Smart911

The Lake Stevens Police Department uses Smart911 in collaboration with Snohomish County 9-1-1 to provide the best emergency response to all residents of Lake Stevens. With Smart911, when you call 9-1-1, your Smart911 Safety Profile displays on the 9-1-1 screen and the 9-1-1 call takers can view your addresses, medical information, home information, description of pets and vehicles, and emergency contacts.

You can provide as much or as little information as you like. Smart911 is a national service meaning your Smart911 Safety Profile travels with you and is visible to any participating 9-1-1 center nationwide. Please see the back of this newsletter for a flyer you can put up in your home with contact information on Smart911 and how to contact the Lake Stevens Police Department.
