

## Request for Fire Construction Permit Time Extension

Snohomish Regional Fire & Rescue Division of Fire & Life Safety recognizes that some fire construction permits may need additional time to get completed. In these cases an extension of time may be granted on a case-by-case basis. Note - an approved extension is limited to 180 days and must be requested prior to permit expiration. Please complete the fields below.

Date of Request: \_\_\_\_\_

Applicant's Name: \_\_\_\_\_
