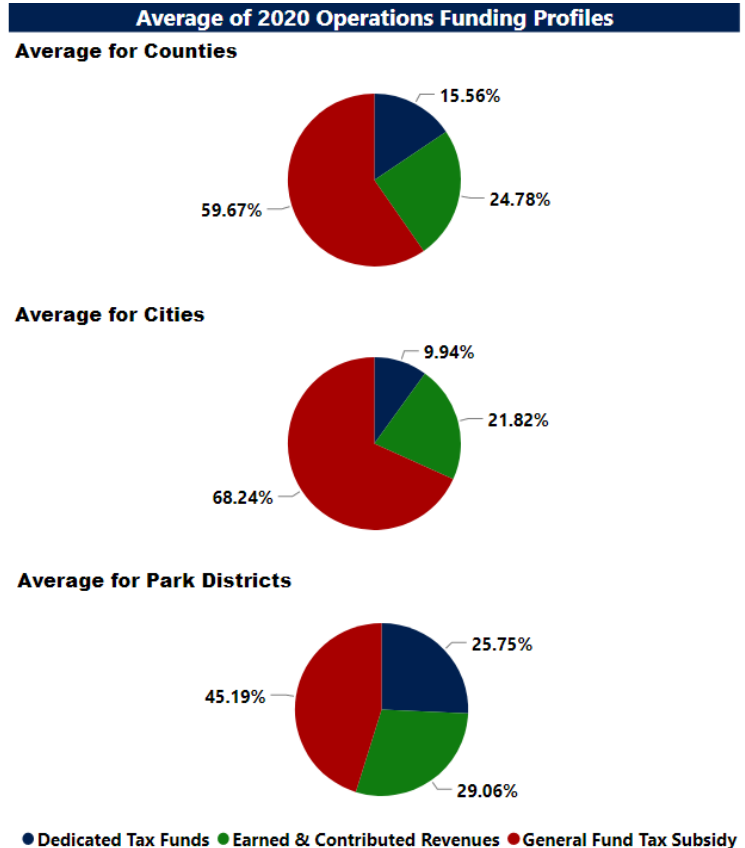

The 74 responding agencies manage over **120,500 acres of parks land**, with **37,599,970 users**

reported across all systems in 2019. Based on this sample, the statewide impact, is estimated to be at over

300,000 acres of park lands, supporting nearly **100,000,000 users**.

The operations funding profile of all agencies is a combination of general fund, dedicated tax funds, and earned/contributed income. Responses ranged widely, from agencies relying on 100% earned revenue to in between. This mixture of funding results in varying degrees of operating stability, and destabilization when an economic crisis occurs.

Agencies with high levels of 100% dedicated tax funds to some combination earned revenue and sales tax were particularly vulnerable and had immediate funding losses as a result of COVID-19.

How Stable is your 2020-2021 Outlook?

As of January 1st & Prior to COVID-19

67% say Very strong and stable and Moderately strong and stable

As of August 1st

51% say Significantly unstable, requiring reductions and Moderately underfunded and unstable

Prior to COVID, 67% of parks agencies reported moderately or very strong and stable funding projections, with another 26% reporting level resources, or the ability to meet their annual operating requirements; 7% were under funded or facing operating deficits.

As of August 1, that reversed with only 19% percent reporting moderately or very strong and stable funding, 30% level, and 51% reporting moderate or significant funding instability resulting in reductions in services due to funding gaps.

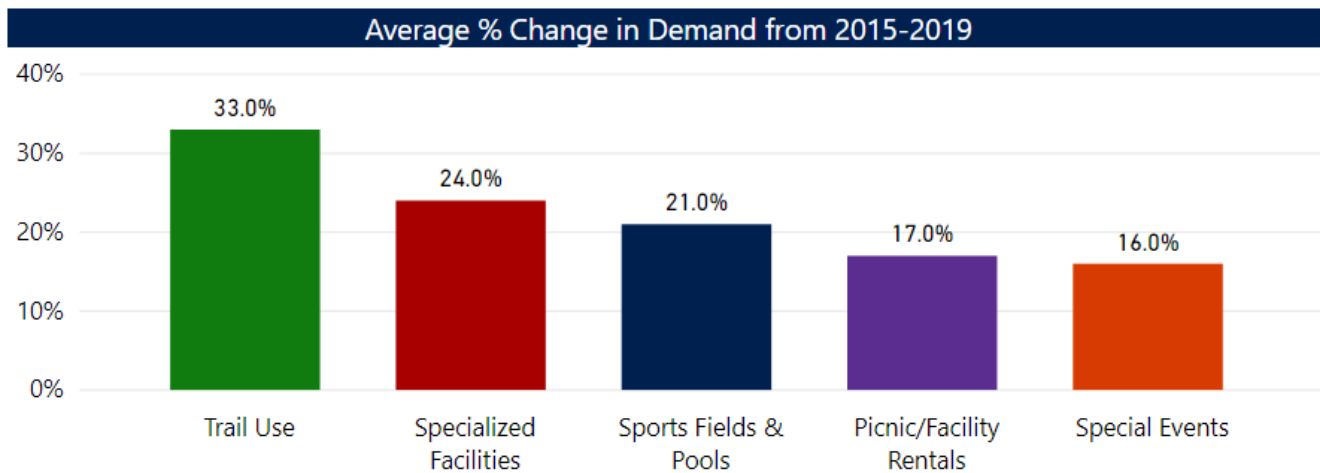

The average budget reduction was 23.2%, with an average loss of 60.9% in earned revenue in 2020.

Compared to Agency's 2020 Budget Average % of Overall Budget Reduction

For Counties	For Cities	For Park Districts
-19.38%	-25.7%	-18.1%

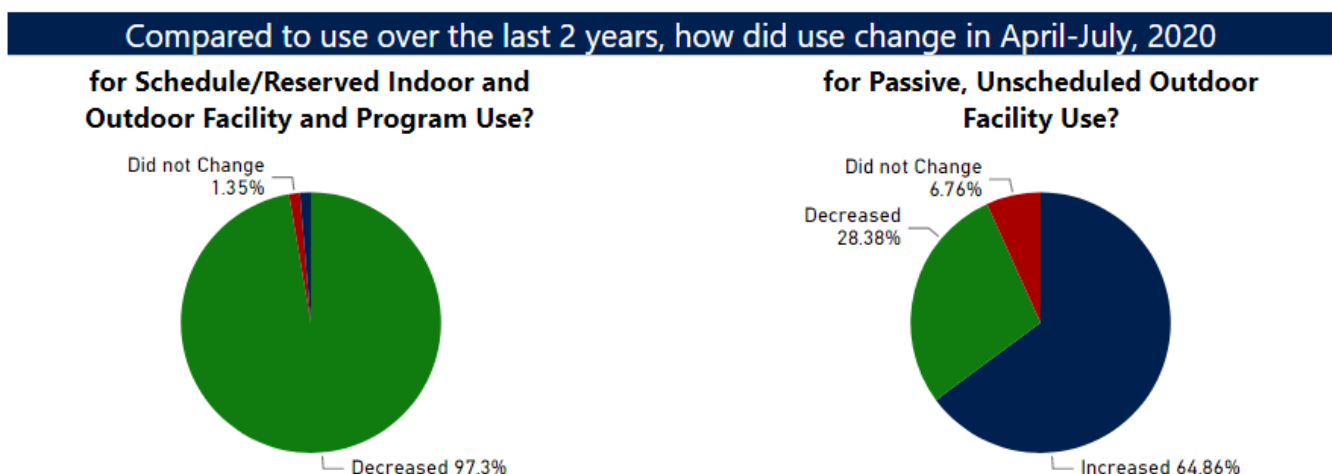

Compared to Agency's 2020 Budget Average % of Earned Revenue Lost Reduction

For Counties	For Cities	For Park Districts
-34.4%	-69.4%	-50.7%

Over the last 5 years, local park and recreation providers have absorbed steady increases in demands on park systems. High trail uses and use of specialized facilities such as dog parks, skate parks and golf courses, as well as demand on pools and sports fields demonstrates the need growing populations have for outdoor recreation. In most cases, resources have grown only an average of 4.5% year over year to absorb this impact. This is the reason WRPA is seeking 1) more local funding options for maintenance and operations funding for park agencies, 2) an update to the statewide trails system, 3) high levels of investment in capital expansion and renovation grant programs through RCO.

In addition, COVID-19 has significantly drained operating resources while triggering a heavy increase in demand on the public spaces that offered Washington residents a safe, healthy respite during the pandemic. The mental and physical health benefits of being outdoors, walking, playing and exploring are well established, and can be found at: <https://www.nrpa.org/publications-research/park-pulse/park-pulse-survey-find-health-benefits-at-your-local-park/>.

While scheduled/reservable spaces were restricted, agencies saw a significant increase in passive, unscheduled use of parks and trails, 65% of agencies reported an increase of use, while some agencies reported up to 170% more usage, April-July 2020.

WHY PARKS AND RECREATION AGENCIES SHOULD BE AT THE FOREFRONT OF RECOVERY EFFORTS

9 out of 10 (89%)	Saw reduced ability to manage, maintain, operate and secure passive parks to safety standards and control access
9 out of 10 (89%)	Canceled special events and tourism campaigns that support local employment and drive the local economy
8 out of 10 (85%)	Had to address significant public use and behaviors that put the community at risk (such as tearing down caution tape, unauthorized use of fields)
8 out of 10 (81%)	Were unable to operate critical community programs, pools, attractions and facilities, including services for vulnerable populations
Three-fourths (74%)	Were unable to hire/maintain seasonal employees and couldn't offer programs or services that were allowable under the Safe Start guidelines due to economic loss and staff reductions.
Half (51%)	Experienced a distribution to planning and other professional requirements (outreach, grant submittals) due to loss of human and financial resources.
Half (51%)	Reallocated human and financial resources to COVID-19 response services, pausing ability to plan and deliver parks and recreation services.
Half (51%)	Experienced disruption to their capital program including renovation, safety improvements and new development of needed facilities.

**CITY OF LAKE STEVENS
CITY COUNCIL WORKSHOP MEETING MINUTES**

Tuesday, December 15, 2020, at 6:00 p.m.
By Remote Participation via Zoom

CALL TO ORDER: 6:00 p.m. by Council President Tageant

ELECTED OFFICIALS PRESENT: Councilmembers Kim Daughtry, Gary Petershagen, Shawn Frederick, Mary Dickinson, Anji Jorstad, Steve Ewing and Marcus Tageant

ELECTED OFFICIALS ABSENT: Mayor Brett Gailey

STAFF MEMBERS PRESENT: City Administrator Gene Brazel, Finance Director Barb Stevens, Community Development Director Russ Wright, Public Works Director Eric Durpos, Human Resources Director Anya Warrington, City Clerk Kelly Chelin, Police Chief John Dyer, IT Director Troy Stevens, Parks Planning & Development Coordinator Jill Meis, City Engineer Grace Kane, Surface Water Management Coordinator Shannon Farrant and Aaron Halvorson, Capital Projects Coordinator

The meeting was called to order at 6:00 p.m. by Council President Tageant. Mayor Gailey had a family emergency and will not be attending the meeting.

Consent Agenda:

MOTION. Councilmember Jorstad made a motion, seconded by Councilmember Daughtry, to approve the consent agenda. The motion passed 7-0-0-0.

The consent agenda included the following items:

Cancel December 22, 2020 Meeting

City Council Meeting Minutes of December 1, 2020

City Council Meeting Minutes of December 8, 2020

Ordinance No. 1102 Amending Budget Ordinances 1079 and 1095

Resolution 2020-20 - Designating the Finance Director as the Official Authorized to Declare Intent

Bill of Sale – Water Main Connection to the Mill

Workshop:

Joint Meeting with Planning Commission

The following Planning Commission members were in attendance: Jennifer Davis, Michael Duerr, Todd Welch, Vicki Oslund, Janice Huxford and Linda Hoult.

Director Wright presented the following Comprehensive Plan and Code Amendments that were processed by staff and reviewed by the Planning Commission or City Council and approved by City Council in 2020:

- 2019 Comprehensive Plan

- Land Use Updates w/ advisory Committee
- Zoning
- Subdivision
- Infill
- Waterfront Task Force Recommendations
- Content Based Signs
- Multifamily Tax Exemption
- Affordable Housing Tax Funding
- Permanent design guidelines
- Floodplain Updates
- Mobile Food Vendors

The following Code Amendments are in process and should be adopted in the first quarter of 2021:

- Land Use
- Permissible Use Table
- SEPA Exemption Process
- International Code Updates
- Title 17 Code Enforcement

Two annexations are nearing completion in early 2021: Machias Industrial and SE Interlocal. City Council reviews the long-range work plan annually. The 2021 work program primarily includes the Planning Commission's and PCD 2021 long-range work plan.

Code Amendments

As indicated above, the 2021 work plan contains some carry-over amendments from the 2020 work plan in addition to new proposed code changes.

- Impact Fee Review (carryover) – The city needs to review its impact fee code; analyze current impact fee amounts and adopt standards for annexed areas.
- Lot Status – This code amendment would replace an out of date Administrative Policy and implement Attorney General findings on how to determine legal lots of record.
- Tourist Home Update – Over the last year, staff has become aware of several Air BNB rentals on the lake through code enforcements actions. Many of these rentals cannot meet the city's current tourist home regulations. This amendment would address this emerging market and develop performance standards to ensure compatibility with neighboring residences.
- Code clean up (carryover) – This project would be a comprehensive overview of the zoning code to identify inconsistencies and clarify any ambiguous sections.
- Non-conforming Code – Review outdated non-conforming chapters to ensure that they mesh with other code sections and contain best practices. It will be processed as time allows.
- Tiny House / Micro Housing – The city allows tiny homes that meet building code and zoning standards for manufactured homes. This project would explore specific land use policies to permit tiny houses. Recent proposed changes to GMA will consider tiny homes. If these amendments are passed, this amendment will need to be pushed out to implement state level changes.
- Review Process Code – Audit processing sections of the city's zoning code to make sure it is streamlined while providing ample opportunity for public input. Recent proposed changes to GMA will consider public engagement. If these amendments are passed, this amendment will need to be pushed out to implement state level changes.
- Placeholder – The city has received a private code amendment application requested modified buffers for marijuana processing facilities in the industrial zones.

Comprehensive Plan Docket

The City will process the following amendments to the Comprehensive Plan:

- Land Use Element
- Capital Facilities Element
- Shoreline Master Program – limited amendments to remove references to multifamily housing in the Waterfront Residential District to harmonize with the zoning code.

In addition, staff will prepare a scope of work for a neighborhood or subarea plan for the Hartford / Machias industrial areas focused on infrastructure needs and economic development. Staff will continue to process annexations including an Interlocal Agreement with Snohomish County to consider annexing the remaining northern portion of the UGA.

Joint Meeting with Park Board

The following Park Board members were in attendance: Chris Jones, Terry Van Wyck, Tina Decker, Carl Johnson, Roger Schollenberg, Marlene Sweet and Susan Green.

Director Wright and Coordinator Meis explained that the Parks and Recreation Planning Board (Parks Board) had a busy 2020 despite the setbacks from COVID-19. Parks Board worked to bring initiatives forward to the City Council and accomplished most of its work program. Highlights in Parks for 2020 include:

- Adoption of the first Master Trails Program
- Frontier Heights redevelopment including playground equipment
- North Cove Phase II design
- Adopt-a-Community volunteer policy
- Coordination with Arts and Parks Foundation
- Comprehensive Plan Update for Parks Chapter
- Public Hearing for Davies Beach name adoption
- Eagle Scout project selection
- Code amendment for efficiency of reviewing event applications that propose alcohol
- 20th Street Ballfields preliminary design charette
- The first recreation programs provided to the community via Skyhawks
- Rented 20th Street Ballfields for the first time to be used for lacrosse clinics

The Parks Board will continue the mission of advising the City Council, staff and Mayor on planning, acquisition, development and recreation in the community. The board members will consider ways to expand recreation and events in 2021 in order to foster community pride and improve the quality of life for the residents of Lake Stevens. Possible future events include laser light shows, food festivals and arts festivals. A survey has been distributed to ask the community what events they want added.

Sno-Isle Library Lease Request

City Administrator Brazel explained that as part of the downtown plan, the City of Lake Stevens has worked closely with Sno-Isle Library to find a temporary location to house library services until such time a permanent building can be constructed. The old police station on Grade Road has been explored but Sno-Isle has approached the City with the concept of leasing a space on the west side of Lake Stevens and has asked the City to participate in this lease financially. If

this is entertained, staff recommends the City participation be capped at an annual financial amount and a sunset clause. Participating in a lease would free up the old police station building for other city use. There is currently no funding source for this lease and it would be a general fund expense.

The Council discussed several options and staff will bring back further costs and options at a future meeting.

Stormwater Management Utility Fee – Lake Stevens School District

Coordinator Farrant explained that to date the Lake Stevens School District has been considered exempt from Stormwater Management Utility Fees (SWM Fees). A rate study conducted in 2018 by FCS Group for the City of Lake Stevens (City) reviewed the SWM Fee structure and proposed a new method for calculating these fees that would meet the City's current and future operational costs, additional National Pollution Discharge Elimination Systems (NPDES) permit compliance costs, and critical capital projects. Ordinance 2018-022 passed in August 2018 that changed SWM Fee calculations to an Equivalent Service Unit (ESU) model.

ESUs are charged at a flat fee of one ESU for all residential and multifamily residents, with five or fewer units. The Lake Stevens School District SWM Fees are calculated based on the amount of impervious surface divided by 3,000 square feet which is the average impervious surface amount per ESU. In 2021, one ESU is equivalent to \$242 dollars. A rate schedule was adopted with the 2018 Ordinance that outlines the incremental dollar amount increase per ESU through 2024.

The Lake Stevens School District owns 17 parcels, a total of 3,763,064.11 square feet of impervious surface was calculated for these 17 parcels. This equates to 1,254.35 ESUs or \$303,552.70 dollars based on the 2021 ESU fee.

The City may offer a credit not to exceed 10% of the total SWM Fee per year for environmental education. The City proposes implementing these fees starting April 1, 2021. The 2021 fees would be prorated for April 1, 2021 – December 31, 2021 which would equate to \$227,664.53 dollars. SWM Fees would be billed to the Lake Stevens School District annually at the end of the first quarter (April 1, 2021).

Council engaged in a discussion with a potential reduced rate in the first year and the full amount in the second year. More information will come to the Council at a future meeting.

There being no further business the meeting was adjourned at 7:13 p.m.

Brett Gailey, Mayor

Kelly M. Chelin, City Clerk

**CITY OF LAKE STEVENS
CITY COUNCIL SPECIAL/WORKSHOP MEETING MINUTES**

Tuesday, January 5, 2021, at 6:00 p.m.
By Remote Participation via Zoom

CALL TO ORDER: 6:00 p.m. by Mayor Brett Gailey

ELECTED OFFICIALS PRESENT: Mayor Brett Gailey, Councilmembers Kim Daughtry, Gary Petershagen, Shawn Frederick, Mary Dickinson, Anji Jorstad, Steve Ewing and Marcus Tageant

STAFF MEMBERS PRESENT: City Administrator Gene Brazel, Finance Director Barb Stevens, Community Development Director Russ Wright, Public Works Director Eric Durpos, Human Resources Director Anya Warrington, City Clerk Kelly Chelin, IT Director Troy Stevens and Police Chief John Dyer

OTHERS:

The meeting was called to order at 6:00 p.m. by Mayor Brett Gailey.

Mayor Gailey asked if the topic of Hazard Pay for City employees could be added to the Workshop tonight.

MOTION. Councilmember Petershagen made a motion, seconded by Councilmember Frederick, to approve the agenda with the addition of the Hazard Pay for City Employees. The motion passed 7-0-0-0.

Consent Agenda:

MOTION. Councilmember Jorstad made a motion, seconded by Councilmember Frederick, to approve the consent agenda. The motion passed 7-0-0-0.

The consent agenda included the following items:

Interlocal Agreement for the 2021 Snohomish Regional Drug Task Force
Interagency Agreement with WA Dept. of Enterprise Systems for Lean Training
Resolution 2021-01 Granting an Easement to Snohomish County PUD

Workshop:

Board & Commission Liaisons and Committee Assignments for 2021

The Council discussed the various liaisons for boards and commissions and reviewed the assignments for 2021. The few changes were Councilmember Dickinson being the alternate to the Health District Board and the Park Board for 2021 and removing the Sewer Commission Board Meeting since it is no longer a board that meets.

Hazard Pay for City Employees

The Council discussed hazard pay for the City employees due to COVID-19 and the fact that there is no longer CARES money available. It was the consensus of the Council to continue with hazard pay for the police officers and the inspectors through the first quarter of 2021 and then reassess. For any other employees currently receiving hazard pay, it will end at the end of January, 2021. These changes will come back in a budget amendment in February.

Retreat Topics

Mayor Gailey reminded Council that the retreat is coming up and he read the topics that are currently on the agenda. The Council added a few more agenda items. It is still to be determined whether the Council will meet in person in LaConner or not due to COVID-19 restrictions.

Lastly, the January 19, 2021 Council workshop will be canceled due to a lack of agenda items.

There being no further business the meeting was adjourned at 6:29 p.m.

Brett Gailey, Mayor

Kelly M. Chelin, City Clerk

LAKE STEVENS CITY COUNCIL
STAFF REPORT

Council Agenda

Date: January 12, 2021

Subject: Acceptance of Distribution of Vessel Registration Fees Between Snohomish County and the City of Lake Stevens Agreement

Contact Person/Department: John Dyer, Lake Stevens Police Chief

Budget Impact: Contribution of seven percent (7%) of the vessel registration fee distribution received by Snohomish County

RECOMMENDATION(S)/ACTION REQUESTED OF COUNCIL: Authorize the Mayor to sign the Interagency Agreement.

SUMMARY/BACKGROUND:

Lake Stevens Police Department participates in the Distribution of Vessel Registration Fees with Snohomish County. Washington State Department of Licensing (DOL) collects vessel registration fees on an annual basis, retains the first 1.1 million dollars of what is collected, and then distributes the remainder to Washington counties that have approved boating safety programs.

Lake Stevens agrees to use the funds made available under this Agreement only for boating safety purposes as identified in WAC 352-65-040. Lake Stevens further agrees to use the funds to increase boating safety education and enforcement efforts and to stimulate greater local participation in boating safety.

The purpose of this Agreement is to accept from Snohomish County a treasurer's check equal to seven percent (7%) of the vessel registration fee distribution received by the County within seventy-five (75) days of the allocation from the state treasurer of vessel registration fee distributions the County. Local jurisdictions offering boating safety services and desiring to receive distribution of funds must enter into a cooperative agreement with the county and receive and maintain state park's approval for their boating safety program.

The term of this Agreement shall be for one year, commencing on March 1, 2021, and continuing through February 28, 2022.

ATTACHMENTS: Interagency Agreement

**COOPERATIVE AGREEMENT FOR DISTRIBUTION OF VESSEL
REGISTRATION FEES BETWEEN SNOHOMISH COUNTY
AND THE CITY OF LAKE STEVENS**

This Distribution of Vessel Registration Fees Agreement (“Agreement”), is entered into by and between Snohomish County, a political subdivision of the State of Washington (“County”), and the City of Lake Stevens, a municipal corporation of the State of Washington (“Lake Stevens”).

WITNESSETH THAT:

WHEREAS, pursuant to RCW 88.02.650, the Washington State Department of Licensing (DOL) collects vessel registration fees on an annual basis, retains the first 1.1 million dollars of what is collected, and then distributes the remainder to Washington counties that have approved boating safety programs; and

WHEREAS, pursuant to WAC 352-65-050(2), the legislative authority of each county with an approved boating safety program is responsible for equitably distributing funds allocated by the state treasurer between local jurisdictions in compliance with the requirements of chapter 352-65 WAC; and

WHEREAS, local jurisdictions offering boating safety services and desiring to receive distribution of funds must enter into a cooperative agreement with the county and receive and maintain state park’s approval for their boating safety program; and

WHEREAS, pursuant to WAC 352-65-050, the County must make the equitable distribution to all eligible jurisdictions within seventy-five days of the allocation from the state treasurer and notify state parks of the amount distributed to each eligible local jurisdiction; and

WHEREAS, the County has an approved boating safety program; and

WHEREAS, the County receives an annual allocation of vessel registration fees; and

WHEREAS, Lake Stevens has received and will maintain state parks' approval for its boating safety program and is eligible to receive an equitable share of the vessel registration fees upon execution of a cooperative agreement with the County; and

WHEREAS, the County and Lake Stevens desire to enter into a cooperative agreement,

NOW, THEREFORE, in consideration of covenants, conditions, performances, and promises hereinafter contained, the parties agree as follows:

1. Term. The term of this Agreement shall be for one year, commencing on March 1, 2021, and continuing through February 28, 2022.
2. County Obligations. The County agrees that within seventy-five (75) days of the allocation from the state treasurer of vessel registration fee distributions the County shall deliver to Lake Stevens a treasurer's check equal to seven percent (7%) of the vessel registration fee distribution received by the County. The parties agree that seven percent (7%) represents full payment of Lake Stevens' equitable share.
3. Lake Stevens Obligations.
 - a. Lake Stevens agrees to use the funds made available under this Agreement only for boating safety purposes as identified in WAC 352-65-040. Lake Stevens further agrees to use the funds to increase boating safety education and enforcement efforts and to stimulate greater local participation in boating safety, but not to supplant existing boating safety funding.
 - b. Lake Stevens certifies it will operate its boating safety programs throughout the term of this Agreement in compliance with the state's program requirements and will comply with all applicable federal, state and local laws in performing any activities resulting from the use of the funds distributed under this Agreement.
 - c. Lake Stevens agrees to submit an annual report of activities performed and participate in statewide boating surveys as required by state parks.
4. Governing Law and Venue. This Agreement shall be governed by, construed and enforced in accordance with the laws of the State of Washington. The parties stipulate that the venue of any action arising out of this Agreement shall be in the Superior Court of the State of Washington, in and for Snohomish County.
5. Severability. Should any clause, phrase, sentence or paragraph of this Agreement be declared invalid or void, the remaining provisions of this Agreement shall remain in full force and effect.
6. Assignment. This Agreement shall not be assigned, either in whole or in part, by either party without the express prior written consent of the other party, which may be granted or withheld in such party's sole discretion.
7. Entire Agreement. This Agreement constitutes the entire agreement between the parties regarding the subject matter hereof and supersedes all prior oral or written agreements between the parties regarding the subject matter contained herein. No changes or additions shall be made to this Agreement except as agreed to by both parties and reduced to writing and executed with the same formalities as are required for the execution of this Agreement.

IN WITNESS WHEREOF the parties execute this Agreement this ____ day of _____ 2020.

LAKE STEVENS CITY COUNCIL STAFF REPORT

Council Agenda Date: January 12, 2021

Subject: 2021 Long Range Work Program

Contact Person/ Department:	Russ Wright, Community Development Director	Budget Impact:	Project Specific
--------------------------------	---	-------------------	------------------

RECOMMENDATION(S)/ACTION REQUESTED OF COUNCIL:

Approve the 2021 Long-Range Planning Work Program by consent.

BACKGROUND

The City Council reviews the long-range work plan annually. The 2021 work program primarily includes the Planning Commission's and PCD 2021 long-range work plan (see Attachment A). The Planning Commission and City Council held a joint meeting on December 15, 2020 to discuss the proposed 2021 work plan and review 2020 accomplishments. There was consensus that the 2021 work plan, as presented, should move forward subject to adjustment.

Code Amendments

The following Code Amendments are in process and should be adopted in the first quarter of 2021:

Land Use

- Permissible Use Table
- SEPA Exemption

Process

- International Code Updates
- Title 17 Code Enforcement

There are two carryover items that are part of the 2021 work plan, with impact fee review starting in early 2021.

As indicated above, the 2021 work plan contains some carry-over amendments from the 2020 work plan in addition to new proposed code changes.

- **Impact Fee Review** (carryover) – The city needs to review its impact fee code; analyze current impact fee amounts and adopt standards for annexed areas.
- **Lot Status** – This code amendment would replace an out of date Administrative Policy and implement Attorney General findings on how to determine legal lots of record.
- **Tourist Home Update** – Over the last year, staff has become aware of several Air BNB rentals on the lake through code enforcements actions. Many of these rentals cannot meet the city's current tourist home regulations. This amendment would address this emerging market and develop performance standards to ensure compatibility with neighboring residences.
- **Code clean up** (carryover) – This project would be a comprehensive overview of the zoning code to identify inconsistencies and clarify any ambiguous sections.
- **Non-conforming Code** – Review outdated non-conforming chapters to ensure that they mesh with other code sections and contain best practices. It will be processed as time allows.
- **Tiny House / Micro Housing** – The city allows tiny homes that meet building code and zoning standards for manufactured homes. This project would explore specific land use

policies to permit tiny houses. Recent proposed changes to GMA will consider tiny homes. If these amendments are passed, this amendment will need to be pushed out to implement state level changes.

- **Review Process Code** – Audit processing sections of the city’s zoning code to make sure it is streamlined while providing ample opportunity for public input. Recent proposed changes to GMA will consider public engagement. If these amendments are passed, this amendment will need to be pushed out to implement state level changes.
- **Placeholder** – The city has received a private code amendment application requested modified buffers for marijuana processing facilities in the industrial zones.

Comprehensive Plan Docket

The City will process the following amendments to the Comprehensive Plan:

- Land Use Element
- Capital Facilities Element
- Shoreline Master Program – limited amendments to remove references to multifamily housing in the Waterfront Residential District to harmonize with the zoning code.

In addition, staff will prepare a scope of work for a neighborhood or subarea plan for the Hartford / Machias industrial areas focused on infrastructure needs and economic development. Staff will continue to process annexations including an Interlocal Agreement with Snohomish County to consider annexing the remaining northern portion of the UGA.

Staff is ready to discuss any of the work plan items. It should be noted, the work plan is subject to change and addition as the city receives citizen-initiated code amendments that the City Council may want to consider, or other code changes initiated by the city in response to case law or legislative changes.

APPLICABLE CITY POLICIES

Council gives the Planning Commission direction on work activities as an advisory body.

BUDGET IMPACT

Direct budget impacts will require project specific funding to be approved by the Council as needed.

LAKE STEVENS CITY COUNCIL
STAFF REPORT

Council Agenda

Date: January 12, 2021

Subject: Reappointments and New Appointments to Boards and Commissions

Contact

Person/Department: Mayor **Budget Impact:** 0

RECOMMENDATION(S)/ACTION REQUESTED OF COUNCIL: Reappoint Todd Welch to the Planning Commission, Carolyn Bennett to the Salary Commission, Abe Martinez to the Library Board, Kurt Hilt, Kim Daughtry, Marcus Tageant and Shawn Frederick to the Veterans Commission and Chris Jones, Carl Johnson and Roger Schollenberg to the Park Board all for three-year terms expiring December 31, 2023. Appoint new applicants Debbie Welch to the Veterans Commission, Helen Taylor and Lynn Myers to the Library Board and Ford Poston to the Salary Commission all for three-year terms expiring December 31, 2023.

SUMMARY/BACKGROUND:

The City's Boards and Commissions are governed under LSMC Title 2, and are organized so that appointments of members to those Boards and Commissions end on December 31 of each year. Appointments are staggered at the inception of each Board and Commission so that not all appointments end in the same year, which helps to provide for continuity. The appointees' listed below had terms expire on December 31, 2020 and each has requested reappointment. Also below are new applicants that were interviewed and selected by the interview committee on January 6, 2021.

Reappointments: All terms below would expire 12/31/2023.

- **Planning Commission:** Todd Welch
- **Salary Commission:** Carolyn Bennett
- **Library Board:** Abe Martinez
- **Veterans Commission:** Kurt Hilt, Kim Daughtry, Marcus Tageant & Shawn Frederick
- **Park Board:** Chris Jones, Carl Johnson, Roger Schollenberg

New Applicants: All terms below would expire 12/31/2023.

- **Veterans Commission:** Debbie Welch
- **Library Board:** Helen Taylor and Lynn Myers
- **Salary Commission:** Ford Poston

LAKE STEVENS CITY COUNCIL
STAFF REPORT

Council Agenda

Date: January 12, 2021

Subject: Professional Services Agreement – Lake Stevens Festival Street – Utility Design, Final Street Design, Museum Building Design, Grimm House Relocation Design and Boundary Line Adjustment Survey – Land Development Consultants

Contact	Aaron Halverson, Capital Project Coordinator	Budget	
Person/Department:	<u>Eric Durpos, Public Works Director</u>	Impact:	<u>\$93,665</u>

RECOMMENDATION(S)/ACTION REQUESTED OF COUNCIL: Authorize the Mayor to sign a Professional Services Agreement with Land Development Consultants, Inc. (LDC) for engineering, planning and building design for the Lake Stevens Festival Street Project.

SUMMARY/BACKGROUND: LDC was selected to complete design of the Lake Stevens Festival Street/Mill Spur Road in April 2020. As design has progressed additional project elements are necessary including:

- Relocation of the historical Grimm house
- Design of a new museum building,
- Additional utility coordination to accommodate future commercial development
- Boundary line adjustments in the area

The proposed supplement will provide the necessary engineering, architectural and structural design services to develop construction plans and documents that can be used to bid the future construction project.

LDC, Inc. was selected through a qualifications-based evaluation. LDC, Inc. is well suited to perform the work quickly and efficiently given their design of North Cove Park Phase I. The attached scope of work and fee proposal (supplemental agreement and LDC supplemental request no. 2) constitute the amended contract.

APPLICABLE CITY POLICIES: 2021 Adopted Budget

BUDGET IMPACT: \$93,665

ATTACHMENTS:

- Exhibit A: Supplemental Agreement No. 2 & LDC Supplemental Request No. 2

**SUPPLEMENTAL AGREEMENT NO. 2
TO PROFESSIONAL SERVICES AGREEMENT
BETWEEN CITY OF LAKE STEVENS AND
LAND DEVELOPMENT CONSULTANTS, INC. (LDC) FOR
LAKE STEVENS FESTIVAL STREET**

This Supplemental Agreement No. 2 is made and entered into on the ____ day of January 2021, between the City of Lake Stevens, hereinafter called the "City" and Land Development Consultants, Inc. (LDC), hereinafter called the "Consultant."

WITNESSETH THAT:

WHEREAS, the parties hereto have previously entered into an Agreement for design of Lake Stevens Festival Street, hereinafter called the "Project," said Agreement being dated April 16, 2020; and

WHEREAS, both parties desire to supplement said Agreement, by expanding the Scope of Services to provide for Lake Stevens Festival and to amend the total amount payable for this Agreement,

NOW THEREFORE, in consideration of the terms, conditions, covenants and performance contained herein or attached and incorporated, and made a part hereof, the parties hereto agree as follows:

Each and every provision of the Original Agreement for Professional Services dated April 16, 2020, shall remain in full force and effect, except as modified in the following sections:

1. Article II of the Original Agreement, "SCOPE OF SERVICES", shall be supplemented to include the Scope of Services as described in Exhibit A, attached hereto and by this reference made part of this Supplemental Agreement No. 2.

2. Article IV of the Original Agreement, "OBLIGATIONS OF THE CITY", Paragraph IV.1 Payments, Section (a), the second sentence is amended to include the additional Consultant fee of \$99,665.00 and shall read as follows: "In no event shall total payment under this agreement exceed \$201,915.00."

The Total Amount payable to the Consultant is summarized as follows:

Original Agreement	\$88,350.00
Supplemental Agreement No.1	\$19,900.00
Supplemental Agreement No. 2	\$93,665.00
Grand Total	\$201,915.00

IN WITNESS WHEREOF, the parties hereto have executed this SUPPLEMENTAL AGREEMENT NO. 2 as of the day and year first above written.

July 24, 2020

Public Works Department
Attn: Eric Durpos, Public Works Director
CC: Aaron Halverson
1812 Main Street
Lake Stevens, WA 98258

RE: NORTH COVE PARK PHASE 2 – SUPPLEMENTAL REQUEST NO. 2

Dear Eric Durpos,

The intent of this supplement request is to provide bid support and technical engineering support during construction as requested by the City of Lake Stevens:

- Task 16 – Bid Support, \$3,500 (Time & Expense)
- Task 17 – Construction Engineering Support, \$18,500 (Time & Expense)

Total supplement request is \$22,000, for a new contract total of \$181,650.

TASK 16 – BID SUPPORT

The Consultant shall provide assistance during the bid of the construction contract. The following tasks will be provided by the Consultant:

ASSUMPTIONS:

- Consultant shall assist the Client during the bid period to answer any questions that arise concerning the PS&E documents and will assist the Client in preparing any addenda required.
- LDC will attend pre-construction site walk.
- LDC will assist in the preparation of addendums.
- LDC will not attend bid opening or preparation of bid tabs.

TIME & EXPENSE \$3,500 (TASK 16)

TASK 17 – CONSTRUCTION ENGINEERING SUPPORT

This task is to provide engineering support during the construction phase.

- Consultant will participate in coordination meetings with the Client, the contractor, and/or utility agencies as necessary to accomplish the construction of improvements. Four (4) such coordination meeting are anticipated.
- Consultant will review contractor provided/prepared civil shop drainage drawings and cut sheets for general conformity with the plans and specifications. Following review, Consultant will stamp the drainage shop drawing and/or cut sheet with the appropriate designation (no exceptions taken, rejected, etc.) and provide the City with the appropriate number of copies for their review. Consultant will receive the reviewed drainage shop drawings and cut sheets back from the agencies and forward to the contractor for appropriate action.
- Consultant will respond to contractor RFI's during construction as necessary. It is anticipated that RFI's will be routed through the on-site Project Engineer and provided to the Consultant in a written

format. The Consultant will work with the City, contractor, and the appropriate agencies to provide resolution to the RFI's. The projected fee anticipates responding to up to ten (10) RFI's.

- Contractor provided redlines will be drafted up to record drawing format. LDC will not perform measure downs or other survey efforts to support record drawing production.

ASSUMPTIONS:

- Project will be constructed within
- Project close out documentation is excluded
- Construction surveying is excluded

TIME & EXPENSE \$18,500 (TASK 17)

We are available immediately to commence the proposed scope of services upon receipt of a signed copy of this contract. Please feel free to contact the undersigned with any questions or comments.

Sincerely,

LDC, Inc.

A handwritten signature in blue ink that reads "Darrell Smith". The signature is fluid and cursive, with the first name and last name clearly distinguishable.

December 18, 2020

Attn: Gene Brazel, City Administrator
1812 Main Street
Lake Stevens, WA 98258

RE: LAKE STEVENS FESTIVAL STREET – SUPPLEMENTAL REQUEST NO. 2

Dear Gene Brazel,

The intent of this supplement request is to provide additional design support and parcel development of the Festival Street as requested by the City of Lake Stevens:

Task 03 – Final Design	\$15,400
- Gateway Sign Structural Design	
- City Request Detailing	
- Cost Estimate	
- Permit Comment/Response	
Task 06 – Utility Design	\$3,000
- Utility Coordination	
Task 08 – Project Coordination Meeting	\$3,000
- Museum Building	
- Grimm House Building	
Task 11 – Boundary Line Adjustment Survey and Map	\$1,400
Task 13 – Grimm House	\$17,875
- Grimm & Museum Site Plan	
- Grimm Building Relocation Specifications	
- New Grimm House Foundation (Assume no basement)	
Task 14 – Museum Building Design	\$52,990
- Architectural (Doug Williams)	
- Structural	
- Electrical	
- Mechanical	
- Plumbing	
- Boardwalk Design	
	Total \$93,665

Total supplement request is \$93,665, for a new contract total of \$201,915.

SUPPORTING SCOPE OF WORK

MUSEUM TWO-STORY BUILDING STRUCTURAL & FOUNDATION DESIGN & PLANS

LDC, Inc. is proposing the following scope and cost to prepare the structural design for the project as follows:

- Review of jurisdictional structural requirements and codes
- Prepare structural calculations sufficient for permit submittal
 - Roof framing design
 - Floor framing design
 - Loft structural design
 - Overall lateral stability design
 - Bearing wall design
 - Foundation design
- Prepare construction drawings sufficient for permit submittal
 - General notes specifying material properties and construction requirements
 - Plans, sections, and details defining dimensions and framing for all structural elements.

ASSUMPTIONS:

- The scope of the deliverables will be limited to structural calculations and construction documents.
- One set of revisions based on comments from the jurisdiction will be included within this scope.
- A geotechnical engineer will be hired by the owner and a report will be provided establishing the allowable bearing pressure for the foundations.

STRUCTURAL DESIGN – NEW BOARDWALK

LDC, Inc. is proposing the following scope and cost to prepare the structural design for the project as follows:

- Review of jurisdictional structural requirements and codes
- Design and detailing of boardwalk decking, joists, and cross members.
- Design and detailing of steel pipe posts and pile foundations.
- Prepare construction drawings sufficient for permit submittal
- General notes specifying material properties and construction requirements
- Plans, sections, and details defining dimensions and framing for all structural elements.

ASSUMPTIONS:

- The boardwalk will be continuously supported, 100'-150' in length and with one turn.
- General reimbursable for copying and travel are including in the above price
- A geotechnical engineer will be hired and a soils report in the vicinity of the work will be provided establishing the allowable bearing pressure for the foundations.
- LDC's structural engineer is providing structural engineering services only.
- One set of revisions based on comments from the jurisdiction will be included within this scope.
- Site visits, as needed, will be on T&M basis.

GRIMM HOUSE FOUNDATION DESIGN FOR RELOCATED BUILDING

LDC, Inc. is proposing the following scope and cost to prepare the structural design for the project as follows:

- Review of jurisdictional structural requirements and codes
- Prepare structural calculations sufficient for permit submittal
 - Analysis of gravity and lateral forces exerted by the building
 - Design and detailing of foundation for the relocated building
- Prepare construction drawings sufficient for permit submittal
 - General notes specifying material properties and construction requirements
- Plans, sections, and details defining dimensions and framing for all structural elements.

GENERAL NOTES & ASSUMPTIONS FOR ALL TASKS:

- No variance from agency standards will be required.
- Agency fees and/or costs for public notification are not included.
- Construction quantities/estimates are not included.
- Specifications will be limited to general notes on the drawings for structural, mechanical, electrical, and plumbing plans.
- Specialized design services by other consultants may be required to complete the design plans and/or project approvals. The following items may be required:
 - Construction inspection & administration
 - Soils/Geo Technical Studies
 - Traffic Studies
 - Arborist
 - Special Inspector for designated items

MUSEUM BUILDING – ELECTRICAL, MECHANICAL, & PLUMBING DESIGN

SERVICES INCLUDED

- Mechanical, Plumbing and Electrical specifications provided on plan sheets
- Licensed Professional Engineer's stamp and signature
- Completion of applicable governing agency comments (plan check comments)
- Engineering calculations required to generate HVAC, plumbing and electrical design
- Mechanical plan(s) including the following:
 - Schedule of mechanical equipment
 - Energy calculations for the building envelope and mechanical requirements
 - Location of new HVAC units and equipment as required
 - Locations of exhaust fans as required to meet fresh air requirements
 - Duct layout and air distribution for all equipment listed above
 - Design of control systems
- Plumbing site plan including the following:
 - Building utilities points of connection up to 5 feet outside of building
 - Coordination of site utilities with contracted civil engineer
- Plumbing plan(s) including the following:
 - Schedule of plumbing fixtures
 - Complete plumbing system layout and sizing as required including domestic waste and vent, domestic water (hot and cold)
 - Roof drainage sizing and pipe layout
 - Condensate piping for HVAC units
 - Gas piping layout and sizing
- Electrical site plan including the following:
 - Assist with coordination of power and telephone services with serving utilities
 - Site lighting layout, circuiting, and control wiring diagram for general lighting purposes
 - Point by Point of site lighting foot candle levels
- Lighting plan(s) including the following:
 - Schedule of lighting fixtures
 - Lighting layout and circuiting
 - Energy code lighting compliance forms
 - Lighting control wiring diagrams
 - Egress lighting layout and circuiting per NEC and local jurisdictions
- Electrical power plan(s) including the following:
 - New service entrance and main meter sections design
 - Distribution and branch panel locations

- Single line diagram
- Load schedules and Panel schedules
- Convenience receptacle layout and circuiting
- Voltage drop calculations
- Electrical connections to low voltage devices as specified by other system designs
- HVAC and plumbing equipment power connections specified by Mechanical Engineer

SERVICES NOT INCLUDED

- Construction Administration
- LEED Documentation, Credit Analysis or Credit Templates
- Plumbing utility design and layout beyond 5 feet outside of the building
- Street improvements
- Project meetings, construction site visits, or recurring coordination meeting conference calls beyond those listed in scope
- Detailed estimate of probable construction cost
- Revisions to our plans after plan check approval due to changes in design, such as floor plan and site plan modifications, or additional scope changes
- Calculation of plan check and/or building permit fees or payment thereof
- Delivery of plans to City or County agencies
- Printing of additional sets of drawings other than listed in scope
- Construction contract bid negotiation process
- Mechanical, Plumbing or Electrical services for building other than those listed in scope of work
- Preparation of record/As-Built drawings
- Preparation of multiple drawings or drawing set for separate construction phasing unless specifically indicated in Project Scope or Services Included
- Sub-contracts with any other consultants such as Structural Engineers, or Architects for out of scope work such as equipment platforms and support or site lighting pole base calculations
- Verifying locations of existing underground utilities which transit the site
- Special effect lighting systems such as Theatrical lighting
- Temporary power design
- Emergency engine generator design
- Public street lighting, traffic control, street improvements and offsite utilities
- Arc flash hazard analysis and protective device coordination study
- Low voltage systems design and equipment specifications including the following:
 - Voice/Data, Network and Intercom systems
 - CCTV and Cable television systems
 - Building and site Fire alarm system
 - Security and Access Control systems
 - Audio/Video and Music/paging systems

At your direction, LDC and its subconsultants have begun work on the requested assignments. As previously discussed, LDC is not responsible for advertising support, construction inspection or administration at this time. Please feel free to contact the undersigned with any questions or comments.

LDC Proposal – Lake Stevens Festival Street Supplemental Request No. 2

LAKE STEVENS CITY COUNCIL
STAFF REPORT

Council Agenda Date: January 12, 2021

Subject: Briefing – Building & Construction and Fire Code Amendments

Contact Person/Department: Ryan Mumma, Building Official
Mike Messer, Fire Marshall

Budget Impact: None

RECOMMENDATION(S)/ACTION REQUESTED OF COUNCIL: No action required at this meeting.

BACKGROUND/DISCUSSION:

The International Code Council publishes new and/or updated construction codes every three years. The State Building Code Council subsequently adopts these codes, often with amendments and requires jurisdictions to adopt these codes. The State Building Code Council adopted the 2018 Editions of the International Code Group effective February 1, 2021. Each jurisdiction may adopt the codes as adopted by the state or make other amendments to the Building and Fire Codes.

The Lake Stevens Municipal Code has two chapters related to the model codes: Chapter 14.80: Building and Construction and Chapter 14.84: Fire Code. In addition to the state adopted amendments, minor local amendments are proposed to both chapters. Pursuant to the WAC 197-11-800 (19) this code amendment is exempt from SEPA but is subject to review from the Department of Commerce per RCW 36.70A.106(3)(b).

The last adoption of model codes was in 2016 with adoption of the 2015 Editions of the International Code Group. The adoption in 2021 is of the 2018 Editions of the International Code Group, which were adopted by the State Building Code Council in 2019 and the effective date was delayed until February 1, 2021. The regulations are instrumental in protecting personal property, health and safety of the general public.

The City is adopting the following 2018 editions consistent with the State adoption:

- International Building Code, including ICC A117.1 – (ADA Accessible Standards)
- International Existing Building Code
- International Residential Code
- Uniform Plumbing Code
- International Mechanical Code
- International Fuel Gas Code
- Washington State Energy Code
- International Swimming Pool and Spa Code
- International Property Maintenance Code
- International Fire Code (including all adoptable Appendices, except “A”, “J”, and “L”)

Pursuant to LSMC 14.16C.075(e)(2) and (3), amendments to Chapters 14.80 and 14.84 LSMC are not

required to be reviewed before the Planning Commission. Stakeholders such as the Snohomish County Master Builders Association have had the opportunity to review the proposed amendments to the building and fire codes.

A few minor edits as adopted by the State are proposed in the Building and Construction Codes and Fire Codes. The City does not have the authority to change or diminish the State amendments. In addition, minor local amendments are proposed for consistency with the fire code, remove conflicts with LSMC, complete the climatic table as required by the IRC, and clarify adoption language of other codes. The draft construction code is attached for review (**Exhibit 1**).

In addition to the State amendments to the Fire Code, the proposed fire code update focuses on the following items:

1. Update of references to current 2018 IFC and supporting standards
2. Clarification of code and requirements
3. Removal of superseded sections and focus on referencing IFC sections (Section 903 sprinklers)
4. Closing gaps in code where previous code was impractical

New Requirements include the following:

1. Fire separation is now allowed to be used for building separation
2. Sprinkler requirements focus on buildings only, not all structures
3. Residential private and shared access drives DO NOT constitute approved fire apparatus roads
4. Set standard for address signs

Fire sprinkler requirements have been relieved for unoccupied structures and no other changes to the fire sprinkler codes are proposed. The draft fire code is attached for review (**Exhibit 2**).

RECOMMENDATION: Hold a final hearing to **APPROVE** the edits to Chapters 14.80 and 14.84 LSMC, which will adopt the 2018 Editions of the International Code Group.

APPLICABLE CITY POLICIES: Chapter 14.80 Building and Construction. Chapter 14.84 Fire Code.

BUDGET IMPACT: No budget impact.

EXHIBITS:

1. Draft Construction Code
2. Draft Fire Code

Chapter 14.80 BUILDING AND CONSTRUCTION

Sections:

Part I. Washington State Building Codes Adopted

14.80.010 Washington State Building Codes Adopted

- (a) International Building Code and International Existing Building Code
- (b) International Residential Code
- (c) Uniform Plumbing Code
- (d) International Mechanical Code and International Fuel Gas Code
- (e) Washington State Energy Code
- (f) International Property Maintenance Code
- (g) International Swimming Pool and Spa Code

Part II. Building Official

14.80.020 Building Official

Part III. Building Code

- 14.80.030 Building Permits**
- 14.80.040 Fees**
- 14.80.050 Building Sewer Permits**
- 14.80.060 Construction and Use**
- 14.80.070 Accessory Buildings**
- 14.80.080 Docks and Over-Water Structures**
- 14.80.090 Signs**
- 14.80.100 Repairs and Maintenance**
- 14.80.110 Certificate of Occupancy**
- 14.80.120 Inspection of Improvements**
- 14.80.150 *Repealed***
- 14.80.160 *Repealed***
- 14.80.170 *Repealed***
- 14.80.180 *Repealed***

Part I. Washington State Building Codes Adopted

14.80.010 Washington State Building Codes Adopted.

The below-listed model codes, as approved, adopted and amended by the State Building Code Council (SBCC) are hereby adopted by this reference. These codes shall apply to all new construction, remodeling, or repairs. Copies of the codes are on file in the office of the Building Official.

~~(a) 2015 Edition of the International Building Code (IBC) as published by the International Code Council, including Appendix E, International Code Council/American National Standards Institute (ICC/ANSI) A117.1-2009 (Accessible and Usable Buildings and Facilities), and the 2015 International Existing Building Code with the exceptions noted in Chapter 51-50 WAC (WAC 51-50-003); excluding Section 903 (Automatic Sprinkler Systems), which is replaced in its entirety by Section 14.84.150.~~

- (a) The 2018 Edition of the International Building Code (IBC) including Appendix E, and the adoption of ICC/ANSI A117.1-2009, Requirements for Accessible and Useable Buildings and Facilities, as adopted and amended by the State Building Code Council in Chapter 51-50 WAC, as published by the International Code Council with the following amendments and additions. The 2018 International Existing Building Code (IEBC) is included in the adoption of the International Building Code as provided by IBC Section 101.4.7 and amended in WAC 51-50-480000

(1) IBC Section 501.2 Amended – General Building Heights and Areas, General, Address Identification. Section 501.2 of the International Building Code is hereby amended to read as follows:

In addition to the requirements of IBC 501.2, address identification shall comply with Section 14.84.190 of the Lake Stevens Municipal Code.

Exception. Group R-3 occupancies, townhomes, and one & two family dwellings

(2) IBC Section 903 Addition. In addition to the requirements of IBC Section 903, automatic sprinkler systems shall also comply with Section 14.84.150 of the Lake Stevens Municipal Code.

~~(b) 2015 Edition of the International Residential Code (IRC) published by the International Code Council with additions, deletions and exceptions noted in Chapter 51-51 WAC; provided, inclusion of Appendices F (Radon Control Methods), G (Swimming Pools, Spas and Hot Tubs), and R (Dwelling Unit Fire Sprinkler Systems); and that Chapters 11 and 25 through 42 of this code are not adopted (WAC 51-51-003).~~

- (b) The 2018 edition of the International Residential Code as published by the International Code Council with the following additions, deletions, and exceptions: Provided that chapters 11 and 25 through 43 of this code are not adopted. Energy Code is regulated by chapter 51-11R WAC; Plumbing Code is regulated by chapter 51-56 WAC; Electrical Code is regulated by chapter 296-

46B WAC or Electrical Code as adopted by the local jurisdiction. Appendix F, Radon Control Methods, Appendix Q, Tiny Homes, and Appendix U, Dwelling Unit Fire Sprinkler Systems, are included in adoption of the International Residential Code. The following additions are included in adoption of the International Residential Code.

(1) IRC Table R301.2(1) Amended. International Residential Code Table R301.2(1) is hereby amended to read as follows:

TABLE R301.2(1)
CLIMATIC AND GEOGRAPHIC DESIGN CRITERIA

Ground SNOW LOAD* (psf)	WIND DESIGN				SEISMIC DESIGN CATEGORY ^f	SUBJECT TO DAMAGE FROM			OUTDOOR DESIGN TEMP* (F) Heat/Cool	ICE BARRIER UNDERLAYMENT REQUIRED ^h	FLOOD HAZARD ^g	AIR FREEZING INDEX ⁱ	MEAN ANNUAL TEMP ^j
	Speed ^a (mph)	Topographic effects ^a	Special wind region ⁱ	Windborne debris zone ^m		Weathering ^a	Frost line depth ^b	Termite ^c					
25	110	No	No	No	D2	Moderate	12"	Slight to Moderate	23/79	No	Per LSMC	175	50.5
MANUAL J DESIGN CRITERIA ⁿ													
Elevation		Latitude		Winter heating	Summer cooling	Altitude correction factor		Indoor design temperature	Design temperature cooling		Heating temperature difference		
217		47°00'54"		72°F max	75°F min	0.99		72°F	75°F		56°F		
Cooling temperature difference		Wind velocity heating		Wind velocity cooling	Coincident wet bulb	Daily range		Winter humidity	Summer humidity				
8°F		N.A.		N.A.	66	Medium		75%	68%				

For SI: 1 pound per square foot = 0.0479 kN/m², 1 mile = 1.609 km/h.

- a. Weathering may require a higher strength concrete or grade of masonry than necessary to satisfy the structural requirements of this code. The weathering column shall be filled in with the weathering index (i.e., "negligible," "moderate" or "severe") for concrete as determined from the Weathering Probability Map [Figure R301.2(3)]. The grade of masonry units shall be determined from ASTM C 34, C 55, C 62, C 73, C 90, C 129, C 145, C 216 or C 652.
- b. The frost line depth may require deeper footings than indicated in Figure R403.1(1). The city shall fill in the frost line depth column with the minimum depth of footing below finish grade.
- c. The city shall fill in this part of the table to indicate the need for protection depending on whether there has been a history of local subterranean termite damage.
- d. The city shall fill in this part of the table with the wind speed from the basic wind speed map [Figure R301.2(5)A]. Wind exposure category shall be determined on site-specific basis in accordance with Section R301.2.1.4.
- e. The outdoor design temperature shall be selected from the Washington State Energy Code, Appendix C. Deviations from the Appendix C temperatures shall be permitted to reflect local climates or local weather experience as determined by the building official.
- f. The city shall fill in this part of the table with the Seismic Design Category determined from Section R301.2.2.1.
- g. The city shall fill in this part of the table with (a) the date of the city's entry into the National Flood Insurance Program (date of adoption of the first code or ordinance for management of flood hazard areas), (b) the date(s) of the currently effective FIRM and FBFM, or other flood hazard map adopted by the community, as may be amended.
- h. In accordance with Sections R905.2.7.1, R905.4.3.1, R905.5.3.1, R905.6.3.1, R905.7.3.1 and R905.8.3.1, where there has been a history of local damage from the effects of ice damming, the city shall fill in this part of the table with "YES." Otherwise, the city shall fill in this part of the table with "NO."
- i. The city shall fill in this part of the table with the 100-year return period air freezing index (BF-days) from Figure R403.3(2) or from the 100-year (99%) value on the National Climatic Data Center data table "Air Freezing Index-USA Method (Base 32° Fahrenheit)" at <http://www.ncdc.noaa.gov/oa/fpsf/AFI-pubreturn.pdf>.
- j. The city shall fill in this part of the table with the mean annual temperature from the National Climatic Data Center data table "Air Freezing Index-USA Method (Base 32° Fahrenheit)" at <http://www.ncdc.noaa.gov/oa/fpsf/AFI-pubreturn.pdf>.
- k. In accordance with Section R301.2.1.5, where there is local historic data documenting structural damage to buildings due to topographic wind speed-up effects, the city shall fill in this part of the table with "YES." Otherwise, the city shall indicate "NO" in this part of the table.

- l. In accordance with Figure R301.2(4)A, where there is no local historical data documenting unusual wind conditions, the jurisdiction shall fill in this part of the table with "YES" and identify any specific requirements. Otherwise, the jurisdiction shall indicate "NO" in this part of the table.
- m. In accordance with Section R301.2.1.2.1, the jurisdiction shall indicate the wind-borne debris wind zone(s). Otherwise, the jurisdiction shall indicate "NO" in this part of the table.
- n. The jurisdiction shall fill in these sections of the table to establish the design criteria using Table 1a or 1b from ACCA Manual J or established criteria determined by the jurisdiction
- o. The jurisdiction shall fill in this section of the table using the Ground Snow Load in Figure R301.1(6)

(c) ~~2015~~ 2018 Edition of the Uniform Plumbing Code, including Appendices A, B and I, published by the International Association of Plumbing and Mechanical Officials, with additions, deletions and exceptions noted in Chapter 51-56 WAC; provided, that Chapters 12 and 15 of this code are not adopted; provided further, that those requirements relating to venting and combustion air of fuel-fired appliances as found in Chapter 5 and portions of the code addressing building sewers are not adopted (WAC 51-56-003).

(d) ~~2015~~ 2018 Edition of the International Mechanical Code published by the International Code Council, including ~~2015-2018~~ International Fuel Gas Code, ~~2008~~ 2017 National Fire Protection Association (NFPA) 58 (Liquefied Petroleum Gas Code) and ~~2009~~ 2018 NFPA 54 (National Fuel Gas Code) with exceptions noted in WAC 51-52-003.

(e) ~~2015~~ 2018 International Energy Conservation Code of the State of Washington regulated by Chapters ~~51-11C~~ and ~~51-11R~~ WAC.

~~(f) 2015 Edition of the International Property Maintenance Code. (Ord. 972, Sec. 2 (Exh. A), 2017; Ord. 897, Sec. 2 (Exh. A), 2013; Ord. 833, Sec. 2 (Exh. A), 2010; Ord. 778, Sec. 2, 2008; Ord. 746, Sec. 7, 2007)~~

~~(f) The 2018 Edition of the International Property Maintenance Code (IPMC), including Sections 107.4 & 107.6 (IPMC) as published by the International Code Council is adopted by reference with the following deletions, exceptions, and amendments. Provided, Sections 103.5, 106, 111, and 112 are not adopted. References in the IPMC to other codes not adopted by LSMC 14.80.010 shall be deemed to refer to the most closely corresponding adopted codes and sections.~~

~~(1) IPMC Section 102.3 is hereby amended as follows:~~

~~Repairs, additions, or alterations to a structure, or changes of occupancy, shall be done in accordance with the procedures and provisions of the *International Building Code*, *International Existing Building Code*, ***Washington State Energy Code***, *International Fire Code*, *International Fuel Gas Code*, *International Mechanical Code*, *International Residential Code*, ***Uniform Plumbing Code***, and *NFPA 70*. Nothing in this code shall be construed to cancel, modify, or set~~

aside any provision of the *International Zoning Code*.

(2) IPMC Section 103.5 Fees. This section is not adopted. Fees for civil code violations shall be assessed per LSMC Section 17.20.040(b) or resolution set by City Council

(3) IPMC Section 106 Violations. This section is not adopted. Violations and penalties shall be as set forth in LSMC Title 17.20

(4) IMPC Section 107. Notices and Orders. This section shall only retain the provisions of Section 107.4 Unauthorized Tampering and Section 107.6 Transfer of Ownership. Any other sections of 107 are not adopted. Violations and penalties shall be as set forth in LSMC Title 17.20

(5) IPMC Section 111 Means of Appeal. This section is not adopted. Appeals shall be per LSMC 17.20

(6) IPMC Section 112 Stop Work Orders. This section is not adopted. Stop work orders shall be per LSMC 17.20.040

(g) The 2018 International Swimming Pool and Spa Code (ISPSC) is included in the adoption of the International Building Code as provided by IBC Section 3109.1 and amended in WAC 51-50-3109, and as provided by IRC Section R328 and amended in WAC 51-51-0328.

Part II. Building Official

14.80.020 Building Official.

It shall be the duty of the Building Official to administer and enforce the code. If the Building Official shall find that any of the provisions of this code are being violated, the person responsible for such violations shall be notified in writing indicating the nature of the violation and ordering the action necessary to correct it. The Building Official shall order discontinuance of illegal use of buildings or structures; removal of illegal buildings or structures or of additions, alterations or structural changes thereto; discontinuance of any illegal work being done; or shall take any other action authorized by this code to ensure compliance with or to prevent violations of its provisions. (Ord. 972, Sec. 2 (Exh. A), 2017; Ord. 897, Sec. 2 (Exh. A), 2013; Ord. 833, Sec. 2 (Exh. A), 2010; Ord. 778, Sec. 2, 2008)

Part III. Building Code

14.80.030 Building Permits.

(a) No building or other structure shall be constructed, enlarged, altered, moved, demolished or change occupancy without a permit issued by the Building Official. No building permit shall be issued except in conformity with the provisions of this code.

(b) All applications for building permits shall be accompanied by plans in duplicate, drawn to scale, showing the actual dimensions and shape of the lot to be built upon; the exact sizes and locations of existing buildings on the lot, if any; and the location and dimensions of the proposed building or alteration. The application shall include such other information as lawfully may be required by the Building Official, including existing or proposed building or alteration; existing or proposed uses of the building and land; the number of units, or rental units, the building is designed to accommodate; conditions existing on the lot; and such other matters as may be necessary to determine conformance with, and provide for the enforcement of, this code. One copy of the plans shall be returned to the applicant by the Building Official after marking such copy approved or disapproved and attesting to same by having signed such copy. The second copy of the plans shall be retained by the Building Official for 180 days.

(c) If work described in any building permit has not begun within 180 days from the date of issuance thereof, said permit shall expire. It may be cancelled by the Building Official, and written notice shall be given to the applicant.

(d) The applicant may request in writing an extension of the building permit from the Building Official. The Building Official may approve one or more 180-day extensions if justifiable cause is demonstrated pursuant to IBC Chapter 1, Section 105.

(e) In place of the Board of Appeals per the IBC, appeals of orders, decisions or determinations made by the Building Official have an administrative appeal to the Hearing Examiner as set forth in the following procedures:

(1) Appellant. The project applicant may appeal the decision.

(2) Form of Appeal. The applicant appealing a building permit decision must submit a completed appeal form which sets forth:

(i) A claim that the true intent of the building and construction code or the rules legally adopted thereunder have been incorrectly interpreted;

(ii) The provisions of the building and construction code do not fully apply; or

(iii) An equally good or better form of construction is proposed.

(3) Time to Appeal. The written appeal and the appeal fee, if any, must be received by the Department of Planning and Community Development no later than 4:00 p.m. on the fourteenth day following the date of the notice of decision.

(4) Notice of Appeal. If a building permit decision is appealed, a hearing before the Hearing Examiner shall be set and notice of the hearing shall be mailed or emailed to the appellant/applicant by the Building Official. Notice shall be mailed or emailed no less than 10 days prior to the appeal hearing.

(i) Public Hearing. The Hearing Examiner shall conduct an open record hearing on a building permit decision appeal. The appellant/applicant and the City shall be designated parties to the appeal. Each party may participate in the appeal hearing by presenting testimony or calling witnesses to present testimony.

(ii) Decision on Appeal.

a. Within 14 days after the close of the record for the appeal of orders, decisions or determinations made by the Building Official, the Hearing Examiner shall issue a written decision to grant, grant with modifications, or deny the appeal. The Hearing Examiner may grant the appeal or grant the appeal with modification if:

1. The appellant/applicant has carried the burden of proof for meeting subsection (e)(2) of this section; and

2. The Examiner finds that the building permit decision is not supported by a preponderance of the evidence.

b. The Hearing Examiner shall accord substantial weight to the decision of the Building Official.

(5) Time Period to Complete Appeal Process. In all cases, except where the parties to an appeal have agreed to an extended time period, the administrative appeal process generally shall be completed within 90 days from the date the original administrative appeal period closed. The administrative appeal process shall be deemed complete on the date of issuance of the Hearing Examiner's decision.

(6) Appeal of Hearing Examiner Decision. An appeal from the Hearing Examiner's decision shall be brought before the Superior Court of Snohomish County in accordance with the Land Use Petition Act, Chapter [36.70C](#) RCW, as amended. (Ord. 972, Sec. 2 (Exh. A), 2017; Ord. 903, Sec.

50, 2013; Ord. 897, Sec. 2 (Exh. A), 2013; Ord. 833, Sec. 2 (Exh. A), 2010; Ord. 778, Sec. 2, 2008; Ord. 746, Sec. 8, 2007)

14.80.040 Fees.

The City shall collect fees for all services rendered and activities performed in reviewing and issuing building permits. Said fees shall be set by resolution. (Ord. 972, Sec. 2 (Exh. A), 2017; Ord. 897, Sec. 2 (Exh. A), 2013; Ord. 833, Sec. 2 (Exh. A), 2010; Ord. 778, Sec. 2, 2008)

14.80.050 Building Sewer Permits.

No building permits for primary use structures shall be issued without the applicant having first secured a sewage disposal permit per Chapter [14.60](#) (Utilities). (Ord. 972, Sec. 2 (Exh. A), 2017; Ord. 897, Sec. 2 (Exh. A), 2013; Ord. 833, Sec. 2 (Exh. A), 2010; Ord. 778, Sec. 2, 2008)

14.80.060 Construction and Use.

Building permits issued on the basis of plans and applications approved by the Building Official authorize only the construction set forth in such approved plans and applications and no other construction. Nor does the issuance of building plans authorize use or arrangement of structures or property. Authorization of use of property or arrangement of structures is authorized by the issuance of required land use approvals pursuant to Section [14.16A.215](#) (Land Use Permits Required). Construction different than that authorized shall be deemed a violation of this code and punishable as provided by Chapter [14.28](#) (Enforcement and Review). (Ord. 972, Sec. 2 (Exh. A), 2017; Ord. 897, Sec. 2 (Exh. A), 2013; Ord. 833, Sec. 2 (Exh. A), 2010; Ord. 811, Sec. 70, 2010; Ord. 778, Sec. 2, 2008)

14.80.070 Accessory Buildings.

Accessory buildings shall not be constructed prior to the commencement of construction of the main building and shall comply with Chapter [14.48](#) (Density and Dimensional Regulations). (Ord. 972, Sec. 2 (Exh. A), 2017; Ord. 897, Sec. 2 (Exh. A), 2013; Ord. 833, Sec. 2 (Exh. A), 2010; Ord. 778, Sec. 2, 2008)

14.80.080 Docks and Over-Water Structures.

Building permits shall be required for all docks, bridges or other over-water structures and shall comply with the regulations of this title. (Ord. 972, Sec. 2 (Exh. A), 2017; Ord. 897, Sec. 2 (Exh. A), 2013; Ord. 833, Sec. 2 (Exh. A), 2010; Ord. 778, Sec. 2, 2008)

14.80.090 Signs.

Building permits shall be required for sign installations and shall comply with the regulations of Chapter [14.68](#) (Signs). (Ord. 1063, Sec. 2 (Exh. B), 2019; Ord. 972, Sec. 2 (Exh. A), 2017; Ord. 897, Sec. 2 (Exh. A), 2013; Ord. 833, Sec. 2 (Exh. A), 2010; Ord. 778, Sec. 2, 2008. Formerly 14.80.110)

14.80.100 Repairs and Maintenance.

Nothing in this code shall be deemed to prevent the strengthening or restoring to a safe condition of any building or part thereof declared to be unsafe by any official charged with protecting public safety, upon order of such official, nor to prevent the improvement of a single-family house without expanding its exterior dimensions. (Ord. 1063, Sec. 2 (Exh. B), 2019; Ord. 972, Sec. 2 (Exh. A), 2017; Ord. 897, Sec. 2 (Exh. A), 2013; Ord. 833, Sec. 2 (Exh. A), 2010; Ord. 778, Sec. 2, 2008. Formerly 14.80.120)

14.80.110 Certificate of Occupancy.

No building or structure shall be used or occupied until the Building Official has issued a certificate of occupancy except for accessory structures. Prior to the issuance of a certificate of occupancy all completed projects shall be accepted by the Planning and Public Works Departments. No certificate of occupancy may be issued for any dwelling units in a subdivision until all improvements required by a permit or this title have been completed, even where a completion security has been posted. (Ord. 1063, Sec. 2 (Exh. B), 2019; Ord. 972, Sec. 2 (Exh. A), 2017; Ord. 897, Sec. 2 (Exh. A), 2013; Ord. 833, Sec. 2 (Exh. A), 2010; Ord. 778, Sec. 2, 2008; Ord. 746, Sec. 13, 2007. Formerly 14.80.130)

14.80.120 Inspection of Improvements.

Prior to signing off the final inspection, the Building Official shall inspect all improvements on or adjacent to the site installed as a requirement of this title or as a condition of a permit. Any improvements found to be damaged by the builder shall be repaired prior to receiving final inspection sign-off. (Ord. 1063, Sec. 2 (Exh. B), 2019; Ord. 972, Sec. 2 (Exh. A), 2017; Ord. 897, Sec. 2 (Exh. A), 2013; Ord. 833, Sec. 2 (Exh. A), 2010; Ord. 778, Sec. 2, 2008. Formerly 14.80.140)

14.80.150 Fire-Extinguishing Systems.

Repealed by Ord. 778.

14.80.160 Automatic Fire-Extinguishing Systems Required.

Repealed by Ord. 778.

14.80.170 Installation.

Repealed by Ord. 778.

14.80.180 Sprinkler System Monitoring and Alarms.

Repealed by Ord. 778. (Ord. 694, Sec. 1, 2004; Ord. 657, Sec. 2, 2001; Ord. 501, 1995; Ord. 468, 1995)

Chapter 14.84 FIRE CODE

Sections:

14.84.010	Definitions
14.84.020	International Fire Code 2015 Edition Adopted
14.84.030	Applicability
14.84.040	Fire Marshal Approval

14.84.180	Fire Apparatus Access Roads
14.84.190	Address Identification

14.84.010 Definitions.

Chapter [14.08](#) contains definitions of terms and abbreviations used in this chapter if more specific than those in the International Fire Code. (Ord. 897, Sec. 3 (Exh. B), 2013; Ord. 833, Sec. 3 (Exh. B), 2010; Ord. 775, Sec. 16, 2008)

14.84.020 International Fire Code 2018 Edition Adopted.

(a) Except for those portions specified in subsection (b) of this section, the International Fire Code 2018 Edition is hereby adopted in its entirety as adopted by the State of Washington for the purpose of describing regulations governing conditions hazardous to life and property, fire or explosion. Henceforth, the International Fire Code 2018 Edition shall be referred to as the IFC.

(b) The IFC is changed in the following respects:

- (1) All adoptable appendices to the IFC, except Appendices A, J and L, are hereby adopted, incorporated by reference and made a part hereof as if fully set forth in this

section. Where conflicts occur between the adopted appendices and Lake Stevens Municipal Code, Lake Stevens Municipal Code shall apply. (Ord. 897, Sec. 3 (Exh. B), 2013; Ord. 833, Sec. 3 (Exh. B), 2010; Ord. 775, Sec. 16, 2008)

14.84.030 Applicability.

The provisions of this chapter shall be in addition to the IFC 2018 Edition or current edition as adopted by the City of Lake Stevens pursuant to Section [14.84.020](#), and shall apply to all buildings, structures, conditions and operations in accordance with section 102 of the IFC constructed or developed within the City limits, wherein the same shall be served by water mains and fire hydrants capable of delivering the required fire flow and installed as required by this chapter unless specifically exempted thereby, or unless waived or modified by the Fire Marshal pursuant to Section [14.84.100](#) (Modification). Decisions of the Fire Marshal are deemed to be made in the best interest, and with the concurrence, of an affected Fire District in the absence of any credible evidence to the contrary. A final determination of any dispute relating to an aforementioned Fire Marshal decision shall be made by an Appeals Board established by the City Council. (Ord. 897, Sec. 3 (Exh. B), 2013; Ord. 833, Sec. 3 (Exh. B), 2010; Ord. 775, Sec. 16, 2008)

14.84.040 Fire Marshal Approval.

No project subject to this chapter shall have final approval until the Fire Marshal has verified that the provisions of this chapter are satisfied. (Ord. 897, Sec. 3 (Exh. B), 2013; Ord. 833, Sec. 3 (Exh. B), 2010; Ord. 775, Sec. 16, 2008)

14.84.050 Hydrants to Be Served by Recognized Water Purveyor.

All water mains and fire hydrants required here under shall be served by a recognized water purveyor or, in the absence of such, by alternate method(s) as approved by the Fire Marshal, except residential accessory buildings classified under the International Building Code as U with a lot size of 20,000 square feet or greater, whether platted or un-platted, provided there is no conflict with the requirements of the recognized water purveyor serving the building site. (Ord. 897, Sec. 3 (Exh. B), 2013; Ord. 833, Sec. 3 (Exh. B), 2010; Ord. 775, Sec. 16, 2008)

14.84.060 Hydrant Standards.

- (a) Every development (subdivided or un-subdivided) that is served by a public water system shall include a system of fire hydrants sufficient to provide adequate fire protection for the buildings located or intended to be located within such development.
- (b) The presumption established by this chapter is that to satisfy the standards set forth in subsection (c) of this section.

(c) The following hydrant standards shall apply as set forth herein unless waived or modified pursuant to Section [14.84.100](#) (Modification).

(1) Type. Any new hydrant installations under this chapter shall have not less than a five-inch main valve opening, two hose outlets having nominal diameters of two and one-half inches National Standard Thread (NST), and one engine port outlet having a nominal diameter of four and one-half inches NST fitted with a four-inch Storz coupling. All hydrant threads shall be National Standard Threads with seven and one-half threads per inch for two-and-one-half-inch hose outlets and four threads per inch for four-and-one-half-inch engine port outlets. Water lines that serve hydrants shall be at least six-inch lines, and, unless no other practicable alternative is available, no such lines shall be dead-end lines. If the hydrant is connected to a dead-end main line, the dead-end lines shall be a minimum of eight inches to the hydrant tee, or larger if necessary to provide required fire flows and be approved by the local water purveyor and the Fire Marshal.

(2) Spacing.

(i) Within areas exclusively developed or being exclusively developed for one and two family dwellings and U occupancy, maximum distance from a fire hydrant to a dwelling unit shall be 300 feet along a roadway. The maximum distance between hydrants in these areas shall be no greater than 600 feet.

(ii) For all other occupancy types, the maximum distance from a fire hydrant to a structure shall be 150 feet along a roadway. The maximum distance between hydrants in these areas shall be no greater than 300 feet.

(iii) When any portion of a commercial structure to be protected is in excess of 150 feet from a hydrant on a public street and when required by the Fire Marshal, there shall be provided on-site fire hydrants and mains capable of supplying the required fire flow. Water supply may consist of reservoirs, pressure tanks, elevator tanks, water mains or other fixed systems capable of supplying the required fire flow as approved by the Fire Marshal and the recognized water purveyor having jurisdiction over said project.

(3) Location.

(i) Hydrants shall be located at street intersections; provided, that when such location results in spacing distances greater than allowed by this section, additional hydrants may be required between intersections; provided further, that when the

required fire flow is greater than 2,000 gallons per minute (GPM), the number and location of hydrants shall be approved by the Fire Marshal.

(ii) For commercial buildings:

- a. The minimum number of public and private hydrants required shall be determined by Table C102.1 of the IFC.
- b. Hydrants shall be located no less than 40 feet from the building to be protected. Where hydrants cannot be located in accordance with this section, hydrant placement to include the use of wall hydrants shall be coordinated with the Fire Marshal. .
- c. A hydrant shall be located not more than 25 feet from a fire department connection (FDC).

(iii) All hydrants shall be accessible to Fire Department apparatus by roadways meeting the requirements of Appendix D of the IFC and LSMC 14.84.180.

(iv) When fire protection facilities are to be installed by the developer or permittee, such facilities shall be installed prior to any combustible construction being installed on site. Water mains and fire hydrants shall be capable of delivering the required fire flow to the site and shall remain the responsibility of the developer until accepted by the recognized water purveyors. When alternate provisions for protection are provided pursuant to Section [14.84.100](#) (Modification) the above requirements may be modified.

(v) When locating hydrants, consideration shall be given to:

- a. Hazardous operations and the practicality of sound fire service practices (fences, roadways, barriers to operation, etc.);
- b. The recommended location preferred by the water purveyor;
- c. The required five-foot vehicle clear zone on each side of each hydrant.

(4) Installation. Hydrants shall stand plumb and be set to the finished grade. The bottom of the lowest outlet of the hydrant shall be no less than 18 inches or more than 36 inches above the grade. There shall be a 36-inch radius of clear area about the hydrant for the operation of hydrant wrench on the outlets and the control valve. The engine port shall face the street or, where the street cannot be clearly identified, shall

face the most likely location of a fire truck while pumping, as determined by the Fire Marshal.

(d) Fire hydrants shall be protected from damage. Internal maintenance of public fire hydrants shall be the responsibility of the recognized water purveyor. Private hydrants shall be protected and maintained in accordance with NFPA 25. (Ord. 897, Sec. 3 (Exh. B), 2013; Ord. 833, Sec. 3 (Exh. B), 2010; Ord. 775, Sec. 16, 2008)

14.84.070 Piping and Flow Standards.

The following standards relating to water mains, hydrant branches, and fire flow shall apply, unless modified pursuant to Section [14.84.100](#) by the Fire Marshal:

(a) Hydrant Branches. Hydrant branches shall not have a domestic supply outlet and shall meet the design standards of the Snohomish County Public Utilities District No. 1.

(b) Service Main. New or replaced water mains serving fire hydrants shall meet the design standards of the Snohomish County Public Utilities District No. 1.

(c) Flow Requirements. Service mains supplying hydrants shall be designed to provide not less than 500 GPM at 20 pounds per square inch residual pressure over and above the computed maximum daily domestic consumption for the period of time specified in the Washington Survey and Rating Bureau's Grading Schedule, Table 4. In addition, service mains supplying hydrants shall provide the fire flow required to each building covered thereby at the number of GPM specified in IFC, Appendix B, except as to single-family dwellings. The Fire Marshal may require data or design standards from a registered professional engineer, and construction in accordance therewith, in order to assure that the fire flow required will be achieved. (Ord. 897, Sec. 3 (Exh. B), 2013; Ord. 833, Sec. 3 (Exh. B), 2010; Ord. 775, Sec. 16, 2008)

14.84.080 Plan Approval Required.

(a) Prior to the installation of any new hydrants or mains serving hydrants, the developer shall provide plans for review to the recognized water purveyor and Fire Marshal.

(b) Upon completed installation, and acceptance by the recognized water purveyor and the Fire Marshal, the Fire Marshal shall be provided with two copies of the accurate and identifiable as-built drawings or plans showing the location of all mains, hydrant branches, valves and fire hydrants installed. (Ord. 897, Sec. 3 (Exh. B), 2013; Ord. 833, Sec. 3 (Exh. B), 2010; Ord. 775, Sec. 16, 2008)

14.84.090 Plan Submittal Review.

The Fire Marshal, prior to the issuance of a construction permit for any new or altered commercial building, plat development or residential complex, shall certify that the plans have been reviewed. If the plans are found to be in compliance with this chapter, IFC and applicable standards, a notice of approval for issuance of a building permit shall be forwarded to the Building Official. Such approval shall be based on the provisions of this chapter being satisfied either:

- (a) Prior to start of any construction;
- (b) Prior to the issuance of the certificate of occupancy for the building. (Ord. 897, Sec. 3 (Exh. B), 2013; Ord. 833, Sec. 3 (Exh. B), 2010; Ord. 775, Sec. 16, 2008)
- (c) All applications for construction permits referenced in IFC Section 105.7 shall include the following:

- (1) Completed City of Lake Stevens Permit application.
- (2) Cut sheets for all devices to be altered or installed
- (3) Shop drawings, floor plans and working plans with all notes, legends and calculations per applicable NFPA standard as referenced in Chapter 9 of the IFC.
- (4) Evidence of contractor/system designer qualification.
 - (i) Sprinkler system: System designer, installer, and ITM personnel qualifications shall be in compliance with WAC 12-80 and RCW 18.160.
 - (ii) Fire alarm system: System designer, installer and ITM personnel qualifications shall be in compliance with section 907.11 of the IFC.
 - (iii) Hood suppression system: System designer, installer and ITM personnel shall be trained and certified by the manufacturer of the system for which design or work is to be performed.

14.84.100 Modification.

- (a) Where there are practical difficulties involved in carrying out the provisions of this code or provisions of the IFC, the Fire Marshal shall have the authority to grant modifications for individual cases, provided the Fire Marshal shall first find that special individual reason makes the strict letter of this code or provisions of the IFC impractical and the modification is in compliance with the intent and purpose of this code and that such modification does not lessen health, life and fire safety requirements.

(b) Modification requests shall be in writing, state the reasons therefore, and be provided to the Fire Marshal for review. A completed fire code modification application is required to be submitted as notice of written request. (Ord. 897, Sec. 3 (Exh. B), 2013; Ord. 833, Sec. 3 (Exh. B), 2010; Ord. 775, Sec. 16, 2008)

14.84.110 Obstruction Prohibited - Declared Nuisance - Abatement.

Obstructing the view, by any means, of a fire hydrant for a distance of 75 feet from any direction of vehicular approach is prohibited. Any violation of this section is declared a public nuisance, subject to immediate abatement and application of the civil penalty provided for herein. (Ord. 897, Sec. 3 (Exh. B), 2013; Ord. 833, Sec. 3 (Exh. B), 2010; Ord. 775, Sec. 16, 2008)

14.84.120 Authority of Water Purveyor.

Nothing in this chapter, nor any rules and regulations as may be adopted by the Fire Marshal pursuant to this chapter, shall be construed to prohibit water purveyors from imposing more stringent requirements for the construction of water mains and fire hydrants. (Ord. 897, Sec. 3 (Exh. B), 2013; Ord. 833, Sec. 3 (Exh. B), 2010; Ord. 775, Sec. 16, 2008)

14.84.130 Section 903 of the IFC Superseded.

Repealed

14.84.140 Key Box System.

(a) An approved key box system shall be required on all new and existing commercial buildings, and shall meet the following requirements in addition to section 506 of the IFC.

(1) The type and model key box system required *shall* be The Knox Company and based on the criteria listed below:

(i) Buildings with less than five stories: Model 3200 series with side hinge.

(ii) Hazardous Materials Facilities with site specific plans per Snohomish County LEPC: Data Storage Cabinet.

(iii) Buildings of five or more stories: Data Storage Cabinet.

The Fire Marshal *may* approve other data storage boxes and Hazardous Material Data Cabinets which are equivalent to those listed herein.

(iv) Keys to the riser room, main entrance, fire alarm panel, pull stations, elevator and other building equipment rooms are to be locked inside the key box.

(v) Whenever the main entrance is located more than 100 feet away from the riser room key box, a second key box shall be installed at the main entrance.

(vi) Key boxes shall be mounted within 5 feet of the door to be served and at a height no more than 5 feet off of the finished floor or as approved by the fire marshal.

(

Repealed

14.84.150 Automatic Sprinkler Systems.

(a) In addition to the requirements of section 903 of the IFC, approved automatic sprinkler systems shall be provided when any of the following conditions are met:

(1) All newly constructed buildings in excess of 10,000 square feet shall be provided with an approved automatic sprinkler system.

(2) Any existing building that is modified to increase the square footage of the structure shall be provided with an approved sprinkler system if the total square footage of the new and existing areas exceeds 10,000 square feet.(b) Fire department connections and fire sprinkler riser rooms shall comply with the following:

(1) The Fire Department Connections shall not be attached to an exterior wall of the protected structure. The location of the Fire Department Connections shall be approved by the Fire Marshal.

(2) Rooms housing the control valves and sprinkler riser(s) shall be located in such a manner as to allow the door to exit directly to the outside of the structure and be a separate and distinct room. The room shall not be used for the storage of any material. This standard is not required in R-3, R-4 or IRC occupancies.

Repealed

14.84.160 Installation Requirements.

Repealed

14.84.170 Fire Alarm and Detection System.

(a) Systems. All new fire alarm systems shall be addressable systems. Only one fire panel per building, a fire wall or other means of separation for this purpose does not constitute two separate spaces requiring individual panels, unless approved by the Fire Marshal. Combination alarms will not be allowed within the City Limits. For purpose of this section, combination alarm shall include devices combining burglary and fire alarms, devices combining burglary and hold-

up alarms, and devices combining burglary and trouble alarms. There must be a distinct separation in the transmittal of any specific alarm activation. Fire alarm control panels shall be installed in the sprinkler riser room and an annunciator panel shall be installed at the main entrance. For non-sprinklered buildings, the FACP location shall be approved by the Fire Marshal.

(b) Repealed

(c) Signals. Alarm, supervisory and trouble signals shall be distinctly different and shall be automatically transmitted to an UL listed central station, remote supervising station or proprietary supervising station as defined in NFPA 72.

Exceptions:

(1) Underground key or hub valves in roadway boxes provided by the City of Lake Stevens or public utility are not required to be monitored.

(2) Backflow prevention device test valves, located in limited area sprinkler system supply piping, shall be locked in the open position. In occupancies required to be equipped with a fire alarm system, the backflow preventer valves shall be electrically supervised by a tamper switch installed in accordance with NFPA 72 and separately annunciated.

(d) Occupant Notification. Where a fire alarm control panel is installed for the purpose of sprinkler water flow or alternative automatic fire-extinguishing system monitoring, the protected premise shall be provided with occupant notification in accordance with NFPA 72.

Repealed

14.84.180 Fire Apparatus Access Roads.

(a) Where Required. Fire apparatus access roads shall be provided and maintained in accordance with Sections (a)(1) through (a)(3).

(1) Buildings and facilities. Approved fire apparatus access roads shall be provided for every facility, building or portion of a building hereafter constructed or moved into or within the jurisdiction. The fire apparatus access road shall comply with the requirements of this section and shall extend to within 150 feet (45 720 mm) of all portions of the facility and all portions of the exterior walls of the first story of the building as measured by an approved route around the exterior of the building or facility. For the purpose of this section, residential private drives and residential shared access drives shall not constitute as an approved fire apparatus access road.

Exceptions:

1. The Fire Marshal is authorized to increase the dimension of 150 feet (45 720 mm) where any of the following conditions occur:

1.1. The building is equipped throughout with an approved automatic sprinkler system installed in accordance with LSMC 14.84.150

1.2. Fire apparatus access roads cannot be installed because of location on property, topography, waterways, nonnegotiable grades or other similar conditions, and an *approved* alternative means of fire protection is provided.

2. Where approved by the Fire Marshal, fire apparatus access roads shall be permitted to be exempted or modified for solar photovoltaic power generation facilities.

(2) Additional access. The Fire Marshal is authorized to require more than one fire apparatus access road based on the potential for impairment of a single road by vehicle congestion, condition of terrain, climatic conditions or other factors that could limit access.

(3) High-piled storage. Fire department vehicle access to buildings used for high-piled combustible storage shall comply with the applicable provisions of Chapter 32 of the IFC 2015 Edition.

(b) Specifications. Fire apparatus access roads shall be installed and arranged in accordance with Sections (b)(1) through (b)(8).

(1) Dimensions. Fire apparatus access roads shall have an unobstructed width of not less than 20 feet (6096mm), exclusive of shoulders, except for approved security gates in accordance with Section 503.6 of the IFC 2015 Edition, and an unobstructed vertical clearance of not less than 13 feet 6 inches (4115 mm).

(2) Authority. The Fire Marshal shall have the authority to require or permit modifications to the required access widths where they are inadequate for fire or rescue operations or where necessary to meet the public safety objectives of the jurisdiction.

(3) Surface. Fire apparatus access roads shall be designed and maintained to support the imposed loads of fire apparatus and shall be surfaced so as to provide all-weather driving capabilities.

(4) Turning radius. The required turning radius of a fire apparatus access road shall be determined by the Fire Marshal.

(5) Dead ends. Dead-end fire apparatus access roads in excess of 150 feet (45 720 mm) in length shall be provided with an approved area for turning around fire apparatus.

(6) Bridges and elevated surfaces. Where a bridge or an elevated surface is part of a fire apparatus access road, the bridge shall be constructed and maintained in accordance with

AASHTO HB-17. Bridges and elevated surfaces shall be designed for a live load sufficient to carry the imposed loads of fire apparatus. Vehicle load limits shall be posted at both entrances to bridges where required by the Fire Marshal. Where elevated surfaces designed for emergency vehicle use are adjacent to surfaces that are not designed for such use, approved barriers, approved signs or both shall be installed and maintained where required by the Fire Marshal.

(7) Grade. The grade of the fire apparatus access road shall be within the limits established by the Fire Marshal based on the fire department's apparatus.

(8) Angles of approach and departure. The angles of approach and departure for fire apparatus access roads shall be within the limits established by the Fire Marshal based on the fire department's apparatus.

(c) Marking. Fire lanes shall be marked with painting/outlining or signage or a combination thereof as outlined below. Requirements for fire lanes to be marked using both paint and signs in conjunction shall be determined by the Fire Marshal. Said specifications shall include, but are not limited to the following:

(1) Signs shall measure 12 inches by 18 inches and have red letters on a white reflective background.

(2) Signs shall be metal construction only. Plastic or wooden signs are not acceptable.

(3) Signs shall be mounted at a minimum height of four (4) feet to the maximum of seven (7) feet.

(4) Signs shall be placed along the fire lane at intervals not to exceed one hundred (100) feet and as designated by the Fire Marshal.

(5) Signs and striping shall be required on both sides of a fire lane when the fire lane is less than twenty-six (26) feet in width.

(6) Outlining or painting the fire lane and hydrant zone on the roadway surfaces shall be done as follows:

(i) Curb top and side shall be painted red and the words, "NO PARKING-FIRE LANE" shall be stenciled in reflective white on the top and side of all red curbs at a maximum interval of 50 feet. Letters shall be a minimum of three inches (3") in height with a minimum $\frac{3}{4}$ inch stroke.

(ii) Alternatively, if the roadway has no curbing, a 6 inch wide red stripe with the words "NO PARKING-FIRE LANE" in reflective white may be painted along the

curb and parallel with the roadway. The lettering shall be a minimum 3 inches high with a $\frac{3}{4}$ inch stroke.

NO PARKING-FIRE LANE

(7) Existing fire lanes shall continue in effect as installed until such time as they are in need of re-stripping due to wear or re-paving. Responsibility for properly maintaining the fire lanes and signs shall be that of the owner of the property or owner's designee.

(d) Obstruction of fire apparatus access roads. Fire apparatus access roads shall not be obstructed in any manner, including the parking of vehicles. The minimum widths and clearances established in Sections (b)(1) and (b)(2) shall be maintained at all times.

(1) Traffic calming devices. Traffic calming devices shall be prohibited unless approved by the Fire Marshal.

14.84.190 Address Identification

(a) In addition to the requirements of section 505 of the IFC, new and existing buildings shall be provided with approved address numbers or letters. The size of each character shall be as specified in Table 14.84.190.1. They shall be installed on a contrasting background and be plainly visible from the street or road fronting the property. When required by the code official, address numbers shall be provided in additional approved locations to facilitate emergency response. Where access is by means of a private road and the building address cannot be viewed from the public way, a monument, pole or other approved sign or means shall be used to identify the structure. Address numbers shall be maintained.

Table 14.84.190.1 Address Numbering Size Table

DISTANCE FROM STREET OR ROAD	MINIMUM SIZE
0 – 50 feet	6" H x $\frac{3}{4}$ " Stroke Width
51 – 150 feet	8" H x 1" Stroke Width
151 – 200 feet	10" H x 1 $\frac{1}{4}$ " Stroke Width
201 feet and farther	12" H x 1 $\frac{1}{2}$ " Stroke Width
