**To:** City Council

**FROM:** Barbara Stevens, Finance Director

**SUBJECT:** November 2025 Financial Report

**DATE:** December 24, 2025

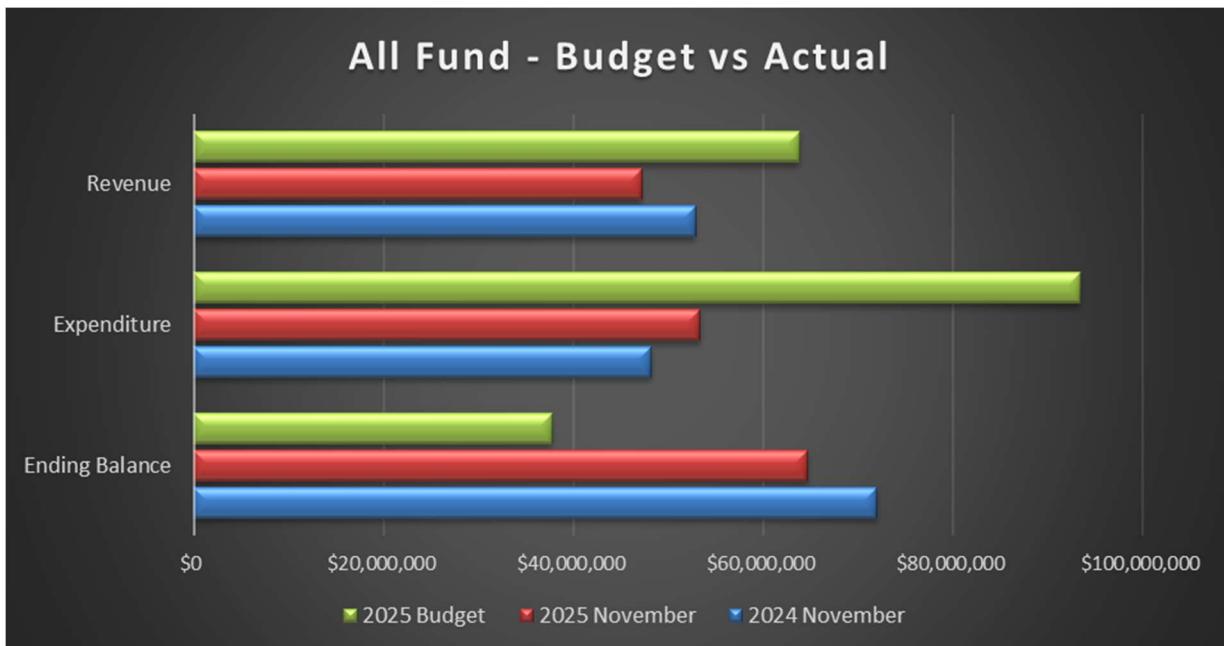

## All Funds

### **Overview:**

Overall, the City ended November 2025 with a fund balance of \$64,695,062. Revenues were \$47,235,782 (74%) and expenses were \$53,351,418 (57%).

Revenue and Expense comparisons over 2024 are skewed due to the receipt of bond funds for the Civic Campus property in 2024. Removing that extraordinary transaction, revenues increased 10% over the prior year. Overall, the citywide fund balance is 10% lower than the same period in 2024 due to capital project expenses.

### Transportation Benefit Fund:

The Transportation Benefit District was created on January 1, 2019, for the purpose of acquiring, constructing, improving, providing, and funding transportation improvements. Shortly after, the City followed RCW 36.74 and assumed the rights, powers, functions, and obligations of the district, eliminating the need for a separate entity and creating a Transportation Benefit Fund to account for all program transactions.

Voters approved a 0.2% sales tax or two cents on a \$10 purchase that became effective April 1, 2023. This funding method means visitors who shop, dine, or recreate in Lake Stevens also help pay for city sidewalks, roads, and trails they use. The tax is projected to raise approximately \$1.5 million per year for projects and matching funds for larger grants.

#### **Revenues:**

The Transportation Benefit Fund revenues were at 76%, or \$1,837,490. The main revenue source is from transportation benefit tax, which the city began to receive in June. Anticipated funding also includes grants.

## Citywide Fund Summary

Funds are classified based on their function as follows:

- **Current Expense Funds** – General Fund
  - There may only be one General Fund for reporting purposes, but managerial funds are allowed for the purpose of tracking transactions assigned to a specific use. Most revenues in the current expense fund are unrestricted.
- **Special Revenue Funds** – Street Fund and Transportation Benefit Program
  - Uses are restricted for a specific purpose
- **Debt Service Funds** – Used to pay outstanding debt service for bonds and loans
- **Capital Project Funds** – Mitigation/Impact Fees, Real Estate Excise Tax, Project Specific
  - These funds are used to track and report revenues and expenditures related to capital projects. Revenues are generally restricted to use on capital projects listed in the Comprehensive/Capital Improvement Plan (CIP). Additional restrictions apply to certain revenue sources.
- **Enterprise (Utility) Funds** – Sewer and Storm & Surface Water Funds
  - The Sewer fund is used to receipt and pay debt service on loans held by the City on behalf of the Sewer District. The City invoices the District prior to paying the debt invoices.
  - The Storm & Surface Water Funds are self-sustaining, meaning fees are charged to cover their expenses, and those revenues must not be comingled with other funds or pay for any expenses not related to the function of the fund. Allocations of expenses such as administrative and overhead are allowed but must be justified and reasonable.
- **Internal Service Fund** – Unemployment, IT, and Equipment
  - These funds receive allocated contributions from the General, Street, and Stormwater funds to build a reserve for future purchases and replacements.
  - The City uses a “pay-as-you-go” method for Unemployment rather than taking part in an insurance-type program. As such funds are allocated based on policy and paid from this fund when claims are made.
- **Fiduciary/Trust** – Treasurer’s Trust Fund
  - Funds are held in trust until passed thru to the final recipient. Money does not belong to the City. Revenue sources include court fees, state share of taxes, and fire fees.
